Inheritance in Contemporary America Jacqueline L. Angel, 2008-01-28 With the baby boom generation on the cusp of retirement life expectancies on the rise and the nation s cultural makeup in flux the United States is faced with social and policy quandaries that demand attention How are elders to balance the competing claims of helping family members during their lifetime saving for old age and planning estates What roles should the state family and individuals play in supporting people during later life Are new familial gift giving trends sustainable and if so what effects might they have on future generations Inheritance in Contemporary America tackles the complex legal policy and emotional issues that surround bequests and inheritances in an era of increasing longevity broadening ethnicity and unraveling social safety nets Through empirical analyses case studies interviews and anecdotes Jacqueline L Angel explains the historical nature of familial giving and how it is changing as the nation s demographics shift She explores the legal personal and policy complexities involved in passing wealth down through generations and provides a cross disciplinary context for exploring the indelible effects that newly unfolding inheritance practices will have on various societal cohorts and

the nation in general From nuclear and extended families to the state and nongovernmental bodies Angel s engaging study explores how attitudes toward aging are evolving and confronts in stark terms the legacy that these shifts in attitude will leave This book will be a vital tool for scholars and practitioners in gerontology sociology psychology anthropology economics political science and public policy *The Oxford Companion to American Law* ,2002 **Developments in Aging : 1997 and 1998** ,2000 Encyclopedia of Aging and Public Health Sana Loue,Martha Sajatovic,2008-01-16 Americans are living longer and the elder population is growing larger To meet the ongoing need for quality information on elder health the Encyclopedia of Aging and Public Health combines multiple perspectives to offer readers a more accurate and complete picture of the aging process The book takes a biopsychosocial approach to the complexities of its subject In depth introductory chapters include coverage on a historical and demographic overview of aging in America a guide to biological changes accompanying aging an analysis of the diversity of the U S elder population legal issues commonly affecting older adults and the ethics of using cognitively impaired elders in research From there over 425 entries cover the gamut of topics trends diseases and phenomena Specific populations including ethnic minorities custodial grandparents and centenarians Core medical conditions associated with aging from cardiac and pulmonary diseases to Parkinson s and Alzheimer s Mental and emotional disorders Drugs vitamins alternative medicine Disorders of the eyes feet and skin Insomnia and sleep disorders malnutrition and eating disorders Sexual and gender related concerns And a broad array of social and political issues including access to care abuse neglect veterans affairs and assisted suicide Entries on not quite elders concerns e g midlife crisis menopause are featured as well And all chapters and entries include references and resource lists The Encyclopedia has been developed for maximum utility to clinicians social workers researchers and public health professionals working with older adults Its multidisciplinary coverage and scope of topics make this volume an invaluable reference for academic and public libraries **Handbook of Aging and the Social Sciences** Robert H. Binstock,Linda K. George,Stephen J. Cutler,Jon Hendricks,James H. Schulz,2011-05-05 The Handbook of Aging and the Social Sciences Sixth Edition provides a comprehensive summary and evaluation of recent research on the social aspects of aging The 25 chapters are divided into four sections discussing Aging and Time Aging and Social Structure Social Factors and Social Institutions and Aging and Society Within this context aging is examined from the perspectives of many disciplines and professions including anthropology bioethics demography economics epidemiology law political science psychology and sociology The Sixth Edition of the Handbook is virtually 100% new material Seventeen chapters are on subjects not carried in the previous edition Seven topics were carried over from the previous edition but written by new authors with fresh perspectives and brought up to date Some of the exciting new topics include social relationships in late life technological change and aging religion and aging lifestyle and aging perceived quality of life economic security in retirement and aging and the law There is also a greater emphasis on international perspectives particularly in chapters on aging and politics diversity and aging and

immigration The Handbook will be of use to researchers and professional practitioners working with the aged It is also suitable for use as a course text for graduate and advanced undergraduate courses on aging and the social sciences

Handbook of Rural Aging Lenard Kaye, 2021-03-24 The Handbook of Rural Aging goes beyond the perspective of a narrow range of health professions disciplines and community services that serve older adults in rural America to encompass the full range of perspectives and issues impacting the communities in which rural older adults live Touching on such topics as work and voluntarism technology transportation housing the environment social participation and the delivery of health and community services this reference work addresses the full breadth and scope of factors impacting the lives of rural elders with contributions from recognized scholars administrators and researchers This Handbook buttresses a widespread movement to garner more attention for rural America in policy matters and decisions while also elevating awareness of the critical circumstances facing rural elders and those who serve them Merging demographic economic social cultural health environmental and political perspectives it will be an essential reference source for library professionals researchers educators students program and community administrators and practitioners with a combined interest in rural issues and aging
