At the height of the Salazar dictatorship, options were scarce and the chances that Helena had of making her dreams come true were slim. But destiny presented her with people who would change her direction forever: an evil woman and two men. Two sweethearts who abandoned her in the name of war and who one day came back to confuse her life even further. Romain Gary Ralph Schoolcraft, 2012-05-26 In this book, Ralph Schoolcraft explores the extraordinary career of the modern French author, film director, and diplomat: a romantic and tragic figure whose fictions extended well beyond his books. Born Roman Kacew, he overcame an impoverished boyhood to become a French Resistance hero and win the coveted Goncourt Prize under the pseudonym and largely invented persona Romain Gary. Although he published such acclaimed works as *The Roots of Heaven* and *Promise at Dawn*, the Gaullist traditions that he defended in the world of French letters fell from favor and his critical fortunes suffered at the hands of a hostile press. Schoolcraft details Gary's frustrated struggle to evolve as a writer in the eye of a public that now considered him a known quantity. Identifying the daring strategies used by this mysterious character as he undertook an elaborate scheme to reach a new readership, Schoolcraft offers new insight into the dynamics of authorship and fame within the French literary institutions. In the early 1970s, Gary made his departure from the conservative literary establishment, publishing works that boasted a quirky, elliptical style under a variety of pseudonymous personae, the most successful of which was that of an Algerian immigrant by the name of Emile Ajar. Moving behind the mask of his new creation, Gary was able to win critical and popular acclaim and a second Goncourt in 1975. But as Schoolcraft suggests, Gary may have sold his shadow—that is, lost his authorial persona—by marketing

himself too effectively. Going so far as to recruit a cousin to stand in as the public face of this phantom author, Gary kept the secret of his true authorship until his violent death in 1980 from a self-inflicted gunshot wound. The press reacted with resentment over the scheme and he was shunned into the ranks of literary oddities. Schoolcraft draws from archives of the several thousand documents related to Gary housed at the French publishing firms of Gallimard and Mercure de France as well as the Butler Library at Columbia University. Exploring the depths of a story that has long remained shrouded in mystery, Romain Gary's *The Man Who Sold His Shadow* is as much a fascinating biographical sketch as it is a thought-provoking reflection on the assumptions made about identities in the public sphere. **Muslims and Jews in France** Maud S.

Mandel, 2016-08-02 This book traces the global, national, and local origins of the conflict between Muslims and Jews in France, challenging the belief that rising anti-Semitism in France is rooted solely in the unfolding crisis in Israel and Palestine. Maud Mandel shows how the conflict in fact emerged from processes internal to French society itself, even as it was shaped by affairs elsewhere, particularly in North Africa during the era of decolonization. Mandel examines moments in which conflicts between Muslims and Jews became a matter of concern to French police, the media, and an array of self-appointed spokesmen from both communities: Israel's War of Independence in 1948, France's decolonization of North Africa, the 1967 Arab-Israeli War, the 1968 student riots, and François Mitterrand's experiments with multiculturalism in the 1980s. She takes an in-depth, on-the-ground look at interethnic relations in Marseille, which is home to the country's largest Muslim and Jewish populations outside of Paris. She reveals how Muslims and Jews in France have related to each other in diverse ways throughout this history: as former residents of French North Africa, as immigrants competing for limited resources, as employers and employees, as victims of racist aggression, as religious minorities in a secularizing state, and as French citizens. In *Muslims and Jews in France*, Mandel traces the way these multiple, complex interactions have been overshadowed and obscured by a reductionist narrative of Muslim-Jewish polarization. [The Life Before Us](#) Romain Gary, 2022-11-14

Now back in print, this heartbreaking novel by Romain Gary has inspired two movies, including the Netflix feature *The Life Ahead*. Momo has been one of the ever-changing ragbag of whores' children at Madame Rosa's boarding house in Paris ever since he can remember. But when the check that pays for his keep no longer arrives, and as Madame Rosa becomes too ill to climb the stairs to their apartment, he determines to support her any way he can. This sensitive, slightly macabre love story between Momo and Madame Rosa has a supporting cast of transvestites, pimps, and witch doctors from Paris's immigrant slum, Belleville. Profoundly moving, *The Life Before Us* won France's premier literary prize, the Prix Goncourt. *The Life Before Us* by Romain Gary (Book Analysis) Bright Summaries, 2015-10-08 Unlock the more straightforward side of *The Life Before Us* with this concise and insightful summary and analysis.
