Madness Of Kings Personal Trauma And The Fate Of Kings

John Henderson

Madness Of Kings Personal Trauma And The Fate Of Kings:

The Madness of Kings Vivian Green,1995 **The Madness of Kings** Vivian Hubert Howard Green,2005-01-01 A controversial study which reveals how mental health has affected world history *The Madness of Kings* Vivian Hubert Howard Green,1993 *Kingship, Madness, and Masculinity on the Early Modern Stage* Christina Gutierrez-Dennehy,2021-09-30 Kingship Madness and Masculinity examines representations of mad kings in early modern English theatrical texts and performance practices Although there have been numerous volumes examining the medical and social dimensions of mental illness in the early modern period and a few that have examined stage representations of such conditions this volume is unique in its focus on the relationships between madness kingship and the anxiety of lost or fragile masculinity The chapters uncover how as the early modern understanding of mental illness refocused on human rather than supernatural causes public stages became important arenas for playwrights actors and audiences to explore expressions of madness and to practice diagnoses Throughout the volume the authors engage with the field of disability studies to show how disability and mental health were portrayed on stage and what those representations reveal about the period and the people who lived in it Altogether the essays question what happens when theatrical expressions of madness are mapped onto the bodies of actors playing kings and how the threat of diminished masculinity affects representations of power This volume is the ideal resource for students and scholars interested in the history of kingship gender and politics in early modern drama

Ruthless Rulers C.S. Denton,2016-07-29 Throughout history all monarchs have lived with the same dichotomy of simultaneously being human and more than human In our time when monarchs seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Pete the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are those rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations Ruthless Rulers is a study in how often rulers were carried away or overwhelmed by their exalted status while a few were even driven over the edge into madness

The Last King of America Andrew Roberts,2021-11-09 From the New York Times bestselling author of Churchill and Napoleon The last king of America George III has been ridiculed as a complete disaster who frittered away the colonies and went mad in his old age The truth is much more nuanced and fascinating and will completely change the way readers and historians view his reign and legacy Most Americans dismiss George III as a buffoon a heartless and terrible monarch with

few if any redeeming qualities The best known modern interpretation of him is Jonathan Groff's preening spitting and pompous take in Hamilton Lin Manuel Miranda's Broadway masterpiece But this deeply unflattering characterization is rooted in the prejudiced and brilliantly persuasive opinions of eighteenth century revolutionaries like Thomas Paine and Thomas Jefferson who needed to make the king appear evil in order to achieve their own political aims After combing through hundreds of thousands of pages of never before published correspondence award winning historian Andrew Roberts has uncovered the truth George III was in fact a wise humane and even enlightened monarch who was beset by talented enemies debilitating mental illness incompetent ministers and disastrous luck In *The Last King of America* Roberts paints a deft and nuanced portrait of the much maligned monarch and outlines his accomplishments which have been almost universally forgotten Two hundred and forty five years after the end of George III's American rule it is time for Americans to look back on their last king with greater understanding to see him as he was and to come to terms with the last time they were ruled by a monarch

The Routledge History of Madness and Mental Health Greg Eghigian, 2017-04-07 This volume explores the history and historiography of madness from the ancient and medieval worlds to the present day Covering Africa Asia and South America as well as Europe and North America chapters discuss broad topics such as the representation of madness in literature and the visual arts the material culture of madness madness within life histories and the increased globalization of knowledge and treatment practices Chronologically and geographically wide ranging and providing a fascinating overview of the current state of the field this is essential reading for all students of the history of madness mental health psychiatry and medicine

The Georgian Princesses Van der Kiste, 2002-07-11 A chronological account of the princesses and consort Queens of the Georgian era From Sophia who died shortly before she would have become Queen as heir to Queen Anne to Adelaide consort to William IV whose failure to provide an heir ensured the succession passed to his niece Queen Victoria During this period an array of colourful personalities came and went George I's ill fated wife Sophia Dorothea of Celle who was imprisoned for adultery for over 30 years until her death the equally tragic Caroline Matilda Queen of Denmark and sister of George III who married an incipient schizophrenic saw her lover put to death was divorced and imprisoned released after pressure from her brother only to die of typhoid or scarlet fever aged just 23 George IV's notorious consort his cousin Caroline of Brunswick who danced naked on tables and was refused access to his coronation and their daughter Charlotte whose death in childbirth in 1817 necessitated the hasty marriages of several of her middle aged uncles in a desperate race to provide a legal heir to the throne

Medieval Bodies: Life and Death in the Middle Ages Jack Hartnell, 2019-11-12 With wit wisdom and a sharp scalpel Jack Hartnell dissects the medieval body and offers a remedy to our preconceptions Just like us medieval men and women worried about growing old got blisters and indigestion fell in love and had children And yet their lives were full of miraculous and richly metaphorical experiences radically different from our own unfolding in a world where deadly wounds might be healed overnight by divine intervention or where the heart of a

king plucked from his corpse could be held aloft as a powerful symbol of political rule In this richly illustrated and unusual history Jack Hartnell uncovers the fascinating ways in which people thought about explored and experienced their physical selves in the Middle Ages from Constantinople to Cairo and Canterbury Unfolding like a medieval pageant and filled with saints soldiers caliphs queens monks and monstrous beasts this book throws light on the medieval body from head to toe revealing the surprisingly sophisticated medical knowledge of the time Bringing together medicine art music politics philosophy religion and social history Hartnell s work is an excellent guide to what life was really like for the men and women who lived and died in the Middle Ages Perfumed and decorated with gold fetishized or tortured powerful even beyond death these medieval bodies are not passive and buried away they can still teach us what it means to be human

The Capacity to Govern Yehezkel Dror,2012-12-06 The inadequacies of contemporary forms of governance are increasingly recognized the brain drain from politics distrust of governments the danger of mass media and money dominated elections and the failure of governments to find good policy options on major issues Industry civil society and non governmental organizations however important cannot compensate for government s incapacity to shape the future which only it is democratically entitled to do Radical improvements in governance are urgently needed but salient proposals are scarce This book diagnoses contemporary governments as obsolete and proposes changes in values structures staffing public understanding and political culture to equip governance for the radically novel challenges of the 21st century This is the first Report dealing with governance commissioned and approved by the Club of Rome testifying to the significance of this book

Psychiatry Konstantinos N. Fountoulakis,2021-11-26 This book was the end product of life experiences thoughts and intellectual wanderings of the author who through his career and for the last twenty years was always serving all the three aspects of a Psychiatrist He is a clinician a researcher and an academic teacher The book includes a comprehensive history of Psychiatry since antiquity and until today with an emphasis not only on main events but also specifically and with much detail and explanations on the chain of events that led to a particular development At the center of this work is the question What is mental illness and Does free will exist These are questions which tantalize Psychiatrists neuroscientists psychologists philosophers patients and their families and the sensitive and educated lay persons alike Thus the book includes a comprehensive review and systematic elaboration on the definition and the concept of mental illness a detailed discussion on the issue of free will as well as the state of the art of contemporary Psychiatry and the socio political currents it has provoked Finally the book includes a description of the academic social and professional status of Psychiatry and Psychiatrists and a view of future needs and possible developments A last moment addition was the chapter on conspiracy theories as a consequence of the experience with the social media and the public response to the COVID 19 outbreak which coincided with the final stage of the preparation of the book Their study is an excellent opportunity to dig deep into the relation among human psychology mental health the society and politics and to swim in intellectually dangerous waters

The Unruly Queen Flora Fraser,2012-03-11

Splendid her book does justice to a fascinating woman who was tragic brave likable humorous and indeed unruly Spectator Written with elegance wit and a narrative zest that novelists might envy Economist At the heart of the extravagant Regency period nine scandalous politically fascinating years from 1811 to 1820 lies the bitter mismatch between the Prince and Princess of Wales The Prince Regent later George IV separated privately from Caroline of Brunswick within a year of their marriage in 1795 The couple remained separated until Queen Caroline s death in 1821 but the mockery of their marriage resisted the most strenuous efforts to dissolve it Barred from the Regent s court Queen Caroline travelled through Europe with a small court of her own The story of The Unruly Queen a long courageous fight by an extraordinary individual to see justice done in the face of overbearing authority is compellingly told by Flora Fraser This astonishing book culminates with the Queen s House of Lords trial for adultery and exclusion from her bigamous husband s coronation Leisure, Pleasure and Healing Estee Dvorjetski,2007-06-25 The book deals with leisure pleasure and healing at the thermo mineral sites in the Levant since the biblical era throughout the Hellenistic Roman Byzantine and early Muslim periods It looks closely at the question of whether the spas which are models for social interaction between pagans Christians and Jews served as sacred cult places or popular sites of healing The main objectives of the book are as follows Clarifying the leisure time activities at the spas based on Classical and Rabbinic literature pilgrims travel books Syriac and Arabic texts the Geniza fragments cartographic evidence and archaeological findings Lightening the daily life healing cults medical recommendations and treatments Examining the social history of medicine at the curative baths The Triumph of Art at Thorvaldsens Museum John Henderson,2005 Thorvaldsens Museum opened in central Copenhagen in 1848 The great Danish sculptor had arranged to donate his own works of art and his collections to the city provided that the museum be built for the purpose it would become his tomb The Museum was decorated with a colourful frieze depicting the triumphant arrival of Thorvaldsen and his magnificent works of art in Copenhagen from the artist s studio in Rome The dramatic frieze designed by the Danish artist J rgen Sonne made a big splash at the time and has captivated visitors ever since In this learned and lively study of the Museum and its frieze John Henderson shows how the frieze takes inspiration from classical models including the Parthenon and Roman monuments in delivering the finest neoclassical art and its cosmopolitan European culture to the attention of a newly modernized public This beautifully illustrated book breaks new ground in Danish History of Art bringing an important and unique Danish work of art to an international audience with the blessing of the Museum **Absolute Power** C.S. Denton,2006-07-31 Nearly all men can stand adversity but if you want to test a man s character give him power Abraham Lincoln Throughout history all monarchs have lived with the strange dichotomy of simultaneously being human and more than human In our time when monarchies seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What

unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Peter the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are those rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations Absolute Power is a study in how often rulers were carried away or overwhelmed by their exalted status while a few were even driven over the edge into madness **Blind Memory** Marcus Wood,2000

Throughout this important volume the author provides an invaluable addition to the limited literature now available on the visual images associated with slavery and abolition integrated into a sophisticated analysis of their meaning and legacy today of color images 150 illustrations **Bibliography of the History of Medicine** ,1993 The Image and Perception of

Monarchy in Medieval and Early Modern Europe Sean McGlynn,Elena Woodacre,2014-10-02 Monarchy is an enduring institution that still makes headlines today It has always been preoccupied with image and perception never more so than in the period covered by this volume The collection of papers gathered here from international scholars demonstrates that monarchical image and perception went far beyond cultural symbolic and courtly display although these remain important and were in fact always deeply concerned with the practical expression of authority politics and power This collection is unique in that it covers the subject from two innovative angles it not only addresses both kings and queens together but also both the medieval and early modern periods Consequently this allows significant comparisons to be made between male and female monarchy as well as between eras Such an approach reveals that continuity was arguably more important than change over a span of some five centuries In removing the traditional gender and chronological barriers that tend to lead to four separate areas of studies for kings and queens in medieval and early modern history the papers here are free to encompass male and female royal rulers ranging across Europe from the early thirteenth to the late seventeenth centuries to examine the image and perception of monarchy in England Scotland France Burgundy Spain and the Holy Roman Empire Collectively this volume will be of interest to all those studying medieval and early modern monarchy and for those wishing to learn about the connections and differences between the two *George III* G. Ditchfield,2002-10-31 This book is a political study of the reign of George III which draws upon unpublished sources and takes account of recent research to present a rounded appreciation of one of the most important and controversial themes in British history It examines the historical reputation of George III his role as a European figure and his religious convictions and offers a discussion of the domestic and imperial policies with which he was associated **A Royal Experiment** Janice Hadlow,2014-11-18 This groundbreaking royal biography offers a fascinating story filled account of King George III s radical and doomed pursuit of familial happiness The Guardian UK King George III of Great Britain was determined to be different from his Hanoverian predecessors Neither

of the previous Georges was faithful to his wife and both hated their own sons Overall their children were angry jealous and disaffected schemers whose palace shenanigans made for royal embarrassment and salacious scandals Pained by his childhood amid this cruel and feuding family George came to the throne aspiring to be a new kind of king a force for moral good And to be that new kind of king he had to be a new kind of man Against his irresistibly awful family background of brutal royal intrigue infidelity and betrayal George fervently pursued a radical domestic dream he would have a faithful marriage and raise loving educated and resilient children In this acclaimed biography Janice Hadlow shares a vivid and revelatory account of King George Queen Charlotte and their fifteen children as they struggled to undo generations of bitter dysfunction and pursue a passion for family A Times and Sunday Times Best Books of the Year
