Colomina-Almiñana, Adrián Rodríguez-Riccelli, 2020-08-11 This book is a collection of original studies analyzing how different internal and external factors affect Spanish language variation and evolution across a number of socio linguistic scenarios Its primary goal is to expand our understanding of how native and non native varieties of Spanish

co exist with other languages and dialects under the influence of several linguistic and extra linguistic forces While some papers analyze the linguistic dynamics affecting Spanish grammars from a cross dialectal perspective others focus more closely on the relations established between Spanish and other languages with which it is in contact In particular some of these studies show how power and prestige may support or not the use of Spanish in different social contexts and educational realities given that the attitudes toward this language vary greatly across the Spanish speaking world On the one hand in some regions Spanish represents the variety spoken by the majority of the population typically related to prestige and power Spain and Latin America On the other hand in other contexts the same language is conceived as a minority variety which may or may not be associated with stigmatized immigrant groups i e in the US Prisma consolida (C1) ,2005

Combinando distintas perspectivas como la gramática generativa la gramática tradicional y estudios empíricos variacionistas el libro aborda el uso de los sujetos pronominales en el español hablado en Buenos Aires porteño y abarca dos objetivos principales. En primer lugar determina las condiciones de uso de los sujetos explícitos e implícitos tanto categóricos como variables. En este sentido ya que el sujeto nulo se asume como forma no marcada del sujeto la cuestión fundamental es explicar la variante explícita del pronombre sujeto de la misma. Se observa que el sujeto expreso funciona unas veces como foco temático contrastivo o desambiguador y otras como alternancia del temático shift topic o como marcador de la frontera de un tema episódico nuevo. En segundo lugar se describen sistemáticamente las diferentes funciones pragmáticas foco diferentes tipos de temático que asumen los pronombres sujeto en la interfaz sintáctico prosódica. De este modo el presente trabajo constituye una contribución importante al estudio de las características sintácticas y prosódicas de los sujetos pronominales explícitos en el habla espontánea de una variedad del español.
