MacDonald P. Jackson,2016-05-11 Published anonymously in 1823 The Night Before Christmas has traditionally been attributed to Clement Clarke Moore 1779 1863 who included it in his Poems 1844 But descendants of Henry Livingston 1748 1828 claim that he read it to his children as his own creation long before Moore is alleged to have composed it This book evaluates the opposing arguments and for the first time uses the author attribution techniques of modern computational stylistics to settle the long standing dispute Both writers left substantial bodies of verse which have been computer analyzed for distinguishing characteristics Employing a range of tests and introducing a new one statistical analysis of phonemes this study identifies the true author and makes a significant contribution to the growing field of attribution studies *Living a Life That Matters* Sanford Zensen,2025-01-23 Living a life that matters is within reach for everyone a life of significance one that makes a difference in the world and in daily interactions This book presents a foundational approach to daily living designed to achieve the best results for making

days and years truly meaningful There is a better way to live life than what many have been led to believe Living a Life That Matters encourages people to be authentic to be real and to live under the authority of God They are called to know love and live according to God s Word to engage the world with the truth of the Gospel to find and fulfill God s purpose for their lives and to live in His presence This book invites individuals to deepen their relationship with God glorify His name through attitude and action and for their own well being to pray They are urged to pray without ceasing about everything and to prepare for the challenges ahead Let the revolution begin A life that matters is possible for all *Soviet Life* ,1970

*Methodist Magazine and Quarterly Review* ,1912 *Hanging on the Ledge of Life* Sonny Lyall,2024-03-28 Out of the ranks of the middle class wise honest leaders will rise Truckers labourers bikers night club bouncers football players and soldiers Read this book to see how such people who once lived by a code can make North America great again by embracing new careers in religion and or politics *The Epworth Herald* ,1901 **Mysticism in Newburyport** Peter James Ford,2023-02-19 MYSTICISM IN NEWBURYPORT is a seven book series revealing ancient secrets from masters of all cultures along with modern day breakthroughs by scientists and quantum physicists of our times These tales began flowing after Peter s powerful spiritual awakening in Newburyport Massachusetts Newburyport is a quaint little historic seaport on the coast heading towards New Hampshire Peter had been sober in the 12 step recovery program for many years and had recovered from his alcoholism Peter s love of Nature had brought him to the Newburyport area This area is rich with Nature s treasures Native American Heritage and many tales from the tall cargo ships of olden days High street was lined with homes of these Sea Captains Peter s awakening had given him new eyes and new highly evolved senses Peter was to have powerful past lives experience with his Mystery Woman guide named Layne Layne was a mystic that would tell people things about themselves that there was no way she could know She would look you in the eyes and tell you your deepest secrets She also knew about the Earth s electromagnetic grids and helped Peter understand what he was experiencing in Newburyport Peter s new heightened senses could feel the electromagnet flow of energy and the convergence right below Market Square in Newburyport Market Square was one of the crossroads for these powerful electromagnet energies that gives life to our planet Peter was to share the secrets that were revealed to him in his writings **Significant Emotions** Ashley Frawley,2023-11-16 Significant Emotions is a piercing examination of the rising use of emotional signifiers in public debate and the rhetoric of an increasingly expansive array of social problems Building on ideas developed in Ashley Frawley s previous book Semiotics of Happiness it examines in detail the emotional turn across the social sciences and the broader cultural rise of the age of emotion and its influence on how we talk about and approach new social issues The book explores the rise of supposedly positive emotional signifiers that have gained prominence as powerful causes of and solutions to nearly every social ill from promoting self esteem happiness and mindfulness to concerns for well being and mental health Conceptualizing the rise and comparative decline of these emotional signifiers as cycles of discovery adoption expansion and

exhaustion the book argues that rather than calling into question one or another of these signifiers it is necessary to penetrate deeper to the underlying cultural currents that drive their adoption and contribute to their rhetorical power Through a systematic and in depth exploration of the appearance of these trends in a variety of claims making activities across academia traditional and social media and social policy Frawley argues that the age of emotion does not represent a step toward a more enlightened and emotionally aware society Rather it signifies a preoccupation with emotional deficits and a firm belief that emotional disorientation ultimately underlies nearly every social ill Emerging from the analysis is the conclusion that emotions have become key signifiers of broader cultural tendencies to affirm conservatism over progress vulnerability over resilience and the determined self over the free willing subject     **Book News** ,1898
