There's a woman who speaks in all exclamation points, one enamored by her boyfriend's closet, a zombie reality TV star, a mother whose baby turns into Ethan Hawke, and a woman whose moods are printed on her forehead. Whether breathlessly enthusiastic, serenely calm, or really concentrating right now on their issues, Elizabeth Crane's characters shine a spotlight on our spirituality-starved, self-improvement-seeking, celebrity-obsessed culture. In her third collection of inventive short stories, Crane continues to ingeniously satirize our muddled quest for meaning in all the wrong places. Booklist: A well-crafted collection of short stories, one whose clarity of tone and theme unites each and every piece into a cohesive whole. At a time when it seems almost antediluvian to be optimistic, Crane's sincerity stands as a bewitching reminder that there is more to literature than tragedy. Bookslut: Zombies, time travelers, reality TV contestants, and even a few normalish folks populate the pages of Elizabeth Crane's quirky, charming new collection *PopMatters Tuesday Nights in 1980*. Molly Prentiss, 2016-04-05. An intoxicating Manhattan fairy tale. As affecting as it is absorbing. A thrilling debut. Kirkus Reviews: starred review. A vital, sensuous, edgy, and suspenseful tale of longing, rage, fear, compulsion, and love. Booklist: starred review. A transcendent debut novel that follows a critic, an artist, and a desirous, determined young woman as they find their way and ultimately collide amid the ever-evolving New York City art scene of the 1980s. Welcome to SoHo at the onset of the eighties, a gritty, not yet gentrified playground for artists and writers looking to make it in the big city. Among them: James Bennett, a synesthetic art critic for the New York Times whose unlikely condition enables him to describe art in profound, magical ways; and Raul Engales, an exiled Argentinian painter running from his past and the Dirty War that has enveloped his country. As the two men ascend in the downtown arts scene, dual tragedies strike, and each is faced with a loss that acutely affects his relationship to life and to art. It is not until they are inadvertently brought together by Lucy Olliason, a small-town beauty and Raul's muse, and a young orphan boy sent mysteriously from Buenos Aires, that James and Raul are able to rediscover some semblance of what they've lost. As inventive as Jennifer Egan's *A Visit From The Goon Squad* and as sweeping as Meg Wolitzer's *The Interestings*, *Tuesday Nights in 1980* boldly renders a complex moment when the meaning and nature of art is being all but upended, and New York City as a whole is reinventing itself. In risk-taking prose that is as powerful as it is playful, Molly Prentiss deftly explores the need for beauty, community, creation, and love in an ever-changing urban landscape.

Turn That Thing Off! Rose Burnett Bonczek, Roger Manix, David Storck, 2018-03-15. As personal technology becomes ever present in the classroom and rehearsal studio, its use and ubiquity is affecting the collaborative behaviors that should underpin actor training. How is the collaborative impulse being distracted, and what kind of solutions can re-establish its connections? The daily work of a theater practitioner thrives on an ability to connect, empathize, and participate with other artists. This is true at every level, from performing arts students to established professionals. As smartphones, social media, and other forms of digital connectedness become more and more embedded in daily life, they can inhibit these collaborative creative skills. *Turn That Thing Off: Collaboration and Technology in 21st Century Actor Training* explores ways to foster these

essential abilities paving the way for emerging performers to be more present available and generous in their work
