When someone serves as a curator they make connections between different elements in the culture preserving the best of cultural traditions and promoting fresh ways of thinking and being in the world What might this work of curation mean for us In Curating Church readers learn how curation can reorient and sharpen the ways and work of the church Curation can inform how we connect with cultures beyond the church preserve what is best in the rich history of Christian thought and expression and nurture spaces where contemporary persons may be transformed by the gospel This book helps readers to understand with new richness the church and the world and it equips them to become active in making those connections as curators with and for others
