Love Desperados:

iVillager Abba Gony Mustafa,2018-11-27 It has taken me a thirty year journey from my dusty village Kokoland to reach America the land of Uncle Sam Both Kokoland and America belong to planet Earth but they are two different worlds and neither one knows about the existence of the other Few people in my village have the slightest clue about life in America To them the village might as well be the center of the universe I m one of few lucky or unlucky ones depending on how you look at it who happened to miraculously have had the opportunity to live in both worlds It goes without saying that I can also speak with confidence that my level of confusion is unparalleled as you will find in this book Once I had confused Elvis Presley the King for Yuri Gagarin the Russian Astronaut In fact there are people in Kokoland who still believe so What difference will that make anyway when folks still believe that the Earth is flat Agape and Personhood David L.

Goicoechea,2011-06-01 Goicoechea shows how the three traits of personhood that all persons are equal in dignity that each is unique and that all persons are interpersonal is rooted in that love which is agape This love between the three persons of the One God is examined existentially as mother lived it out in her love and personal growth It is examined philosophically with Kierkegaard as he explains the logic of reconciling love which can happen when I love the other even my enemy as more important than myself The logic of reconciling love is then examined in Paul s seven authentic letters The history of how humans became seen as persons and how this idea developed in the West is then examined through nine moments of history
