Long Term Care For Older Persons A Policy Perspective

Alan Walker

Long Term Care For Older Persons A Policy Perspective:

Long-term Care for Older Persons Nancy N. Eustis, Jay N. Greenberg, Sharon K. Patten, 1984 *Long-term care for older people: A global perspective* Bo Hu, Ricardo Rodrigues, YongJoo Rhee, Raphael Wittenberg, 2023-05-04 **The OECD Health Project Long-term Care for Older People** OECD, 2005-06-30 This study reports on the latest trends in long term care policies in nineteen OECD countries and studies lessons learned from countries that undertook major reforms over the past decade **Effective Management of Long Term Care Facilities** Douglas Singh, 2010-02-18 *Effective Management of Long Term Care Facilities* explores the complex operations of the long term care facility and offers critical skills to current and future nursing home administrators for delivering quality cost effective services The Second Edition has been thoroughly revised and reorganized to offer a more cohesive presentation of the material New chapters that have been added cover the long term care industry long term care policy and supportive case studies that incorporate management and patient care issues **The Graying of the World** Laura Katz Olson, 1994 This unique book studies America's frail older population relative to the elderly in ten other nations It contains a cross national assessment of approaches to long term care for the elderly and explains the nature and extent of current and future problems related to caring for the functionally impaired elderly By studying and analyzing the ongoing struggles of other nations in their attempts to cope with growing populations of frail elderly readers in the U S can expand the parameters of their own national debate on the subject The Graying of the World shows the political economic and social context in which decisions on elder care are based and evaluates how successful various countries programs have been Chapters outline alternative approaches taken by disparate types of national systems highlighting unique and creative solutions to provide useful information on new and alternative ways to respond to personal and public issues related to elder care The elderly and their care in Finland France Germany Great Britain Israel Japan People's Republic of China Sweden and Yugoslavia are discussed as are the elderly in Canada and the United States Chapters cover the following topics for each country the increasing number of frail elderly and their costly health needs the current and future role of the state in elder care the current and future role of the family in elder care types of support services offered for the elderly including in home care community based care and institutional care the relationship of a nation's political economy to its attitude and policy on long term care innovative approaches to elder care Practitioners decision makers and the concerned general public will all find The Graying of the World an interesting and informative book that expands the discussion of health care options available for the elderly As such the book is also a helpful text for undergraduate and beginning graduate students of gerontology public policy and comparative politics as well as for social service practitioners It provokes much needed conversation on developing a healthcare plan for the future that meets the needs of a large elderly population **Care of Older Persons** Mala Kapur Shankardass, 2024-10-23 This book explores the implications and significant ethical social economic and health challenges that an ageing world population presents It

provides valuable insights on concerns related to providing organizing planning and managing care for older persons in both formal and informal settings As the number of older persons increases rapidly around the globe caring for them is a very important aspect of all ageing and aged societies While in most countries the care of older persons is provided informally by family members the changing social scene family structures and work and employment patterns are leading many nations to create provisions for formal care through institutions or paid services of caregivers This book offers perspectives on formal and informal care from countries such as Japan the Netherlands the USA India South Africa and Poland among others The essays in this book underline a rights based approach and focus on ethical social economic health and legal aspects of care as they pertain to the universal phenomena of ageing as well as the specific demographic and epidemiological realities of the selected countries They discuss concerns such as long term care provisions catering to the needs of people affected by dementia providing residential care taking the needs of family care providers into account the growing requirement for paid care workers and channelizing training of both skilled and semi skilled care providers to suit the needs of older people This volume would be of interest to scholars and those working in the fields of sociology health studies age and ageing psychology social work medical sciences nursing and public policy It will also be useful to NGO sector workers administrators as well as grassroots workers involved with the care of older persons

Long-term Care for Older People Manfred Huber, Organisation for Economic Co-operation and Development, Patrick Hennessy, 2005 Long term care is a cross cutting policy issue that brings together a range of services for persons who are dependent on help with basic activities of daily living When the cohorts of the baby boom generation will reach the oldest age groups over the next three decades demand for long term care will rise steeply How do governments in OECD countries respond to this growing demand What has been done to improve access to long term care improve quality of services and make care affordable Are there examples of successful strategies to improve the mix of services and policies to enable a larger number of older persons to stay in their homes And has this helped contain the costs of caring for the elderly This study reports on the latest trends in long term care policies in nineteen OECD countries Australia Austria Canada Germany Hungary Ireland Japan Korea Luxembourg the Netherlands New Zealand Norway Mexico Poland Spain Sweden Switzerland the United Kingdom and the United States It studies lessons learned from countries that undertook major reforms over the past decade Trends in expenditure financing and the number of care recipients are analyzed based on new data on cross country differences Special attention is given to experience with programs that provide consumers of services with a choice of care options including cash to family caregivers Concise country profiles of long term care systems and an overview on demography and living situations of older persons make this complex policy field more accessible

Continuing Care United States. Congress. House. Select Committee on Aging, 1985
A Study of Public Long-term Care Financing Sharon K. Patten, 1987

Aging and Disabilities James Callahan, 2019-04-11 This book helps in building a bridge between the networks The topics of aging and disabilities are

multifaceted and therefore may be approached in many ways The editors have chosen to focus on four systems and areas of common ground aging developmental disabilities independent living movement and rehabilitation to investigate the emerging intersection of the two fields

The Other Within Us Marilyn Pearsall, 2018-03-09 Feminist women bequeath to us a powerful critique of our society's obsession with beauty and impossible body ideals Having refused makeup high heels and short skirts in their youth these women are now entering the most stigmatized stage in a woman's life old age As she becomes the older woman the feminist's rejection of beauty standards and her ability to locate self worth is being challenged How will feminists respond to the issues raised in this phase of their lives By confronting the issues unique to older women in our culture and society these authors redress the neglect and isolation experienced within contemporary feminism and gerontology Ultimately the goal of the book is to inspire the aging woman to more easily embrace the older other within her

National Library of Medicine Current Catalog National Library of Medicine (U.S.), *Palliative care for older people* Lieve Van den Block, Gwenda Albers, Sandra Martins Pereira, Bregje Onwuteaka-Philipsen, Roeline Pasman, Luc Deliens, 2015-05-07 Current projections indicate that by 2050 the number of people aged over 80 years old will rise to 395 million and that by this date 25-30% of people over the age of 85 will show some degree of cognitive decline Palliative care for older people A public health perspective provides a comprehensive account of the current state of palliative care for older people worldwide and illustrates the range of concomitant issues that as the global population ages will ever more acutely shape the decisions of policy makers and care givers The book begins by outlining the range of policies towards palliative care for older people that are found worldwide It follows this by examining an array of socio cultural issues and palliative care initiatives from the care implications of health trajectories of older people to the spiritual requirements of palliative care patients and from the need to encourage compassion towards end of life care within communities to the development of care pathways for older people Palliative care for older people A public health perspective is a valuable resource for professionals and academics in a range of healthcare and public health fields to understand the current state of policy work from around the world The book also highlights the social cultural considerations that influence the difficult decisions that those involved in palliative care face not least patients themselves and offers examples of good practice and recommendations to inspire support and direct healthcare policy and decision making at organisational regional national and international levels

Long-term Care and the Law George D. Pozgar, 1992 This valuable handbook covers all facets of the legal environment of long term care administration in a clear non technical fashion

Ageing and Effecting Long-term Care in China Sabrina Ching Yuen Luk, Hui Zhang, Peter Pok-Man Yuen, 2021-12-19 Recognizing rapidly ageing population is one key concern faced by cities and the challenge it would present to healthcare system this book looks at ageing in China's population as well as the delivery and financing of long term care LTC in China The book compares key features of long term care insurance LTCI schemes in 15 pilot cities and evaluates the sustainability of various financing models adopted by the

cities in the LTCI schemes The book uses an interpretive case study approach to give an in depth look into the LTC models in three pilot cities Qingdao Nantong and Shanghai The three cities represent three different models of financing and delivering LTC To assess how effective the LTC models in these three cities are the book uses five criteria including utilization of medical resources cost equity quality of care and sustainability Also the authors discuss how the financing and delivery of LTC can be improved in China the impact of the 2019 coronavirus COVID 19 pandemic on older adults in need of LTC in the country and the implications of China s LTCI reform for other countries The book will be a useful reference to scholars and policy makers who look at urban ageing and healthcare costs and delivery **Current Catalog** National Library of Medicine (U.S.),

The Psychology of Aging Prof. Dr. Bilal Semih Bozdemir, Psychology of Aging Understanding the aging process Biological changes in the brain Cognitive changes with age Memory and learning in older adults Perceptual changes in aging Sensory processing and aging Motor functions and aging Sleep changes in older adults Emotional well being in later life Personality and aging Social relationships and aging Loneliness and social isolation Caregiving for older adults Alzheimer s disease and dementia Mild cognitive impairment Parkinson s disease and aging Stroke and aging Chronic health conditions in older adults Pain management in the elderly Polypharmacy and medication management Fall risk and prevention Nutrition and aging Physical activity and exercise Cognitive training and brain health Mindfulness and aging Lifelong learning and cognitive reserve Resilience and successful aging Retirement and lifestyle changes Grief loss and bereavement Ageism and stereotypes Elder abuse and neglect End of life care and planning Cultural perspectives on aging Gender differences in the aging process Socioeconomic status and aging Diversity and intersectionality in aging Public policies and programs for older adults The aging workforce and employment Technological advancements and aging Future trends in the psychology of aging Implications for healthcare and society Promoting positive and healthy aging Conclusion Embracing the psychology of aging

The Future of Ageing in Europe Alan Walker, 2018-11-23 This book provides the most comprehensive analysis available of the challenges created by Europe s ageing population Grounded in state of the art scientific assessments by leading European researchers the book is strongly policy focused Indeed this book contains a detailed account of the policies required across a broad field from economic sustainability and extending working lives to healthy ageing technological innovation long term care and political citizenship for the successful adaptation to the challenges of ageing in Europe and globally It is a policy manifesto to ensure that the future of ageing in Europe is transformed into a highly beneficial one for both citizens and societies International Perspectives on Health and Social Care Jon Glasby, Helen Dickinson, 2009-11-09

Partnership Working in Health and Social Care adopts a thematic approach to health and social care partnerships With chapters by leading international commentators the book covers key topics in partnership with a dual focus on both policy and practice **Long-term Care** United States. Congress. Senate. Special Committee on Aging, 1988
