Albert John Walford, 1995 **Goldsmith as Journalist** Richard C. Taylor, 1993 Indeed the journalistic achievements of Oliver Goldsmith invite a reconsideration of the man doomed for so many years to play Doctor Minor to Johnson s Doctor Major Long before he established a reputation as the author of *The Vicar of Wakefield* *She Stoops to Conquer* and *The Deserted Village* Goldsmith was establishing his unique journalistic voice a voice incredibly diverse if also frequently self contradictory There is no doubt that Goldsmith was something of a controversial figure working for both of London s monthly book review journals while they were engaged in an ongoing venomous and well publicized dispute But it is important to remember that he was respected too He did serve after all as principal contributor to several of London s most successful newspapers and magazine miscellanies In this capacity his career intersected with the careers of Arthur Murphy John Newbery David Hume Thomas Gray Edmund Burke and the most prominent booksellers authors and editors of the period As interest in eighteenth century English journalism continues to accelerate the critical reputation of Oliver Goldsmith which has been dwindling for years may receive an important boost Scholars now have a wealth of primary and critical material from which to construct a contextual framework for understanding literary social and political developments in eighteenth century England Perhaps this wealth of information will lead them to reassess the man who not only exemplified but also consistently commented on the state of the press in High Georgian England **BOOK JACKET Henry James, 1866-1916, a Reference Guide** Linda J. Taylor, 1982 **The Last Century of Universal History** Alexander Charles Ewald, 1868 **Walford's Guide to Reference Material** Marilyn Mullan, 1989 The British counterpart to Sheehy in which it is recommended and vice versa distributed in the US by Unipub Volume 3 completes the 5th edition with 8 833 entries vol 1 Science and technology 1989 5 995 entries vol 2 Social and historical sciences philosophy and religion 1990 7 166 entries While the majority of items are reference books Walford is a guide to reference material and therefore includes periodical articles microforms online and CD ROM sources A special effort has been made to make sure the output of small and specialist presses is not neglected Annotation copyrighted by Book News Inc Portland OR **The Historical Reference Book** Louis Heilprin, 1886 Walford's Guide to Reference Material: Generalia, language & literature, the arts

English Drama Richard W. Bevis, 2014-06-06 What were the causes of Restoration drama s licentiousness How did the elegantly turned comedy of Congreve become the pointed satire of Fielding And how did Sheridan and Goldsmith reshape the materials they inherited In the first account of the entire period for more than a decade Richard Bevis argues that none of these questions can be answered without an understanding of Augustan and Georgian history The years between 1660 and 1789 saw considerable political and social upheaval which is reflected in the eclectic array of dramatic forms that is Georgian theatre s essential characteristic **Reference Works in British and American Literature** James K. Bracken, 1991

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford, Marilyn Mulla, Priscilla Schlicke, Library Association, 1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories **Goldsmith** E. Mikhail, 1993-12-15 The Profession of Bookselling Adolf Growoll, 1893 *A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes* Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough

but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on *Death's Jest Book* the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page
