**The New Teacher's and Pupils' Cyclopaedia**, 1909      **Primary English: Teaching Theory and Practice** Jane Medwell, David Wray, Liz Coates, Hilary Minns, Vivienne Griffiths, 2009-06-30. This invaluable coursebook is designed for all trainees working towards Qualified Teacher Status (QTS). Covering the essential skills of planning, monitoring and assessment and class management, it relates these specifically to primary English. The text is structured around the current curriculum and incorporates the Primary National Strategy Content, which is linked to the 2007 QTS Standards. This fourth edition includes links with the Early Years Foundation Stage and updated research summaries. The 'Assessing English' chapter has been updated to include 'Assessment of Pupil Progress'. Examples of cross-curricular links with primary, modern foreign languages are also new to this edition.

Journal of Education, 1916      **The Eclectic Teacher and Southwestern Journal of Education**, 1877      Political Socialization of Youth Janette Habashi, 2017-01-06. This book increases the awareness of youth political agency and how it relates to adults, governments, communities and local and global discourse. It reveals the complexity of youth's political lives as it intersects with social identifiers such as location, gender and political status and interacts with neoliberal discourse embedded in media, local politics, education and religious idioms. This book fills a gap in existing research to provide a body of literature on the political socialization and its manifestation in youth political agency. The research findings aid in understanding the abilities of youth to reason, reflect upon, articulate and act upon their political views. This research is not only pertinent to children in Palestine but can also be applied to children living everywhere as global discourse of oppression is not limited to a location, age or a group.
