

A report on the first federally supported research to explore what users gain from smoking marijuana.

On Being Stoned

A PSYCHOLOGICAL STUDY OF
MARIJUANA INTOXICATION

CHARLES T. TART, PH.D.

On Being Stoned A Psychological Study Of Marijuana Intoxication

**National Institute on Drug Abuse.
Division of Research**

On Being Stoned A Psychological Study Of Marijuana Intoxication:

On Being Stoned Charles T. Tart,1971 **Marijuana Research Findings, 1980** National Institute on Drug Abuse. Division of Research,1980 **Cannabis - Philosophy for Everyone** Dale Jacquette,2011-01-11 The debate on the status and legality of cannabis continues to gain momentum Here personal anecdotes combined with academic and scientific reports combine to sharpen some of the fascinating philosophical issues associated with cannabis use A frank professionally informed and playful discussion of cannabis usage in relation to philosophical inquiry Considers the meaning of a high the morality of smoking marijuana for pleasure the slippery slope to more dangerous drugs and the human drive to alter our consciousness Not only incorporates contributions from philosophers psychologists sociologists or legal pharmacological and medical experts but also non academics associated with the cultivation distribution and sale of cannabis Brings together an international team of writers from the United States Canada UK Finland Switzerland South Africa and New Zealand

Findings of Drug Abuse Research National Institute on Drug Abuse,1975 NIDA Research Monograph ,1976

Marihuana, Signal of Misunderstanding United States. Marihuana and Drug Abuse Commission,1972 *Marihuana: a Signal of Misunderstanding* United States. Commission on Marihuana and Drug Abuse,1972 Marihuana: First report United States. Commission on Marihuana and Drug Abuse,1972 **Appendix; the Technical Papers of the First Report**

of the National Commission on Marihuana and Drug Abuse United States. Commission on Marihuana and Drug Abuse,1972 **The Unity of the Senses** Lawrence E. Marks,2014-05-10 Academic Press Series in Cognition and Perception The Unity of the Senses Interrelations Among the Modalities focuses on the perceptual processes approaches and methodologies involved in studies on the unity of the senses The publication first elaborates on the doctrines of equivalent information analogous sensory attributes and qualities and common psychophysical properties Discussions focus on discrimination sensitivity sound symbolism intensity brightness and cross modal perception of size form and space The text then examines the doctrine of neural correspondences and sound symbolism in poetry including sound and meaning analogue and formal representation vowel symbolism in poetry coding perceptual information coding sensory attributes and evolution and development The manuscript takes a look at synesthetic metaphor in poetry as well as unity of the senses and synesthetic metaphor warm and cool colors synesthetic metaphors of odor and music metaphorical imperative and the music of Conrad Aiken The publication is a valuable source of data for researchers interested in the unity of the senses *Library Book Catalog* United States. Department of Justice,1972 *Library Book Catalog* United States. Law Enforcement Assistance Administration,1972 The Real Drug Abusers Fred Leavitt,2004-09-01 While well over one million small time drug users languish in overcrowded prisons because of nonviolent drug offenses tens of thousands of others get rich from legal and illegal drugs Drug company representatives persuade doctors to prescribe inferior products Children as young as two are routinely given powerful drugs Legal drugs taken exactly as prescribed are a leading cause of illness and death

Scientists beholden to drug companies fabricate and misrepresent data This eye opening book richly documents disturbing trends in Western medicine and urges readers toward a broader understanding of drug use and abuse Leavitt shows how and why American society must change its medical and policy approaches to drugs and re orient medical practice to new ways of thinking *Health Consequences of Marihuana Use* United States. Congress. Senate. Committee on the Judiciary.

Subcommittee on Criminal Justice,1980 **Meditation** Deane H. Shapiro (Jr.),Roger N. Walsh, Many claim that meditation is effective in the treatment of many ailments associated with stress and high blood pressure and in the management of pain While there are many popular books on meditation few embrace the science as well as the art of meditation In this volume Shapiro and Walsh fill this need by assembling a complete collection of scholarly articles *Meditation Classic and Contemporary Perspectives* From an academic rather than a popular vantage the volume takes the claims and counterclaims about meditation to a deeper analytical level by including studies from clinical psychology and psychiatry neuroscience psychophysiology and biochemistry Each selection is a contribution to the field either as a classic of research or by being methodologically elegant heuristically interesting or creative Original articles cover such topics as the effects of meditation in the treatment of stress hypertension and addictions the comparison of meditation with other self regulation strategies the adverse effects of meditation and meditation induced altered states of consciousness Concluding with a major bibliography of related works *Meditation* offers the reader a valuable overview of the state and possible future directions of meditation research Today in the popular media and elsewhere debate continues Is meditation an effective technique for spiritual and physical healing or is it quackery *Meditation Classic and Contemporary Perspectives* weighs in on this debate by presenting what continues to be the most complete collection of scholarly articles ever amassed on the subject of meditation

Shapiro Jnr.,Roger N, Walsh,2017-07-12 Many claim that meditation is effective in the treatment of many ailments associated with stress and high blood pressure and in the management of pain While there are many popular books on meditation few embrace the science as well as the art of meditation In this volume Shapiro and Walsh fill this need by assembling a complete collection of scholarly articles *Meditation Classic and Contemporary Perspectives* From an academic rather than a popular vantage the volume takes the claims and counterclaims about meditation to a deeper analytical level by including studies from clinical psychology and psychiatry neuroscience psychophysiology and biochemistry Each selection is a contribution to the field either as a classic of research or by being methodologically elegant heuristically interesting or creative Original articles cover such topics as the effects of meditation in the treatment of stress hypertension and addictions the comparison of meditation with other self regulation strategies the adverse effects of meditation and meditation induced altered states of consciousness Concluding with a major bibliography of related works *Meditation* offers the reader a valuable overview of the state and possible future directions of meditation research Today in the popular media and elsewhere debate continues Is meditation an effective technique for spiritual and physical healing or is it quackery

Meditation Classic and Contemporary Perspectives weighs in on this debate by presenting what continues to be the most complete collection of scholarly articles ever amassed on the subject of meditation

The Psychobiology of Consciousness Richard Davidson, 2012-12-06 CONSCIOUSNESS AND THE BRAIN SELF REGULATION PARADOX The relationship of consciousness to biology has intrigued mankind throughout recorded history However little progress has been made not only in understanding these issues but also in raising fundamental questions central to the problem As Davidson and Davidson note in their introduction William James suggested almost a century ago in his Principles of Psychology that the brain was the organ of mind and behavior James went so far as to suggest that the remainder of the Principles was but a footnote to this central thesis This volume brings together diverse biobehavioral scientists who are addressing the various aspects of the mind/body/behavior issue Although some of the authors have previously published together in other volumes by and large the particular combination of authors and topics selected by the editors makes this volume unique and timely Unlike the Consciousness and Self Regulation series Schwartz Shapiro 1976 1978 also published by Plenum this volume is devoted entirely to a psychobiological approach to consciousness Although readers will differ in their interest in specific chapters the well rounded investigator who is concerned with the psychobiology of consciousness will want to become intimately acquainted with all the views presented in this volume As noted by the individual contributors the topic of this volume stimulates fundamental questions which on the surface may appear trivial yet on further reflection turn out to have deep significance

Psychic Exploration Edgar D. Mitchell, 2011-07-01 Psychic Exploration A Challenge for Science is a primer on psychic research life's purpose and the meaning of the universe Originally published in 1974 this landmark anthology of nearly thirty chapters on every area of psychic research is finally available again Edgar D Mitchell Apollo 14 astronaut and moonwalker as well as a distinguished researcher of the study of human consciousness brought together eminent scientists to write about issues once considered too controversial to discuss This book includes fascinating chapters on the history of parapsychology telepathy hauntings psychic phenomena and consciousness along with an extensive glossary and index This timeless anthology continues to be appealing as a reference work for those curious about the history of parapsychology fans of the world of psi and readers interested in the meaning of the universe Contributors include Willis W Harman Jean Houston Stanley Krippner Robert Masters William G Roll Russell Targ Charles T Tart Montague Ullman and many more

Out-of-the-Body Experiences Charles T. Tart, 2016-05-01 This essay chapter 15 of Psychic Exploration studies out of the body experiences OOBES formerly called astral projection and traveling clairvoyance are a universal human phenomenon in the sense of having been experienced in every time and culture although only a very small fraction of people ever experience it The full volume of Psychic Exploration can be purchased as an ebook or paperback version from all major online retailers and at cosimobooks.com

Hypnosis and Behavioral Medicine Daniel P. Brown, Erika Fromm, 2013-12-19 This important volume applies hypnotic principles to the specific challenges of behavioral medicine

Drawing from extensive clinical evidence and experience the authors describe how hypnobeavoral techniques can help in the treatment of psychophysiological disorders
