

On Epicurus

Dane R. Gordon, David B. Suits

On Epicurus:

On Epicurus Norman Lillegard, 2003 ON EPICURUS like other titles in the Wadsworth Philosophers Series offers a concise yet comprehensive introduction to this philosopher's most important ideas Presenting the most important insights of well over a hundred seminal philosophers in both the Eastern and Western traditions the Wadsworth Philosophers Series contains volumes written by scholars noted for their excellence in teaching and for their well versed comprehension of each featured philosopher's major works and contributions These titles have proven valuable in a number of ways Serving as standalone texts when tackling a philosopher's original sources or as helpful resources for focusing philosophy students' engagements with these philosopher's often conceptually daunting works these titles have also gained extraordinary popularity with a lay readership and quite often serve as refreshers for philosophy instructors

Epicurus Dane R. Gordon, David B. Suits, 2003 The philosophy of Epicurus c 341-271 B C E has been a quietly pervasive influence for more than two millennia At present when many long revered ideologies are proven empty Epicureanism is powerfully and refreshingly relevant offering a straightforward way of dealing with the issues of life and death The chapters in this book provide a kaleidoscope of contemporary opinions about Epicurus' teachings They tell us also about the archeological discoveries that promise to augment the scant remains we have of Epicurus's own writing the breadth of this new work will be welcomed by those who value Epicurean philosophy as a scholarly and personal resource for contemporary life Epicurus His Continuing Influence and Contemporary Relevance is the title of a 2002 conference on Epicurus held at Rochester Institute of Technology when many of the ideas here were first presented

Nietzsche on Consciousness and the Embodied Mind Manuel Dries, 2018-09-10 Nietzsche's thought has been of renewed interest to philosophers in both the Anglo American and the phenomenological and hermeneutic traditions Nietzsche on Consciousness and the Embodied Mind presents 16 essays from analytic and continental perspectives Appealing to both international communities of scholars the volume seeks to deepen the appreciation of Nietzsche's contribution to our understanding of consciousness and the mind Over the past decades a variety of disciplines have engaged with Nietzsche's thought including anthropology biology history linguistics neuroscience and psychology to name just a few His rich and perspicacious treatment of consciousness mind and body cannot be reduced to any single discipline and has the potential to speak to many And as several contributors make clear Nietzsche's investigations into consciousness and the embodied mind are integral to his wider ethical concerns This volume contains contributions by international experts such as Christa Davis Acampora Emory University Keith Ansell Pearson Warwick University Jo o Const ncio Universidade Nova de Lisboa Frank Chouraqui Leiden University Manuel Dries The Open University Oxford University Christian J Emden Rice University Maria Cristina Fornari University of Salento Anthony K Jensen Providence College Helmut Heit Tongji University Charlie Huenemann Utah State University Vanessa Lemm Flinders University Lawrence J Hatab Old Dominion University Mattia Riccardi University of Porto Friedrich Ulfers and Mark Daniel

Cohen New York University and EGS and Benedetta Zavatta CNRS **The Cambridge Companion to Epicureanism**
 James Warren, 2009-07-02 This Companion presents both an introduction to the history of the ancient philosophical school of Epicureanism and also a critical account of the major areas of its philosophical interest. Chapters span the school's history from the early Hellenistic Garden to the Roman Empire and its later reception in the Early Modern period, introducing the reader to the Epicureans' contributions in physics, metaphysics, epistemology, psychology, ethics, and politics. The international team of contributors includes scholars who have produced innovative and original research in various areas of Epicurean thought, and they have produced essays which are accessible and of interest to philosophers, classicists, and anyone concerned with the diversity and preoccupations of Epicurean philosophy and the state of academic research in this field. The volume emphasises the interrelation of the different areas of the Epicureans' philosophical interests while also drawing attention to points of interpretative difficulty and controversy. *Epicurus's Morals Translated from the Greek by John Digby, Esq*
 Epicurus, 2018-04-25 The 18th century was a wealth of knowledge, exploration, and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time, these high-quality digital copies of original 18th-century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic, a debate that continues in the twenty-first century. The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification. Harvard University Houghton Library N006619 Translated not from the Greek but from the French of *La morale d'Epicure* compiled by Jacques Parrain. Baron des Coutures the comments and reflections are also by Parrain. pp. i-xxxiii contain The life of Epicurus. Written by Monsieur du Roudel. sic i.e. Jacques du Rondel the essay ascribed to St Evremont is spurious. London printed for Sam. Briscoe and sold by John Graves and M. Dod 1712 22 xxxiii 1 224p plate port 8 Paradosis and Survival Diskin Clay, 1998 The progression of Epicurean doctrine and rhetoric

Soteriology and the End of Animal Sacrifice Giosue Ghisalberti, 2018-08-24 Soteriology and the End of Animal Sacrifice traces the historically sustained critique of animal sacrifice in both the Jewish prophets and Greek philosophers and offers a reinterpretation of the fundamental expression of piety in both cultures. The Jewish prophets, such as Isaiah, and Greek philosophers beginning with Pythagoras, provided not only an unequivocal denunciation of animal sacrifice as a religious ritual. Equally important, they also offered an alternative conception of piety in and through a language dedicated to

the therapeutic health and well being of others In the philosophies of Socrates and Epicurus in the Greek world and in the teaching and healing of Jesus in the Jewish world of first century Palestine we reach a decisive moment in the revolution of religion in the ancient world The practice of animal sacrifice in the temples of Greece and Jerusalem begins to be reconceived and eventually abolished and replaced by a soteriology or healing wholly dedicated to the well being of individuals no less than entire societies The replacement of animal sacrifice with soteriological speech is the single most important revolution in the religions of antiquity

Perspectives on Happiness Søren Harnow Klausen, Bryon Martin, Mustafa Cihan Camci, Sarah Bushey, 2019-04-09 Happiness is a challenging multifaceted topic which obviously calls for an interdisciplinary approach This work is a collection of papers which explores the phenomenon of happiness from a variety of angles and from both theoretical and practical perspectives They deal with the general nature and conditions of happiness methods and measures for studying happiness the consequences of happiness policies and discourses and the significance of specific factors like landscapes or educational environments for happiness Some of the papers investigate the thoughts of ancient 19th century or 20th century philosophers Others employ theories and techniques from contemporary psychology to get a firmer grip on the elusive phenomenon of happiness Contributors include Ranjeeta Basu Valeriu Budeanu Sarah A Bushey Mustafa Cihan Camci Emily Corrigan Kavanagh Carolina Escobar Tello Julia Hotz Søren Harnow Klausen Kathy Pui Ying Lo Andrea Mariana Marian Bryon Martin Andrew Molas Sean Moran Liza Ortiz Shelomi Panditharatne Sheila M Rucki Jane Russel O Connor and Marie Thomas

Cambridge Translations of Renaissance Philosophical Texts Jill Kraye, 1997-08-28 The Renaissance known primarily for the art and literature that it produced was also a period in which philosophical thought flourished This two volume anthology contains 40 new translations of important works on moral and political philosophy written during the Renaissance and hitherto unavailable in English The anthology is designed to be used in conjunction with The Cambridge History of Renaissance Philosophy in which all of these texts are discussed The works originally written in Latin Italian French Spanish and Greek cover such topics as concepts of man Aristotelian Platonic Stoic and Epicurean ethics scholastic political philosophy theories of princely and republican government in Italy and northern European political thought Each text is supplied with an introduction and a guide to further reading

Greek Memories Luca Castagnoli, Paola Ceccarelli, 2019-01-24 Greek Memories aims to identify and examine the central concepts underlying the theories and practices of memory in the Greek world from the archaic period to Late Antiquity across all the main literary genres and to trace some fundamental changes in these theories and practices It explores the interaction and development of different disciplinary approaches to memory in Ancient Greece which will enable a fuller and deeper understanding of the whole phenomenon and of its specific manifestations This collection of papers contributes to enriching the current scholarly discussion by refocusing it on the question of how various theories and practices of memory recollection and forgetting play themselves out in specific texts and authors from Ancient Greece within a wide chronological span from the Homeric poems

to Plotinus and across a broad range of genres and disciplines epic and lyric poetry tragedy comedy historiography philosophy and scientific prose treatises **Translatio Studiorum** ,2013-03-27 The present volume collects seventeen case studies that characterize the various kinds of translations within European culture over the last two millennia Intellectual identities establish themselves by means of a continuous translation and rethinking of previous meanings a sequence of translations and transformations in the transmission of knowledge from one intellectual context to another This book provides a view on a wide range of texts from ancient Greece to Rome from the Medieval world to the Renaissance indicating how the process of translatio studiorum evolves as a continuous transposition of texts of the ways in which they are rewritten their translations interpretations and metamorphosis all of which are crucial to a full understanding of intellectual history

The Classical Review ,1929 **Studies in Attic Epigraphy, History, and Topography** Eugene Vanderpool,1982

Twenty six papers on the epigraphy history and topography of ancient Greece presented to the famous scholar by his eminent students and friends The contents are A Lid with Dipinto Alan L Boegehold Athenians Macedonians and the Origins of the Macedonian Royal House Eugene N Borza Koroni and Keos John L Caskey Epicurus in the Archives of Athens Diskin Clay The Nature of the Late Fifth Century Revision of the Athenian Law Code Kevin Clinton Theseus and the Unification of Attica Steven Diamant Onesippos Herm Colin N Edmonson Gennadeion Notes v the Journal of Thomas Whitcombe Philhellene C W J Eliot A Lekythos in Toronto and the Golden Youth of Athens Henry R Immerwahr The Leasing of Land in Rhamnous Michael H Jameson Writing and Spelling on Ostraka Mabel L Lang Some Attic Walls Merle K Langdon Dodwellopolis Addendum to Fortified Military Camps in Attica James R McCredie Athens and Hestiaia Malcolm F McGregor Thucydides and the Decrees of Kallias Benjamin D Meritt Arrian in Two Roles James H Oliver The Dedication of Aristokrates Antony E Raubitschek The Pnyx in Models Homer A Thompson The Alleged Conservatism of Attic Epigraphical Documents A Different View Leslie Threaghtle Agora I 7181 IG II 2 944b Stephen V Tracy An Interpretation of Six Rock Cut Inscriptions in the Attic Demes of Lamptraia John S Traill PARADEIGMA John Travlos and E L Smithson Regulations for an Athenian Festival Michael B Walbank The Final Battle at Plataia Paul W Wallace An Attic Farm near Laurion Livingston Vance Watrous Sepulturae Intra Urbem and the Pre Persian Walls of Athens F E Winter *Epicureanism and Scientific Debates. Epicurean Tradition and its Ancient Reception* Francesca Masi,Pierre-Marie Morel ,Francesco Verde,2024-11-05 Epicurean philosophy is a philosophy of knowledge nature and pleasure The second part of a two volume set this edited collection examines the core areas of Epicureanism physiology epistemology and ethics The study is carried out from multiple perspectives the reconstruction and analysis of primary sources an examination of the debates and controversies surrounding the school of Epicurus and a review of the reception of Epicurean philosophy By challenging the widespread stereotype of Epicureanism as a dogmatic closed system of thought this volume offers a fresh outlook on this philosophy The book includes studies of Epicureans linguistic theory and practice many fundamental aspects of Epicurean epistemology physiology and ethics and their reception the

communicative strategy of Epicurean works and the relationship between philosophy and the sciences **The Greek Philosophers** Alfred William Benn,1882 **Epicurus and the Singularity of Death** David B. Suits,2020-02-06 In his Letter to Menoeceus the ancient Greek philosopher Epicurus states that death is nothing to us Few philosophers then or since have agreed with his controversial argument upholding instead that death constitutes a deprivation and is therefore to be feared Diverging from the current trend and sparking fresh debate this book provides an imaginative defense of the Epicurean view of death Drawing on Epicurus s Principal Doctrines Lucretius s De Rerum Natura and Philodemus s De Morte David Suits argues that the usual concepts of harm loss and suffering no longer apply in death thus showing how the deprivation view is flawed He also applies Epicurean reasoning to key issues in applied ethics in order to dispute the claim that there can be a right to life to defend egoistic friendship and to consider how Epicureanism might handle wills and life insurance By championing the Epicurean perspective this book makes a valuable contribution to the contemporary philosophical debate about death **The Morality of Happiness** Julia Annas,1993-08-19 Ancient ethical theories based on the notions of virtue and happiness have struck many as an attractive alternative to modern theories But we cannot find out whether this is true until we understand ancient ethics and to do this we need to examine the basic structure of ancient ethical theory not just the details of one or two theories In this book Annas brings together the results of a wide ranging study of ancient ethical philosophy and presents it in a way that is easily accessible to anyone with an interest in ancient or modern ethics She examines the fundamental notions of happiness and virtue the role of nature in ethical justification and the relation between concern for self and concern for others Her careful examination of the ancient debates and arguments shows that many widespread assumptions about ancient ethics are quite mistaken Ancient ethical theories are not egoistic and do not depend for their acceptance on metaphysical theories of a teleological kind Most centrally they are recognizably theories of morality and the ancient disputes about the place of virtue in happiness can be seen as akin to modern disputes about the demands of morality *The Review of Reviews* ,1897 **The Sermon on the Mount and Spiritual Exercises** George Branch-Trevathan,2020-03-31 What in Matthew s view should a human being become and how does one attain that ideal In The Sermon on the Mount and Spiritual Exercises The Making of the Matthean Self George Branch Trevathan presents a new account of Matthew s ethics and argues that the evangelist presents the Sermon on the Mount as functioning like many other ancient sayings collections that is as facilitating transformative work on oneself or spiritual exercises that enable one to realize the evangelist s ideals The conclusion suggests some implications for our understanding of ethical formation in antiquity and the study of ethics more generally This will be an essential volume for scholars studying the Gospel of Matthew early Christian ethics the relationships between early Christian and ancient philosophical writings or ethical formation in antiquity *Marx s Ecology* John Bellamy Foster,2000-03 By reconstructing a materialist conception of nature and society Marx s Ecology challenges the spiritualism prevalent in the modern Green movement pointing toward a

method that offers more lasting sustainable solutions to the ecological crisis

On Epicurus Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**On Epicurus**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
