Douglas M. Snauffer, 2006-09-30 Crime dramas have been a staple of the television landscape since the advent of the medium. Along with comedies and soap operas, the police procedural made an easy transition from radio to TV, and starting with *Dragnet* in 1952, quickly became one of the most popular genres. Crime television has proven to be a fascinating reflection of changes and developments in the culture at large. In the 50s and early 60s, the square-jawed, just-the-facts detectives of *The Untouchables* and *The FBI* put police work in the best light possible. As the 60s gave way to the 70s, however, the depictions gained more subtle shading, and *The Streets of San Francisco*, *The Rockford Files*, and *Baretta* offered conflicted heroes in

more complex worlds This trend has of course continued in more recent decades with Steven Bochco's dramas seeking a new realism through frank depictions of language and sexuality on television In chronicling these developments and illustrating how the genre has reflected our ideas of crime and crime solving through the decades author Douglas Snauffer provides essential reading for any fan This work provides a comprehensive history of detective and police shows on television with among other elements production histories of seminal programs and interviews with some of the most important writers and producers of crime television Besides the shows listed above this volume will also discuss such programs as Peter Gunn The Mod Squad Hawaii Five O Columbo Starsky and Hutch Charlie's Angels Magnum P.I.
