Carol J. Perry, 2015-10-27 In Salem Massachusetts there are secrets everywhere even in the furniture When Lee Barrett spots the same style oak bureau she once had as a child on the WICH TV show Shopping Salem she rushes to the antiques shop and buys the piece Just like the beloved bureau she lost in a fire this one has secret compartments It also comes with an intriguing history it was purchased in an estate sale from a home where a famous local murder took place The day after the bureau is delivered Lee returns to the antiques shop and finds the owner dead The police suspect the shop owner's unscrupulous business partner but Lee wonders if the murder is connected to her new furniture At least part of the answer may be revealed through a mirror in the bureau tarnished and blackened allowing Lee to tap into her psychic visions Using this bureau of investigation Lee may be able to furnish her policeman beau with the evidence needed to catch the killer before the next one to be shut up is her **Look Both Ways**

Jennifer Baumgardner, 2025-06-25 For the acclaimed author and activist Jennifer Baumgardner bisexuality has always been more than the sexual non-preference of the 90s In Look Both Ways Baumgardner takes a close look at the growing visibility of gay and bisexual characters performers and issues on the national cultural stage Despite the prevalence of bisexuality among Generation X and Y women she finds that it continues to be marginalized by both gay and straight cultures and dismissed either as a phase or a cop out With intimacy and humor Baumgardner discusses her own experience as a bisexual and the struggle she's undergone to reconcile the privilege she's garnered as a woman who is perceived as straight and the empowerment and satisfaction she's derived from her relationships with women Part memoir part pop culture study Look Both Ways connects the prominent dots of a bisexual community Alix Kates Shulman Ani DiFranco Rebecca Walker and of course Anne Heche that Baumgardner argues have bridged feminist aims with those of the gay rights movement Look Both Ways is a compelling and current study in bisexual

Ditto,2023-02-09 One thing is for certain we serve a God that wants you to succeed in relationships More importantly your singleness matters to God God wants you to discover who you are in Him while single Prayerfully if you are single God wants you to understand your value and that you can experience victory even when you are by yourself Singleness is not a curse Your value doesn't decrease Your worth shouldn't be questioned No one should ever look over you because you are focused on your relationship with Christ If you have ever felt lonely experienced depression because you are single cried yourself to sleep because someone broke your heart this devotional is to help restore those broken pieces This is the perfect time aEURwhile single aEURto become who God has called you to be You are a royal priesthood a chosen generation and your relationship with Christ is the most important relationship that you and I have to steward over while single Desperation will encourage you to get ahead of God and settle

but destiny will inspire you to wait on God. I made a choice over twenty years ago as a teenager to pursue purity and the presence of God. I made a vow to God that I would stay single until my heart lined up with God's Word. I prayed that God would use my singleness to help this next generation and young adults to have a strategy to deal with singleness in a kingdom way. *Single Until* is a resource to embrace your singleness and to walk in the confidence of the Lord.

Out Of The Spotlight James Quinn, 2024-06-25 I began my writing career as a nightside reporter for the Evening Bulletin, a newspaper in Philadelphia. I progressed to writing plays, having spent seventeen years dancing and performing. This transitioned into my own publication, Stage Magazine, about little theater in Pennsylvania. I wrote news articles about the war in Vietnam and about the struggles our service men and women suffered, especially friends. Then life took a turn and I found myself wondering why so many friends were dying, which led me to *Out of the Spotlight*. *Out of the Spotlight* is about being in the right place at the right time and doing the right thing for your life to progress in a positive fashion. It speaks about personal responsibility and accepting the reality of life and all that it has to offer. Understanding and accepting your shortcomings helps you understand what it takes to be personally successful. *Out of the Spotlight* speaks about the choices we make and the outcome of those choices.

The Great Globe and All Who It Inherit David Kellogg, 2014-11-04 Every storyteller soon discovers the difference between putting a story inside children and trying to extract it with comprehension questions and putting children inside a story and having them act it out. Teachers may experience this as a difference in difficulty or in the level of motivation and enthusiasm or even in the engagement of creativity and imagination and leave it at that. This book explores the divide more critically and analytically, finding symmetrical and even complementary problems and affordances with both approaches. First we examine what teachers actually say and do in each approach using the systemic functional grammar of M. A. K. Halliday. Secondly we explore the differences developmentally using the cultural historical psychology of L. S. Vygotsky. Thirdly we explain the differences we find in texts by considering the history of genres from the

fable through the plays of Shakespeare Inside and Outside the story turn out to be two very different modes of experiencing the one reflective and narrativizing and the other participatory and dialogic These two modes of experience prove to be equally valuable and even mutually necessary but only in the long run different approaches are necessary at different moments in the lesson different points in development and even different times in human history In the final analysis though this distinction is meaningless to children and to their teachers unless it is of practical use Each chapter employs only the most advanced technology ever developed for making sense of human experience namely thinking and talking though not necessarily in that order So every story has a specific narrative to tell a concrete set of dialogues to try and above all a practicable time and a practical space for children their teachers and even their teachers teachers to talk and to think
