Omm Setys Abydos:

Omm Sety's Abydos Dorothy Louise Eady, Omm Sety, Daniel Kolos, 1982 A personal history and guide to the ritual site of Abydos on the West bank of the Nile which flourished from the Predynastic period until Christian times c 4000 BC to AD 641 The author moved to Egypt in 1933 and was involved in excavations with a number of Egyptian archaeologists Omm Sety's Living Egypt Omm Sety, 2008 A special connection with ancient Egypt drew Omm Sety to Egypt where she studied with the great Egyptologists Selim Hassan and Ahmed Fakhry For more than four decades she made her home in the shadow of the Great Pyramid of Giza and in the mudbrick village surrounding the Temple of Sety I at Abydos For her there was no separation between ancient and modern Egypt Pictures on tomb walls illustrated the games children played in the streets in front of her house The texts she translated from the temple walls shed light on the origins of the social customs of her Egyptian neighbors For another four decades this book which deserves to be called Omm Sety s life work remained hidden away Now Nicole B Hansen an Egyptologist who specializes in connections between ancient and modern Egypt brings this work to light in an annotated edition with extensive notes and bibliography illustrated with Omm Sety s own drawings It features a foreword by Kent R Weeks who rediscovered KV5 in the Valley of the Kings and an introduction by Walter A Fairervis the late director of the Hierakonpolis Project For Egyptologists this book includes explanations of texts from the Pyramid Texts to Herodotus as well as ancient Egyptian art For anthropologists it represents the results of a lifetime of unbridled participant observation during which Omm Sety used folk treatments to cure her ills and agreed to serve as a medium for a spirit during a magic ritual For those interested in Omm Sety herself this book provides new insights into her life the people she knew and the places she lived Omm Sety's Egypt Hanny El Zeini, Catherine Dees, 2007 Revelations in Egyptology based on the diaries of Dorothy Eady better known as Omm Sety Omm Sety a brilliant adventuring Englishwoman worked under some of the greatest Egyptologists of the 20th century and saw into the past Hers is a story of ancient love of gods pyramids pharaohs and queens and treasures that wait beneath the sand In Omm Sety s Egypt the authors present never before seen episodes from her truly incredible life including important revelations about Egypt s lost history Hanny el Zeini was her close friend during the many years she lived in the ancient holy city of Abydos It was a friendship filled with star lit evenings among the ruins of ancient temples speaking of the mysteries of this land they both loved Dr el Zeini was her trusted confidant to whom she revealed her secret other life in 19th Dynasty Egypt Shortly before her death in 1981 she gave him her diaries which chronicled her life in two worlds Drawing on Omm Sety s diaries and on hundreds of hours of recorded conversations and Dr el Zeini s own writings co author Catherine Dees brings this extraordinary material together into a story that asks the reader to suspend disbelief and enter into the mystery that was Omm Sety Abydos Omm Sety, Hanny El Zeini, 1981 **Where Pharaohs Dwell** Patricia Cori, 2011-08-30 In this thought provoking book Patricia Cori takes time from her channeled work as the Scribe to the Speakers of the Sirian High Council to focus on her past life experiences in

ancient Egypt The book begins dramatically with the traumatic recall of a past Egyptian life when Cori relives a horrifying death by suffocation from being buried alive This experience propels her on a journey of exploration into the question of human immortality leading her back to Egypt where she unravels the origins of the ancient Egyptians obsession with the resurrection of the soul Cori s discoveries reveal new perspectives on Egyptian mysteries new timelines as to the beginnings of the civilization and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations such as that of Atlantis As she returns to sites of her former lives Cori begins to receive messages through which she relives the past life regression guiding her to discover secrets of the ancient Egyptians Finally she travels beyond the veil of illusions into the otherworld of possibilities that lies beyond physical existence This exciting book weaves strands of science history and metaphysics into a shimmering tapestry of personal discovery **Omni** ,1987-04 **The Tutankhamen code** Malcolm Grant Hutton,2014 When Claude Tarba showed off a family heirloom in a crowded Arabian restaurant in Melbourne that simple act of pride among friends didn t go unnoticed It set in motion a journey through the little known high mountain country of The Yemen then on to the Italianate City of Asmara in the Ancient land of Eritrea and a hi jacking which landed him in Western Turkey Eventually after a number of risky adventures that took him to the far southern reaches of Egypt he found himself committed to a treasure quest which if proved successful would change the future perception of the human race for the next couple of millennia Clues uncovered in the Tomb of the God King Tutankhamen entrance our unwitting hero and his new friends committing them all through something more than curiosity to a trail of intrigue with villains popping up everywhere intent on stopping them from achieving their main goal the installation of Claude as an honorary new Pharaoh Despite foiling several attempts on their lives Claude and his companions then have to contend with another scoundrel and his giant of a servant who have their eyes on the treasure whatever it may turn out to be The story takes us back into the ancient world of 18th Dynasty Egypt where we meet the legendary King Solomon who with his son and heir plan and set the stepping stones that may only be discovered and followed by a future generation worthy enough to restore the glory and spiritual beliefs of the Egypt that once was Not only is the narrative one full of thrills and unusual situations it is also transports the reader into the colourful life of contemporary and ancient Egypt The unexpected climax will have everyone thinking What really did happen thousands of years ago to kick start civilisation as we know it today *The Great Shift* Lee Carroll,Martine Vallee,2011-05-14 The Great Shift is a progress report from the field and the messages are positive You don t have to logically do anything but show up with spiritual intent and the DNA quantum field is activated in your body Kryon says He tells us to expect changes and peace we may have never thought to see in our lifetimes even in the Middle East He

Ancient Mysteries Peter James,Nick Thorpe,2007-12-18 What was the Minotaur Did a Welsh prince discover America Did Robin Hood really exist How does the Star of Bethlehem fit into the science of astronomy Is the Vinland Map a fake Can archaeologists use spirit messages to guide their work For centuries philosophers scientists and charlatans have attempted

to decipher the baffling mysteries of our past from the Stonehenge to the lost continent of Atlantis Today however DNA testing radiocarbon dating and other cutting edge investigative tools together with a healthy dose of common sense are guiding us closer to the truth Peter James and Nick Thorpe the professional historian and archaeologist team who created the acclaimed Ancient Inventions now tackle these age old conundrums presenting the latest information from the scientific community and the most startling challenges to traditional explanations of mysteries such as The rise and fall of the Maya A lost cache of Dead Sea Scrolls The curse of Tutankhamun The devastation of Sodom and Gomorrah The Nazca Lines These true mystery stories twist and turn like a good whodunit as James and Thorpe present the evidence for and against the expert theories shedding new light on humankind s age old struggle to make sense of the past The authors also make dramatic contributions of their own to the fray demonstrating persuasively that catastrophic events including the collisions of comets with the Earth long ago could explain puzzles that have baffled experts for centuries Ancient Mysteries will entertain and enlighten delight the curious and inform the serious *The Reign of Thutmose IV* Betsy Morrell Bryan,1991 [The Sacred Magic of Ancient Egypt](#) Rosemary Clark,2003 In *The Sacred Magic of Ancient Egypt* Rosemary Clark presents a comprehensive guide to a modern practice of ancient Egyptian theurgy Included are daily rituals annual ceremonies and the founding of a temple tradition for either the sole practitioner or a gathering of celebrants The dimensions of Sacred Science esoteric architecture cosmic resonance and magical practice are outlined in detail and demonstrated in a program for practical everyday use Authentic and richly detailed this guidebook also Presents beautiful rituals patterned on ancient Egyptian texts for modern initiates Serves as an excellent reference on many aspects of the Egyptian mysteries that have not been accessible elsewhere Contains a complete repertoire of ancient hymns litanies spells and ceremonies that allows for reading in the ancient tongue Enter the timeless realm of Egyptian sacred ritual Experience for yourself the ultimate realization of ancient Egyptian spirituality the assumption of divine knowledge and grace [The Journal of the Society for the Study of Egyptian Antiquities](#) ,1979 **Jesus after the Crucifixion** Graham Simmans,2007-02-21 Suggests that Jesus survived the crucifixion went to Egypt then settled in France Reveals new discoveries that show the beginnings of Christianity in Egypt Presents historical and archaeological research that proves a connection between Jerusalem Egypt and Rennes le Chateau in the south of France Posits Rennes le Chateau as the actual location of Jesus Christ s tomb and that writings by him will be found there Jesus did not die on the cross He survived and went to southern France with his wife Mary This possibility is proposed by Graham Simmans who spent many years on a quest to find the real beginnings of Christianity Simmans believes that the spread of Christianity beyond Jerusalem was tied to Jesus s survival of the crucifixion and his subsequent emigration to Europe Using Coptic and Jewish sources including the Talmud that allow a glimpse of the Christian philosophy espoused by Jesus he contends that true Christianity was brought into France Britain and Spain from first century Egypt and Judea not fourth and fifth century Rome His investigation shows that after a time in Egypt Jesus

settled in Rennes le Chateau a sophisticated and cosmopolitan center of spiritual diversity It was a natural move for Jesus to settle in the Narbonne area of France an area already heavily settled by Jewish and Gnostic groups Here safely outside the reach of the cultural dictatorship of the Roman Church the Gnostic secrets he taught survived the centuries Later the Knights Templar centered their activity in the Languedoc region around Rennes le Chateau where within the Jewish communities a well connected and influential opposition to Rome already existed This resistance to Rome gave rise to a religious culture that included elements of Gnostic Pythagorean and Kabbalistic teachings Until the Crusades against the Cathar heretics reasserted the dominion of Rome the culture that flourished around Rennes le Chateau embodied the true essence of Christ's message
