North American Indian Tribes of the Great Lakes Michael G Johnson, 2011-04-19 The Great Lakes were the main arena for the fur trade in colonial

North America which drew European explorers and trappers deep into the northern USA and Canada from the 17th century onwards. The desire to control the supply of this luxury item sparked wars between Britain and France as well as conflicts between rival tribes and the newly formed United States of America which continued until 1840. The main tribes of the area were the Huron, Dakota, Sauk and Fox, Miami and Shawnee. All were drawn into the conflicts throughout the Great Lakes region during the French Indian War 1754-1763 as well as the American Revolution. These conflicts culminated in Black Hawk's War of 1832 as Native American tribes attempted to resist the loss of their lands to white settlers in what is now Illinois, Iowa and Wisconsin. The defeat of these tribes forever altered the climate of the central American states. This new addition to Osprey's coverage of Native American tribes details the growth of the fur trade in the Great Lakes area, the various skirmishes, battles and wars that were fought to control this vital trade and important trade area. With specially commissioned plates as well as photographs of locations and/or artifacts where available, expert author Michael Johnson also details the lives and material culture including clothing, equipment and weaponry of the local tribes themselves before their circumstances were irrevocably altered.

Public Library Catalog Juliette Yaakov, 2004. More than 8,000 books in the main volume. More than 2,400 new titles in annual paperbound supplements. More than 2,000 analytic entries for items in collections and anthologies.

Declarations of Independence James L. Erwin, 2006-11-30. From tax rebels to religious dissidents, it's amazing that the United States of America haven't fallen apart though it has not been for lack of trying. While the Confederate States of America is the best known secessionist movement in our history, the South is far from the only example of Americans declaring independence from Washington DC and the federal government. From runaway slaves to religious visionaries from Native Americans to tax shelter seeking wealthy, the quest for political, religious and economic independence has been a constant force in our country over the centuries.
