Scripture Account Of The Faith And Practice Of Christians 1843:

Black Women's Intellectual Traditions Kristin Waters, Carol B. Conaway, 2022-11-21 A new edition of a landmark work on Black women's intellectual traditions. An astonishing wealth of literary and intellectual work by nineteenth century black women is being rediscovered and restored to print. In Kristin B Waters's and Carol B Conaway's landmark edited collection *Black Women's Intellectual Traditions*, sophisticated commentary on this rich body of work chronicles a powerful and interwoven legacy of activism based on social and political theories that helped shape the history of North America. *Black Women's Intellectual Traditions* meticulously reclaims this American legacy providing a collection of critical analyses of the primary sources and their vital traditions. Written by leading scholars, this book is particularly powerful in its exploration of the pioneering thought and action of the nineteenth century Black woman lecturer and essayist Maria W Stewart, abolitionist Sojourner Truth, novelist and poet Frances Ellen Watkins Harper, educator Anna Julia Cooper, newspaper editor Mary Ann Shadd Cary, and activist Ida B Wells. The volume will interest scholars and readers of African American and women's studies, history, rhetoric, literature, poetry, sociology, political science, and philosophy. This updated edition features a new preface by the editors in light of current scholarship.

more than just a symbol Most early Baptists would have answered yes Most Baptists today would answer no How and why did this change happen and does it matter Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day The Secularization of Baptism demonstrates that four factors led to the symbolic only position becoming dominant These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross
