Holy Madness or Horrible Disgrace Dr. D. K. Olukoya, 2016-03-11 This is a highly prophetic book from the pen of a globally respected prophet. The book undertakes an incisive analysis of the present day dilemma as far as the thermometer of spiritual vitality is concerned. The author posits that it is either holy madness or horrible disgrace. This is a challenge to our generation. Dr. Daniel Olukoya has in the pages of this book spoken passionately to a generation that is fast missing out on the cutting edge of spiritual currency. The pages of *Holy Madness or Horrible Disgrace* sound an alarm to the careless, warn the lukewarm, and awake the dying conscience of believers who have lost touch with divine reality. This book will introduce far-reaching changes into your life. The content will challenge you to reject every form of disgrace.

The Director Should've Shot You Alan Dean Foster, 2023-06-20 The #1 New York Times bestselling prolific author recounts his storied career as one of the top novelizers of films and television in Hollywood. Author Alan Dean Foster is a Grand Master of Media Tie-In Fiction. He has written both original tie-ins and script novelizations since the 1970s, bringing his straightforwardness a favorite to readers but a nuisance to directors to his many projects. For Foster, Hollywood is a unique world that has allowed him to chat with Catwoman, ask out Diana Rigg, attend a movie screening with Alice Cooper, and have burgers and milkshakes with John Carpenter. To think he was almost a lawyer. In *The Director Should've Shot You*, Foster shares all the colorful stories behind his adaptations of films, TV shows, and video games. He had the honor of working on big-name properties like *Star Trek*, *Terminator*, and *The Thing*. He served as ghost writer for the novelization of the original *Star Wars* and got to write the sequel sort of. There are, of course, his lesser-known works like an adaptation of the special two-part abortion episode of *Maude* that never made it to print. And in between his work for Hollywood, he managed to become a hugely successful science fiction and fantasy author with series like the *Adventures of Pip Flinx* and the *Icerigger Trilogy*. With humor and wit, Foster retraces his path to Grand Master with all the successes, disappointments, and lumps he's taken along the way. In the process, he shines a spotlight on the unusual world of studio marketing in Hollywood. The result is a memoir that will have you looking at some of your favorite films in a whole new light. Praise for *The Director Should've Shot You*: Foster puts all this down in easygoing prose that is quite readable. I can't see how this book could not be a must-read, and indeed, it is. Must-reading, pure and simple.
