On Freedoms Side:

On Freedom Eileen Barker, 2021-12-24 The London School of Economics and Political Science has embraced the full range of the social sciences and its related disciplines Contributors to this book were invited to write on the subject of freedom *The Assault on Freedom* United States. Congress. Senate. Committee on the Judiciary, 1971 On Freedom Jiddu Krishnamurti, 1992 **Freedom's Edge** Frank S. Ravitch, 2016-09-08 Freedom s Edge takes the reader directly into the heart of the debate over the relationship between religious freedom and LGBT and reproductive rights The book explains these complex areas of law and what is at stake in the battle to protect each of these rights The book argues that religious freedom and sexual freedom share some common elements and that in most contexts it is possible to protect both Freedom s Edge explains why this is so and provides a roadmap for finding common ground and maximizing freedoms on both sides The book will enable anyone with an interest in these issues to understand what the law actually teaches us about religious freedom sexual freedom and how they interact This is important because what is often argued by partisans on both sides distorts the legal and cultural stakes and diminishes the possibility of compromise *On Freedom* Timothy Snyder, 2024-09-17 NEW YORK TIMES BESTSELLER A visionary The Guardian exploration of freedom what it is how it s been misunderstood and why it s our only chance for survival by the acclaimed Yale historian and author of *On Tyranny* Snyder s deep political and philosophical examination of how to create and sustain freedom provides a hopeful view for the future Los Angeles Times Timothy Snyder has been called the leading interpreter of our dark times As a historian he has given us startling reinterpretations of political collapse and mass killing As a public intellectual he has turned that knowledge toward counsel and prediction working against authoritarianism here and abroad His book *On Tyranny* has inspired millions around the world to fight for freedom Now in this tour de force of political philosophy he helps us see exactly what we re fighting for Freedom is the great American commitment but as Snyder argues we have lost sight of what it means and this is leading us into crisis Too many of us look at freedom as the absence of state power We think we re free if we can do and say as we please and protect ourselves from government overreach But true freedom isn t so much freedom from as freedom to the freedom to thrive to take risks for futures we choose by working together Freedom is the value that makes all other values possible *On Freedom* takes us on a thrilling intellectual journey Drawing on the work of philosophers and political dissidents conversations with contemporary thinkers and his own experiences coming of age in a time of American exceptionalism Snyder identifies the practices and attitudes the habits of mind that will allow us to design a government in which we and future generations can flourish We come to appreciate the importance of traditions championed by the right but also the role of institutions the purview of the left Intimate yet ambitious this book helps forge a new consensus rooted in a politics of abundance generosity and grace From This Side of Freedom: Volume 1 from the Dept of Virtue & Vice Marcus 'Mark' Jacobs, 2006 *From This Side Of Freedom* is a series of ramblings from the archives of the dept of virtue

suppression of vice vice deep in the bowels of propaganda press We begin with Murder and Brutalisation of Guyanese Women then a brief stop in Jesusland with Kerry Me To Freedom end with the Resistance Psalms In between you ll find 15 poems by the field marshal of propaganda Imran Khan Scuntologically Speaking 1 Million For Excessive Loss Of Sexual Drive Pussy s Purr Politicos Their Lies Empowering The Poor Heaven Hell Your Unexplained Assumptions Christian Devils Jesus Is Coming In Dub My Immortal Beloved Guyana The Case Against Jagdeo Truth lunacy or propaganda Bombs over Baghdad and many more Given the present state of affairs we re decided to share our ramblings thoughts views and crazy ideas before the next big round up Some familiar voices you also hear from are Dom Runsfeld Omar the one eyed bandit Cardinal Raganandan Ronnie Garage Osama his self

Freedom and Foundation Thomas Reeves, 2013-04-03 Freedom and the Foundation is a study in depth of the first and most controversial of the tax exempt foundations dedicated to research and public education in the field of civil liberties and civil rights The Fund for the Republic The story of its struggle for survival as Mr Reeves demonstrates exemplifies the broader conflict between America s liberal and conservative forces in the early 1950s The Fund created in 1952 by the Ford Foundation was set up to explore possibilities for liberalizing American society at the very time when under the hysterical goading of Senator Joseph McCarthy the forces of repression had reduced dissent to a hoarse whisper Reeves tells of the mounting criticism when less than two years after the Fund s launching the noted educator and thinker Robert Hutchins became its president He shows how as the Fund attempted to follow its mandate under the leadership of Hutchins and his vice president W H Ferry it encountered vociferous and persistent attack from powerful and entirely predictable sources and became a magnet for all the political crosscurrents of the day With a subtle feeling for the atmosphere of the McCarthy era the author carries the reader into the Fund s first crisis when it was brought before HUAC by the superpatriotic organizations and its other ultraconservative enemies He describes the many clashes between Hutchins and his detractors in Congress and the press such adversaries as Chairman Francis Walter of HUAC and the columnist commentator Fulton Lewis Jr The account of the Fund s inception and development of its accomplishments in creating sponsoring and disseminating ideas useful to the nation of its inner conflicts and politicking as well as its struggle to make its way in the outside world is not only fascinating in itself but particularly timely in the light of the recent Congressional investigations of the tax exempt foundations Professor Reeves s study is based on the files reports and publications of the Fund for the Republic the first foundation to make its complete files available to scholars which are now at Princeton University and on scores of interviews with Fund staff members partisans and critics as well as more than five years of examining the more conventional source material

Essays On Freedom of the Will A. Schopenhauer, 1995-12-04 Schopenhauer s prize essay On the Freedom of Will is one of the classics of Western philosophy dealing with the question of free will versus determinism His treatment of the problem of free will is by no means obsolete containing penetrating reflections relevant to contemporary discussion The argument of the essay is clearly and rigorously presented and reveals many basic features of Schopenhauer s thought As such it forms a useful introduction to Schopenhauer s philosophy in general Equally the essay can be studied with profit independently of Schopenhauer s metaphysical views This new edition of the sole English translation of this classic text contains and expanded bibliography index and preface in which the translator comments on recent scholarship on Schopenhauer The translator s introduction puts the essay into the context of Schopenhauer s general philosophy and suggests some possible criticisms of his position

The Freedom Scale Jake Morrett, 2025-01-21 Are Americans truly free In *The Freedom Scale* Jake Morrett argues that personal liberty is under assault from an ever expanding government and erosion of constitutional principles This incisive examination of modern politics proposes a new framework for evaluating policies based on how they impact individual freedom Morrett takes readers on a journey through the hot button issues that can create a domino effect on freedom as a whole like taxation gun rights healthcare and education viewing each through the lens of liberty vs government control He offers a blistering critique of policies that diminish personal choice responsibility and property rights while empowering the state Neither Democrats nor Republicans are spared from Morrett s scrutiny as he builds a case that both parties have contributed to the decline of freedom More than just criticism *The Freedom Scale* provides readers with tools to measure the impact of laws and regulations on personal liberty Morrett s analytical approach cuts through partisan rhetoric to focus on fundamental questions of individual rights and limited government He challenges readers to rethink their assumptions about the proper role of government in a free society Part political philosophy part call

to action this thought provoking book makes a compelling case for recommitting to America's founding principles For those concerned about overreach and the future of freedom The Freedom Scale offers a roadmap for restoring individual liberty in the modern era Fans of Liberty Defined by Ron Paul The Tyranny of Liberalism by James Kalb and The Road to Serfdom by F A Hayek will love The Freedom Scale

Freedom and Environment Michael Hannis, 2015-10-05 Must freedom be sacrificed to achieve ecological sustainability or vice versa Can we be genuinely free and live in sustainable societies This book argues that we can if we recognise and celebrate our ecological embeddedness rather than seeking to transcend it But this does not mean freedom can simply be redefined to fit within ecological limits Addressing current unsustainability will involve significant restrictions and hence will require political justification not just scientific evidence Drawing on material from perfectionist liberalism capabilities approaches human rights relational ethics and virtue theory Michael Hannis explores the relationship between freedom and sustainability considering how each contributes to human flourishing He argues that a substantive and ecologically literate conception of human flourishing can underpin both capability based environmental rights and a eudaimonist ecological virtue ethics With such a foundation in place public authorities can act both to facilitate ecological virtue and to remove structural incentives to ecological vice Freedom and Environment is a lucid addition to existing literature in environmental politics and virtue ethics and will be an excellent resource to those studying debates about freedom with debates about ecological sustainability
