heart's deep core his ongoing presence and activity in the further evolution of our spiritual Earth and in our journey toward humanness These lectures are a comfort and a signpost for the soul to walk the inner path of communion with Christ for the healing and redemption of the earth We may be able in the end to redeem the karma accrued by our own individual souls but for our spiritual work to be fruitful for all humanity it must be brought into connection with Christ What we take into ourselves in such a way that it is done from the perspective of Not I this is what Christ makes into a common possession for all humanity July 14 1914 To know Christ means to undergo the school of selflessness Under the influence of materialism the selflessness of humanity was lost in a way as will be understood in future ages of humanity However through absorption in the Mystery of Golgotha the penetration of the knowledge of the Mystery of Golgotha with our whole feeling and soul being we can once again acquire a culture of selflessness We can come to understand that what Christ did for the development of the Earth is contained in the fundamental impulse of selflessness and that what he can become for the conscious development of the human soul is the school of selflessness Rudolf Steiner June 1 1914 To read these lectures is to strike out on the heart's path of fellowship with the living Christ This book is a translation from German of *Christus und die Menschliche Seele* über den Sinn des Lebens Theosophische Moral Anthroposophie und Christentum GA 155 3rd ed Rudolf Steiner Verlag Dornach Switzerland 1994 Cover image *Salvator Mundi* 1499 1510 by Leonardo da Vinci [USSR](#), 1960-07
