Nature Mystics:

Pagan Portals - Nature Mystics Rebecca Beattie, 2015-07-31 *Pagan Portals Nature Mystics* traces the lives and work of ten writers who contributed to the cultural environment that allowed Modern Paganism to develop and flourish throughout the twentieth century John Keats Mary Webb Thomas Hardy Sylvia Townsend Warner D H Lawrence Elizabeth von Arnim W B Yeats Mary Butts J R R Tolkien and E Nesbit Nature Mysticism John Edward Mercer, 2019-11-26 In *Nature Mysticism* John Edward Mercer embarks on an intellectual exploration of the profound connections between nature and the human experience The book is characterized by its lyrical prose and philosophical depth weaving together elements of mysticism ecology and spirituality Mercer draws upon a rich tapestry of literary traditions from Romantic poets to contemporary environmental thinkers to illustrate how nature can serve as a conduit for transcendental insights Each chapter invites readers to contemplate their own relationship with the natural world inviting an experiential understanding that transcends mere observation Mercer an accomplished essayist and scholar of comparative literature has spent years studying the intersection of literature and environmental philosophy His background in both Western and Eastern mystical traditions informs his writing allowing him to synthesize complex ideas in a manner that is both accessible and thought provoking This dual perspective has led him to appreciate the timelessness of nature's influence on human consciousness and the essential role it plays in shaping our spiritual lives For readers seeking a deeper connection with the natural world and a richer understanding of the mystical dimensions of life *Nature Mysticism* is an essential read Mercer's thoughtful examination challenges us to reconsider our place within the ecosystem inspiring readers not only to reflect on their experiences but also to engage actively with the wonders of the world around them The Nature of Mysticism Curuppumullagē Jinarājadāsa, 1917 **Saint Francis: Nature Mystic** Edward A. Armstrong, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 *Mysticism, Its True Nature and Value* Alfred Bowyer Sharpe, 1910 *A Nature Mystic's Clue* Dwight Goddard, 1925 English Mystics Geraldine Emma Hodgson, 1922 *Nature Mystics* C. F. E. Spurgeon, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work *The Moral Mystic* James R. Horne, 2006-01-01 Mysticism is condemned as often as it is praised Much of the condemnation comes from mysticism's apparent disregard of morality and ethics For mystics the experience of union transcends all moral concern In this careful examination of the works of such practitioners or examiners

of mysticism as Paul Tillich Thomas Merton Evelyn Underhill and Martin Buber the author posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars

Christian Mysticism in the Elizabethan Age Joseph B. Collins, 2008-12-01

Process Mysticism Daniel A. Dombrowski, 2023-01-01 Process Mysticism uses the process philosophies of Charles Hartshorne Alfred North Whitehead and Henri Bergson to explore mystical religious experiences The aim is not so much to demonstrate that such experiences are true or veridical as it is to understand in a William Jamesian fashion how they could be possible and not contradict the concept of God held by philosophers and theologians Divine world inclusiveness ideal power and tragedy the ontological argument asceticism and the via negativa divine visions and voices and the aesthetics and ethics of mysticism are all treated in detail The book is ecumenical in that it is meant to illuminate mystical experiences as they occur around the world in different religious traditions but the author is especially familiar with those in the Abrahamic religions Mysticism can refer to either direct experience of God or the claim that such experience is ineffable and both senses of the term are carefully analyzed in the book

St. Francis of Assisi and Nature Roger D. Sorrell, 1988 This book examines one aspect of the life and thought of Francis of Assisi founder of the Franciscan monastic order Contemporary interest in Francis has focused on his attitude

toward nature Sorrell argues persuasively that Francis ideas can only be properly understood in their thirteenth century context Through close analysis of Francis writings Sorrell shows that many of Francis beliefs concerning the proper relation of man to the natural world have their antecedents in scripture and in the medieval monastic tradition Other Franciscan ideas and practices however appear entirely original his nature mysticism his concept of familial relationships with created things his extension of Christian almsgiving to creatures Sorrell insists however that only by seeing Francis in terms of the Western traditions in which he arose can we appreciate the true originality of this extraordinary figure and the relevance of his thought to modern environmental concerns
