## **Looking For Sex In Shakespeare:**

Sexuality in the Age of Shakespeare W. Reginald Rampone Jr.,2011-05-18 This book examines the important themes of sexuality gender love and marriage in stage literary and film treatments of Shakespeare s plays The theme of sexuality is often integral to Shakespeare s works and therefore merits a thorough exploration Sexuality in the Age of Shakespeare begins with descriptions of sexuality in ancient Greece and Rome medieval England and early modern Europe and England then segues into examinations of the role of sexuality in Shakespeare s plays and poetry and also in film and stage productions of his plays The author employs various theoretical approaches to establish detailed interpretations of Shakespeare s plays and provides excerpts from several early modern marriage manuals to illustrate the typical gender roles of the time The book concludes with bibliographies that students of Shakespeare will find invaluable for further study

Looking for Sex in Shakespeare Stanley Wells,2004-04-22 Stanley Wells is one of the best known and most versatile of Shakespeare scholars His new book written with characteristic verve and accessibility considers how far sexual meaning in Shakespeare s writing is a matter of interpretation by actors directors and critics Tracing interpretations of Shakespearean bawdy and innuendo from eighteenth century editors to recent scholars and critics Wells pays special attention to recent sexually orientated studies of *A Midsummer Night s Dream* once regarded as the most innocent of its author s plays He considers the Sonnets some of which are addressed to a man and asks whether they imply same sex desire in the author or are quasi dramatic projections of the writer s imagination Finally he looks at how male to male relationships in the plays have been interpreted as sexual in both criticism and performance Stanley Wells s lively provocative and open minded new book will appeal to a broad readership of students theatregoers and Shakespeare lovers

**Pleasures of Memory in Shakespeare's Sonnets** John S. Garrison,2024-01-13 This imaginative and richly detailed study explores the deep connection between desire and recollection in Shakespeare s poetry Drawing on cognitive science the early modern memory arts and psychoanalysis as well as works by contemporary authors the book shows how Shakespeare s Sonnets treat memory as a form of poetic narrative **The Shakespeare Circle** Paul Edmondson,Stanley Wells,2015-10-22

This collection tells the life stories of the people whom we know Shakespeare encountered shedding new light on Shakespeare s life and times **Shakespeare Beyond Doubt** Paul Edmondson,Stanley Wells,2013-04-18 Did Shakespeare write Shakespeare This authoritative collection of essays brings fresh perspectives to bear on an intriguing cultural

phenomenon      **All the Sonnets of Shakespeare** William Shakespeare, 2020-09-10 A beautiful edition of Shakespeare's sonnets in chronological order including passages from his plays freshly introduced and paraphrased      *Shakespeare Without Boundaries* Dieter Mehl, 2011 Shakespeare without Boundaries Essays in Honor of Dieter Mehl offers a wide ranging collection of essays written by an international team of distinguished scholars who attempt to define to challenge and to erode boundaries that currently inhibit understanding of Shakespeare and to exemplify how approaches that defy traditional bounds of study and criticism may enhance understanding and enjoyment of a dramatist who acknowledged no boundaries in art The Volume is published in tribute to Professor Dieter Mehl whose critical and scholarly work on authors from Chaucer through Shakespeare to D H Lawrence has transcended temporal and national boundaries in its range and scope and who as Ann Jennalie Cook writes has contributed significantly to the erasure of political boundaries that have endangered the unity of German literary scholarship and more broadly through his work for the International Shakespeare Association to the globalization of Shakespeare studies      **Shakespeare's Sonnets** Paul Edmondson, Stanley W. Wells, Stanley Wells, 2004 The sonnets are among the most accomplished and fascinating poems in the English language They are central to an understanding of Shakespeare's work as a poet and poetic dramatist and while their autobiographical relevance is uncertain no account of Shakespeare's life can afford to ignore them So many myths and superstitions have arisen around these poems relating for example to their possible addressees to their coherence as a sequence to their dates of composition to their relation to other poetry of the period and to Shakespeare's plays that even the most naive reader will find it difficult to read them with an innocent mind Shakespeare's Sonnets dispels the myths and focuses on the poems Considering different possible ways of reading the Sonnets Wells and Edmondson place them in a variety of literary and dramatic contexts in relation to other poetry of the period to Shakespeare's plays as poems for performance and in relation to their reception and reputation Selected sonnets are discussed in depth but the book avoids the jargon of theoretical criticism Shakespeare's Sonnets is an exciting contribution to the Oxford Shakespeare Topics ideal for students and the general reader interested in these intriguing poems      Shakespeare, Cinema and Desire S. Ryle, 2013-11-13 Shakespeare Cinema and Desire explores the desires and the futures of Shakespeare's language and cinematographic adaptations of Shakespeare Tracing ways that film offers us a rich new understanding of Shakespeare it highlights issues such as media technology mourning loss the voice narrative territories and flows sexuality and gender      **William Shakespeare** Douglas J. King, 2020-10-08 Based on solid research and clear explanations this book provides a thorough and up to date analysis of 10 key facts and fictions regarding the life and works of William Shakespeare Shakespeare is perhaps the most famous author in world literature His works have attracted tremendous critical and historical attention and the world in which he lived has been the subject of hundreds if not thousands of books But for all the attention given to Shakespeare and his world arguments continue about what we can say for sure concerning his life and works This book brings a unique perspective to the ongoing fascination and debate over the

life and works of the most renowned writer of all time The book focuses on 10 separate key issues including Shakespeare's sexuality his religion his marriage and family his education and the vexing authorship question Each chapter treats a particular topic and provides a section on what people think happened how the story developed and what we now believe is the historical truth This book looks objectively and closely at evidence to provide the most likely explanations for questions that cannot be definitively answered Using historical primary source documents it gives readers the clearest possible view of endlessly fascinating topics **William Shakespeare , Shakespeare Scholars in Conversation** Michael P.
