

An open Bible is shown in the center, with its pages filled with text. The background is a dark, textured surface with a pattern of white stars, reminiscent of the American flag. The lighting is dramatic, with a strong light source from the left creating a bright glow on the left page of the Bible and casting the rest into shadow.

Grudem, 2010 Should Christians be involved in political issues This comprehensive and readable book presents a political philosophy from the perspective that the Gospel pertains to all of life including politics *Politics According to the Bible* is an in depth analysis of conservative and liberal plans to do good for the nation evaluated in light of the Bible and common sense Evangelical Bible professor and author of the bestselling book *Systematic Theology* Wayne Grudem unpacks and rejects five common views about Christian influence on politics compel religion exclude religion all government is demonic do evangelism not politics and do politics not evangelism Instead he defends a position of significant Christian influence on government and explains the Bible's teachings about the purpose of civil government and the characteristics of good or bad governments Grudem provides a thoughtful analysis of over fifty specific and current political issues dealing with The protection of life Marriage the family and children Economic issues and taxation The environment National defense Relationships to other nations Freedom of speech and religion Quotas And special interests Throughout this book he makes frequent application to the current policies of the Democratic and Republican parties in the United States but the principles discussed here are relevant for any nation **The Bible in Politics** Richard Bauckham, 1989-01-01 This enlightening book on how to read the Bible politically serves as a prerequisite to Christian political action Richard Bauckham offers his interpretations of several Bible passage that are politically relevant and discusses how reading the Bible in a political context can lead to fresh insights *Bossuet: Politics Drawn from the Very Words of Holy Scripture* Jacques Bénigne Bossuet, 1999 This 1991 book was the first ever English rendition of the classic statement of divine right absolutism published in 1707 Jacques Benigne Bossuet argues in the *Politics* that a general society of the entire human race governed by Christian charity has given way after the Fall to the necessity of politics law and absolute hereditary monarchy That monarchy seen as natural universal and divinely ordained beginning with David and Solomon is defended in the first half of the book The last part added soon before Bossuet's death goes on to take up the rights of the Church the distinction between absolutism and arbitrariness and causes of just war Patrick Riley has provided full supporting materials including a chronology guide to further reading and a lucid introduction placing Bossuet in his historical and intellectual context *The Politics of Faith* Jerry L. Sumney, 2020-09-01 *The Politics of Faith* addresses key biblical texts and their intersection with questions of good government social policy and societal leadership It speaks to Christians and others who seek to ponder and discuss the role of faith and Bible in their decisions about civic politics and faithful citizenship This book aims to enable readers to see more clearly that the Bible does speak about the kinds of economic and social policies a nation should adopt It will empower them to claim the message of Scripture in favor of policies that promote the good of those who are disadvantaged and the good of the community It will help them make the argument that the Bible calls for laws and policies that expect the wealthy to contribute to the good of all including policies and laws

that are not always to their personal financial advantage The author explores ways the Old Testament shows God's concern for social structures the ideal early church community in Acts and how the Gospel of Matthew shows concern for social structures in the ministry of Jesus The final section looks at the writings of Paul showing how they demand certain kinds of political commitments This book will help readers talk about how a deeper understanding of Scripture can affect how one votes and the kinds of policies one supports Each chapter ends with a set of questions for discussion that both review what is in the chapter and provoke discussion about faithful action

Politics in the Bible Paul Abramson, 2017-09-08 The Bible is fundamental to Western culture Political philosophers from Hobbes Locke Montesquieu and Rousseau to modern political theorists such as George H Sabine Leo Strauss and Sheldon S Wolin have drawn upon biblical examples American political leaders such as Thomas Paine Abraham Lincoln and William Jennings Bryan all drew heavily upon the Bible Today most contemporary politicians display less familiarity with Scripture although many proudly proclaim themselves to be born again Christians Politics in the Bible has a simple goal to help readers to think critically about how the Bible illuminates understanding of justice leadership and politics For a political scientist there are great advantages to studying the Bible Students of the Bible have short texts to analyze but they have a history of two thousand years of Jewish and Christian scholarly discussion In that tradition Paul R Abramson analyzes stories drawn from eighteen of the thirty nine books of the Hebrew Bible and fifteen of the twenty seven books of the New Testament Abramson argues that the Bible is a book that should be read even by those who do not believe it has any transcendent significance One can choose to read it as the revealed word of God as a source of Western morality as a compilation of interesting stories poetry and history or as a work of great literature Although this book discusses selected stories that have political implications it also considers parts that have literary merit This unusual volume may stimulate new thinking about the Bible as a source of insight into political ideas

The Bible in Politics Richard Bauckham, 2011-01-01 This second edition of Bauckham's wonderful work is essential reading for understanding the relationship between the Bible and politics The enduring value of The Bible in Politics is that it teaches the reader how to read the Bible politically and to gain an understanding of the social relevance of the Bible that is more disciplined more informed more imaginative and more politically fruitful than many interpreters past and present have achieved

The Biblical Politics of John Locke Kim Ian Parker, Canadian Corporation for Studies in Religion, 2004-04-28 John Locke is often thought of as one of the founders of the Enlightenment a movement that sought to do away with the Bible and religion and replace them with scientific realism But Locke was extremely interested in the Bible and he was engaged by biblical theology and religion throughout his life In this new book K I Parker considers Locke's interest in Scripture and how that interest is articulated in the development of his political philosophy Parker shows that Locke's liberalism is inspired by his religious vision and particularly his distinctive understanding of the early chapters of the book of Genesis Unlike Sir Robert Filmer who understood the Bible to justify social hierarchies i.e. the divine right of the king the first born son's rights

over other siblings and the natural subservience of women to men Locke understood from the Bible that humans are in a natural state of freedom and equality to each other The biblical debate between Filmer and Locke furnishes scholars with a better understanding of Lockes political views as presented in his Two Treatises The Biblical Politics of John Locke demonstrates the impact of the Bible on one of the most influential thinkers of the seventeenth century and provides an original context in which to situate the debate concerning the origins of early modern political thought The Bible in American Law and Politics John R. Wo/men, Scripture, and Politics Elisabeth Schussler Fiorenza, 2021-08-31 In Wo men Scripture and Politics Elisabeth Schussler Fiorenza brings to bear years of trailblazing scholarship of feminist thought and hermeneutics onto the current political and cultural landscape In this book she seeks to articulate and use biblical interpretation as intervention into the failure of the democratic cultural political imagination Although such an intervention is often taboo for supposedly neutral academic scholarship Schussler Fiorenza argues that it is politically necessary because political argument today so often utilizes biblical rhetoric in the public square e biblical political analysis and suggestions of this book are developed in four chapters each focusing on the role of the Bible in struggles over women s leadership in the present touching on the cultural double bind of women in politics sexual abuse power and the MeToo movement Schussler Fiorenza s insights and arguments not only lead to the development of reimagined cultural biblical imprints of women in the political arena but they also encourage her readers to add their own biblical examples to inspire them in their struggle for a biblical vision of women in the public square is is an insightful challenging book written for our time by someone who has always seemed to be ahead of hers *Scripture Politics; a Sermon on Matt. A Nation of Politicians Padhraig Higgins, 2010-02-01 Between the years 1778 and 1784 groups that had previously been excluded from the Irish political sphere women Catholics lower class Protestants farmers shopkeepers and other members of the laboring and agrarian classes began to imagine themselves as civil subjects with a stake in matters of the state This politicization of non elites was largely driven by the Volunteers a local militia force that emerged in Ireland as British troops were called away to the American War of Independence With remarkable speed the Volunteers challenged central features of British imperial rule over Ireland and helped citizens express a new Irish national identity In A Nation of Politicians Padhraig Higgins argues that the development of Volunteer initiated activities associating petitioning subscribing shopping and attending celebrations expanded the scope of political participation Using a wide range of literary archival and visual sources Higgins examines how ubiquitous forms of communication sermons songs and ballads handbills toasts graffiti theater rumors and gossip encouraged ordinary Irish citizens to engage in the politics of a more

inclusive society and consider the broader questions of civil liberties and the British Empire A Nation of Politicians presents a fascinating tale of the beginnings of Ireland s richly vocal political tradition at this important intersection of cultural intellectual social and public history Winner of the Donald Murphy Prize for Distinguished First Book American Conference for Irish Studies

Politics after Christendom David VanDrunen,2020-04-21 For more than a millennium beginning in the early Middle Ages most Western Christians lived in societies that sought to be comprehensively Christian ecclesiastically economically legally and politically That is to say most Western Christians lived in Christendom But in a gradual process beginning a few hundred years ago Christendom weakened and finally crumbled Today most Christians in the world live in pluralistic political communities And Christians themselves have very different opinions about what to make of the demise of Christendom and how to understand their status and responsibilities in a post Christendom world Politics After Christendom argues that Scripture leaves Christians well equipped for living in a world such as this Scripture gives no indication that Christians should strive to establish some version of Christendom Instead it prepares them to live in societies that are indifferent or hostile to Christianity societies in which believers must live faithful lives as sojourners and exiles Politics After Christendom explains what Scripture teaches about political community and about Christians responsibilities within their own communities As it pursues this task Politics After Christendom makes use of several important theological ideas that Christian thinkers have developed over the centuries These ideas include Augustine s Two Cities concept the Reformation Two Kingdoms category natural law and a theology of the biblical covenants Politics After Christendom brings these ideas together in a distinctive way to present a model for Christian political engagement In doing so it interacts with many important thinkers including older theologians e g Augustine Aquinas and Calvin recent secular political theorists e g Rawls Hayek and Dworkin contemporary political theologians e g Hauerwas O Donovan and Wolterstorff and contemporary Christian cultural commentators e g MacIntyre Hunter and Dreher Part 1 presents a political theology through a careful study of the biblical story giving special attention to the covenants God has established with his creation and how these covenants inform a proper view of political community Part 1 argues that civil governments are legitimate but penultimate and common but not neutral It concludes that Christians should understand themselves as sojourners and exiles in their political communities They ought to pursue justice peace and excellence in these communities but remember that these communities are temporary and thus not confuse them with the everlasting kingdom

of the Lord Jesus Christ Christians ultimate citizenship is in this new creation kingdom Part 2 reflects on how the political theology developed in Part 1 provides Christians with a framework for thinking about perennial issues of political and legal theory Part 2 does not set out a detailed public policy or promote a particular political ideology Rather it suggests how Christians might think about important social issues in a wise and theologically sound way so that they might be better equipped to respond well to the specific controversies they face today These issues include race religious liberty family economics justice rights authority and civil resistance After considering these matters Part 2 concludes by reflecting on the classical liberal and conservative traditions as well as recent challenges to them by nationalist and progressivist movements

Rhetoric, Scripture and Theology Stanley E. Porter, Thomas H. Olbricht, 1996-09-01 Rhetoric Scripture and Theology aptly describe the contents of this collection of essays from the 1994 Pretoria Rhetoric Conference The conference marked a significant dialogue among scholars gathered from many nations to consider how rhetoric engages with the study of scripture and theology South Africa provided a suitable context for such discussion Although the contributors are not only from South Africa the addressing of issues pertinent to a South African context shows through in many of the essays Those that do not address particularly South African issues raise equally important issues regarding the topic of rhetoric and its relation to contemporary theological discourse

Preaching and Politics Tim J. R. Trumper, 2009-04-08 Today s culture war raises questions about pulpit ministry the answers to which are often assumed but rarely thought through Drawing on his transatlantic studies of both politics and theology scholar pastor Tim Trumper weighs the various homiletical approaches to political engagement In doing so he eschews the predominant apolitical and party political tendencies of the day preferring a mediating biblical political

approach that upholds the sanctity of the preacher's calling and the expository method of preaching. The result is a tract for our times, one that calls for the sermon's pre-eminence of the Kingdom of Heaven and the prophetic application of its lessons to the church and to the world.

web 1. In figure (i) and (ii) $DE \parallel BC$ find EC in (i) and AD in (ii).
Solution (i) Given in $\triangle ABC$, $DE \parallel BC$, $AD = 4$, $DB = 6$, $AE = 8$ using basic proportionality theorem $\frac{AD}{DB} = \frac{AE}{EC}$ $\frac{4}{6} = \frac{8}{EC}$ $EC = \frac{8 \times 6}{4} = 12$ cm.
hence $EC = 12$ cm.
(ii) Given in $\triangle ABC$, $DE \parallel BC$, $AD = 7$, $DB = 2$, $AE = 8$ using basic proportionality theorem $\frac{AD}{DB} = \frac{AE}{EC}$ $\frac{7}{2} = \frac{8}{EC}$ $EC = \frac{8 \times 2}{7} = \frac{16}{7}$ cm.
