

COMMON HAND SIGNALS AND HOW TO TEACH THEM

Your dog doesn't need to be fluent in sign language to learn how to respond to common hand signals. Most dogs can learn basic signals in a matter of minutes.

Teach Your Dog to Stay

1 While your dog's sitting or lying down, show him the flat of your palm, with your fingertips pointed up. Move back one step, return immediately, praise your dog, and give a reward.

2 Repeat, but move two steps back this time. Slowly increase your distance away from your dog, and the length of time he must stay. Slowly increase the distractions in his environment, too, such as background noise and people moving around.

Teach Your Dog to Lie Down

1 Put your dog in a sitting position. Hold a treat in front of his face. Move your hand down to the ground and back toward you a few inches. The path your hand follows should be an L-shape.

2 As your dog follows your hand with his eyes, he will lie down. When he does, reward him with the treat and lots of praise.
