Screenwriting From The Heart:

Screenwriting from the Heart James Edward Ryan, 2000-01-01 Screenwriting from the Heart is James Ryan's answer to today's formulaic by the numbers Hollywood films. As a successful screenwriter and teacher, Ryan has distilled the content of his popular workshops into this indispensable guide to developing dramatic and passionate screenplays based on compelling characters. Maintaining that writing by formula results in contrived and untrue screenplays, Ryan's technique is based on the premise that our best work comes from the heart, from the inside out. This book shows screenwriters how to free up the unconscious imagination in order to use what they excavate from deep within themselves to craft a screenplay.

The Heart of the Film Cynthia Whitcomb, 2017-03-31 Most movies include a love story, whether it is the central story or a subplot, and knowing how to write a believable relationship is essential to any writer's skill set. Discover the rules and laws of nature at play in a compelling love story and learn and master them. Broken into four sections, *The Heart of the Film* identifies the critical features of love story development and explores every variation of this structure as well as a diverse array of relationships and types of love. Author Cynthia Whitcomb has sold over 70 feature-length screenplays and shares the keys to her success in *The Heart of the Film*, drawing on classic and modern films as well as her own extensive experience.

The Psychology of Screenwriting Jason Lee, 2013-07-18 *The Psychology of Screenwriting* is more than an interesting book on the theory and practice of screenwriting. It is also a philosophical analysis of predetermination and freewill in the context of writing and human life in our mediated world of technology. Drawing on humanism, existentialism, Buddhism, postmodernism, and transhumanism, and diverse thinkers from Meister Eckhart to Friedrich Nietzsche, Theodor Adorno, Jacques Derrida, Jean Baudrillard, and Gilles Deleuze, *The Psychology of Screenwriting* will be of use to screenwriters, film students, philosophers, and all those interested in contemporary theory. This book combines in-depth critical and cultural analysis with an elaboration on practice in an innovative fashion. It explores how people such as those in the Dogme 95 movement have tried to overcome traditional screenwriting, looking in detail at the psychology of writing and the practicalities of how to write well for the screen. This is the first book to include high theory with screenwriting practice whilst incorporating the Enneagram for character development. Numerous filmmakers and writers, including David Lynch, Jim Jarmusch, David Cronenberg, Pedro Almodóvar, Darren Aronofsky, Sally Potter, and Charlie Kaufman, are explored. *The Psychology of Screenwriting* is invaluable for those who want to delve deeper into writing for the screen. Conversations with Beth Henley Jackson R. Bryer, Mary C. Hartig, 2023-03-24 With roots in the American South, Beth Henley (b. 1952) has for four decades been a working playwright and screenwriter. Winner of the Pulitzer Prize in 1981 at the age of twenty-eight, Henley so far has written twenty-five produced plays that are always original, usually darkly comic, and often experimental. In these interviews, Henley speaks of the plays from her early crowd-pleasers *Crimes of the Heart* and *The Miss Firecracker Contest* to her more experimental plays including *The Debutante Ball* and *Control Freaks* to her brilliant and time-bending play *The Jacksonian*. Henley is a master at writing about the duality of human experience: the beautiful and the grotesque, the cruel and the loving. This duality provokes in Henley both amazement and compassion. She discusses here not only her admiration for Chekhov and other influences but also her process of bringing a play from notebooks of images and bits of dialogues through rumination, writing, and rewriting to rehearsals and previews. The interviews range from 1981, just before she won the Pulitzer Prize, to 2020 and cover nearly forty years of a creative life, which, as Henley remarks in the most recent interview, is such a life worth living to be in tune with the creative process.
