## **Mackerels In The Moonlight:**

**Mackerels in the Moonlight** Gerald Leinwand, 2004-08-31 Political corruption is easy to define the use of public office for private gain but it isn't so readily seen because politicians cover their tracks so well Four of America's most corrupt mayors and their shady dealings are covered in this work Big Bill Thompson who was mayor of Chicago three times is considered America's worst mayor having among other questionable activities accepted support from gangster Al Capone Frank Hague of Jersey City described his town as the moralest city in the nation and banished prostitution and pornography but he saw no evil in gambling and Jersey City became a gambling mecca Jimmy Walker of New York City was a good time mayor and did well as the city prospered but cared little for the city's money and his own when the Great Depression struck James Michael Curley of Boston openly asserted that politics is my business but he flaunted a lavish home built entirely at the public's expense and was elected again and again once while he was still in jail **The Life & Times of Jersey City Mayor Frank Hague** Leonard F. Vernon, 2011-11-18 Frank Hague served as the mayor of Jersey City for much of the early twentieth century While some believed him a thief others viewed him as a modern day Robin Hood He could put food on your table or triple your taxes give you a job or end your career It was with this same ease and power that he could make you a federal judge a congressman or even a United States senator He has been remembered including through a character on the popular TV drama Boardwalk Empire as one of the most corrupt politicians of the century But in this biography Leonard Vernon reexamines Hague's deeds prompting a new understanding of his life and the memory of politicians of the era Leadership Matters Thomas E. Cronin, Michael A. Genovese, 2015-11-17 Some leaders fundamentally alter the status quo whilst others guide quietly Most leadership books emphasise specific rules but Tom Cronin and Michael Genovese see leadership as filled with paradox Leadership Matters offers a different view of leadership one that builds community and responds creatively to new situations Cronin and Genovese argue that leadership is about more than just charisma and set leaders on to a different path to unleash the power of paradox **Moral Apologetics for Contemporary Christians** Mark Coppenger, Mark T. Coppenger, 2011 A respected Christian apologist thoughtfully pushes back against critics of the faith as well as cultural relativists arguing that Christianity is morally superior to its competitors and above all true The Allure of Toxic Leaders Jean Lipman-Blumen, 2006-10-16 Toxic leaders both political like Slobodan Milosevic and corporate like Enron's Ken Lay have always been with us and many books have been written to explain what makes them tick Here leadership scholar Jean Lipman Blumen explains what makes the followers tick exploring why people will tolerate and remain loyal to leaders who are destructive to their organizations their employees or their nations Why do we knowingly follow seldom unseat frequently prefer and sometimes even create toxic leaders Lipman Blumen argues that these leaders appeal to our deepest needs playing on our anxieties and fears on our yearnings for security high self esteem and significance and on our desire for noble enterprises and immortality She also explores how followers inadvertently keep themselves in line by a set of insidious

control myths that they internalize For example the belief that the leader must necessarily be in a position to know more than the followers often stills their objections In addition outside forces such as economic depressions political upheavals or a crisis in a company can increase our anxiety and our longing for charismatic leaders Lipman Blumen shows how followers can learn critical lessons for the future and survive in the meantime She discusses how to confront reform undermine blow the whistle on or oust a toxic leader And she suggests how we can diminish our need for strong leaders identify reluctant leaders among competent followers and even nurture the leader within ourselves Toxic leaders charm manipulate mistreat weaken and ultimately devastate their followers The Allure of Toxic Leaders tells us how to recognize these leaders before it s too late

**Politics, Police and Crime in New York During Prohibition** Francesco Landolfi, 2022-07-22 This book aims to highlight the causes why the Prohibition Era led to an evolution of the New York mob from a rural ethnic and small scale to an urban American and wide scale crime The temperance project advocated by the WASP elite since the early nineteenth century turned into prohibition only after the end of WWI with the enactment of the Eighteenth Amendment By considering the success that war prohibition made to the soldiers psychophysical condition Congress aimed to shift this political move even to civil society So it was that the Italian Irish and Jewish mobs took the chance to spread their bribe system to local politics due to the lucrative alcohol bootlegging New York became the core of the national anti prohibition where the smuggling from Canada and Europe merged into the legendary Manhattan nightclubs and speakeasies With the coming of the Great Depression the Republican Party was aware about the failure of this political measure leading to the making of a new corporate underworld The book is addressed to historians of New York historians of crime and historians of modern America as well as to an audience of readers interested in the history of the Prohibition Era
