

Water safety

- Always swim with a parent and when lifeguards are on duty.
- Obey signs, warning flags and lifeguards.
- Riptides are powerful currents that flow away from shore. If you are caught in a riptide, don't try to swim against it. Instead, swim in the same direction as the shore until you are out of the current.
- Don't swim near piers or rocks, because currents can be strong near them.
- Never swim when there is lightning.
