Motherhood in Mexican Cinema, 1941-1991 Isabel Arredondo,2013-12-19 How were femininity and motherhood understood in Mexican cinema from the 1940s to the early 1990s Film analysis interviews with filmmakers academic articles and film reviews from newspapers are used to answer the question and trace the changes in such depictions Images of mothers in films by so called third wave filmmakers Busi Cortes Maria Novaro Dana Rotberg and Marisa Sistach are contrasted with those in Mexican classical films 1935 1950 and films from the 1970s and 1980s There are some surprising conclusions The most important restrictions in the depiction of mothers in classical cinema came not from the strict sexual norms of the 1940s but in reactions to women shown as having autonomous identities Also in contrast to classical films third wave films show a woman s problems within a social dimension making motherhood political in relation not to militancy within the left but to women s issues Third wave films approach the problems of Latin American society as those of individuals differentiated by gender sexuality and ethnicity in such films mothers are citizens directly affected by laws economic policies and cultural beliefs

Los cautiverios de las mujeres Marcela Lagarde y de los Ríos,2016-04-12 La antropolog a de las mujeres es un tema que no ha sido tratado en nuestro medio acad mico desde una perspectiva cient fica con la amplitud profundidad y creatividad con que se aborda en este texto El estudio antropol gico de la condici n femenina es una contribuci n cient fica que tiende a llenar una laguna en los estudios de g nero desde la antropolog a Por esta misma carencia de interpretaciones antropol gicas de la mujer la doctora Lagarde ha debido crear sus propias categor as de an lisis que vienen a enriquecer los elementos epistemol gicos de su disciplina Me refiero en concreto al concepto de cautiverio que denota rasgos diferentes dentro de la interpretaci n tradicional de la condici n femenina de opresi n y en esa medida la distinguen en su especificidad de otras opresiones tales como la de raza grupo marginado y otras La argumentaci n a lo largo del texto es s lida flexible y no dogm tica muestra una capacidad de observaci n muy amplia unida a la erudici n y a la voluntad de saber de Marcela Lagarde Todo lo cual se traduce en una expresi n literaria fluida sencilla pero no simple Las conclusiones a las que llega cubre las hip tesis

que se plantean al inicio de la obra la liberación de las mujeres de sus cautiverios con base en las estrategias que se detallan. Esto no significa que la experiencia de ser mujer se atomice sino que se enriquece y muestra la evidencia de su complejidad inabarcable aunque se compartan rasgos ontológicos. Descubrir nuestros cautiverios es el primer paso para abandonarlos.

Hijo de Dios, hijo del "otro lado" Dora Sánchez, 2017-04-28 **A History of Family Planning in**

Twentieth-Century Peru Raúl Necochea López, 2014-10-15 Adding to the burgeoning study of medicine and science in Latin America this important book offers a comprehensive historical perspective on the highly contentious issues of sexual and reproductive health in an important Andean nation. Raúl Necochea López approaches family planning as a historical phenomenon layered with medical, social, economic, and moral implications. At stake in this complex mix were new notions of individual autonomy, the future of gender relations, and national prosperity. The implementation of Peru's first family planning programs led to a rapid professionalization of fertility control. Complicating the evolution of associated medical services were the conflicting agendas of ordinary citizens, power brokers from governmental and military sectors, clergy, and international health groups. While family planning promised a greater degree of control over individuals' intimate lives as well as opportunities for economic improvement through the effective management of birth rates, the success of attempts to regulate fertility was far from assured. Today Necochea López observes, although the quality of family planning resources in Peru has improved, services remain far from equitably available. *El lado oscuro de Adán* Juan Carlos Vicente Casado, 2011-02-18 El

Lado Oscuro de Adán nos habla de la masculinidad construida. El macho nace y el hombre se hace, se va creando conforme crece y aprende de su entorno superando los roles que se le asignan de modo estereotipado en las sociedades humanas. El hombre se construye pero la masculinidad es intrínseca y trasciende los roles que asigna el proceso de creación social del individuo. Es ese lado oscuro al que muchas veces no nos atrevemos a asomarnos porque entra en conflicto con lo que nos han enseñado y es también lo que acaba dando sentido a la eterna pregunta: ¿Cuál es el sentido de mi vida? *Poemas Del Verano* Jayanta Banerjee, 2019-03-22 Jayanta Kumar Banerjee nació en Bengala, India. Estudió ingeniería mecánica primero en Calcuta y luego en Alemania y Canadá. Luego después de lograr su doctorado en la Universidad de Waterloo en Canadá trabajó como profesor y consultor industrial en varios países. Actualmente es catedrático en el departamento de ingeniería mecánica en la Universidad de Puerto Rico en Mayagüez. Jayanta ha viajado extensamente en India, Europa y en América del norte, central y sur. Su pasión por la literatura comenzó a temprana edad publicando poemas en las revistas de su escuela y luego en las de su universidad primero en bengalí luego en inglés y actualmente escribe en español también. Ha contribuido en la revista *El Relicario*. Jayanta ha publicado en varias ocasiones sus poemas en la biblioteca de poesía de Estados Unidos y en las revistas de la Universidad de Puerto Rico. Además ha publicado ensayos en el diario *El País* de Colombia, periódico de la Universidad de Waterloo, Canadá, y en algunas revistas reconocidas en Calcuta, India. Su sueño es publicar un poemario bilingüe en español e inglés. *The Latino/a Condition* Richard Delgado, Jean Stefancic, 1998-05 All too often groups who do not effectively

define themselves find that others assume the power to explain them Until recently this has certainly been the case with American Latinos as as evidenced by demeaning media stereotypes and the groups s near invisibility in U S history texts Indeed as the demise of the Soviet empire shifted America s national anxieties to domestic irritants images of Latinos as changed for the worse Immigration reform acts in 1965 and 1986 brought millions of new immigrants from Latin American countries By the end of the 1980s their presence had become vexing to many English only movements sprang up Bilingual education came under attack Movements to close the border gained momentum Now Latinos as are speaking back The Latino Condition brings together some of these new voices and some of the pioneers in law sociology history politics and literature This pathbreaking volume addresses such questions as Who exactly is a Latino a Who is Hispanic Who is Chicano a How did Spanish speaking people come to the United States Should the United States try to control Latino a immigration and is this even possible How has the silent minority been stereotyped by popular culture Why don t traditional civil rights remedies work for Latinos as Is assimilation possible or even desirable for all Latinos as What makes for conflict between Latinos as and other racial groups Are Latinos as a race or an ethnicity Should Latino a children be taught in Spanish What can border theory tell us about culture language and power
