Schairer,2014-11-29 In July 1864 while hemmed in by Grant at Richmond General Robert E Lee conceived a bold plan designed not only to relieve Lynchburg and protect the Confederate supply line but also to ultimately make a bold move on Washington itself A major facet of this plan with the addition of General Jubal Early s forces became the

rescue of the almost 15 000 Confederate prisoners at Point Lookout a large Union prison camp at the confluence of the Potomac River and Chesapeake Bay With international recognition hanging in the balance for the Confederacy the failure of Lee s plan saved the Union and ultimately changed the course of the war This work focuses on the many factors that contributed to this eventual failure including Early s somewhat inexplicable hesitancy a significant loss of time for Confederate troops en route and aggressive defensive action by Union General Lew Wallace It also discusses various circumstances such as Washington s stripped defenses the potential release of imprisoned Southern troops and a breakdown of Union military intelligence that made Lee s gamble a brilliant well founded strategy

nature of wildfire in the Canadian north While growing up in Peace River Alberta Trina Moyles heard many stories of Lookout Observers strange eccentric types who spent five month summers alone climbing 100 foot high towers and watching for signs of fire in the surrounding boreal forest How could you isolate yourself for that long she wondered I could never do it she told herself Craving a deeper sense of purpose she left northern Alberta to pursue a decade long career in global humanitarian work After three years in East Africa and newly engaged Trina returned to Peace River with a plan to sponsor her fiance Akello s immigration to Canada Despite her fear of being alone in the woods she applied for a seasonal lookout position and got the job Thus begins Trina s first summer as one of a handful of lookouts scattered throughout Alberta with only a farm dog Holly labeled a domesticated wolf by her former owners to keep her company While searching for smoke Trina unravels under the pressure of a long distance relationship and a dawning awareness of the environmental crisis that climate change is producing in the boreal Through megafires lightning storms and stunning encounters with wildlife she learns to survive at the fire tower by forging deep connections with nature and with an extraordinary community of people dedicated to wildfire detection and combat In isolation she discovers a kind of self awareness and freedom that only solitude can deliver Lookout is a riveting story of loss transformation and belonging to oneself layered with an eyewitness account of the destructive and regenerative power of wildfire in our northern forests
