Madam President Kauder Marvin (author),1901 *Madam President* Nicolle Wallace,2016-04-05 Charlotte Kramer the 45th President of the United States has done the unprecedented in allowing a network news team to document a day in her life and that of her most senior staff But while twenty news cameras are embedded with the president the unthinkable happens five major attacks are leveled on US soil Her secretary of defense Melanie and her press secretary Dale must instantly jump into action in supporting the president and reassuring the country that the safety they treasure is in capable hands *Madam President* Catherine Thimmesh,2008 Takes a look at women in politics in the past present and future

Madam President: 2024 Lem Moyé,2023-11-14 The decline of an aging president shoves an untested vice president into leadership of both the nation and the world in *Madam President 2024* She is tested by shocking military moves of the Kremlin that strike into the heart of struggling Ukraine She must decide to act against the incursion within twenty four hours of her first day as legitimacy questions arise about the execution of the Constitution s 25th amendment concerning presidential succession The response to her decision leads to a staggering cost for the United States and she must convince a hostile and distrustful military to stand down from a total thermonuclear response and accept instead her out of the box solution It is a time unlike any other in American history It is the time of the first woman President of the United States This is just the first four days of the new Commander in Chief in the book *Madam President 2024* a new geopolitical thriller by award winning author Lem Moy due out in October 2023 **Robert's Rules of Order Newly Revised In Brief, 3rd edition** Henry M.

Madam President? Lori Cox Han, Caroline Heldman, 2020 Scholars and pundits alike have spent more than a little time speculating about why Hillary Clinton lost the presidency to Donald Trump in 2016 Their conclusions may differ but few would disagree that Clinton s nomination by a major party changed the political landscape in significant ways nor that the results of the 2016 election provoked a large number of women to run for office at all levels of government The genie is out of the bottle In this context the authors of *Madam President* critically analyze the barriers facing women on the road to the White House from gender stereotyping to biased media coverage the conflation of masculinity and the presidency gendered conceptions of leadership and more
