Whole Wild World Tom Dusevic,2016-05-01 In this exuberant and compelling memoir of family and childhood readers will be swept away by Tom Dusevic s verve warmth and honesty

Suburban Sydney in the 1970s is an adventure playground especially for a busybody free range kid with energy big appetites and ungodly urges In such open space backyards are arenas for daydreaming and free play scars are marks of wisdom and school is an obstacle course between pleasure and pain And so is home as the author tries to make sense of his parents history and identity known but unknowable as post war refugees from Croatia He longs to be liberated from the family s quirks and the past and finds his escape in quiet moments of awe and simplicity This is a sensory tale of a glorious time to grow up in Australia by a visceral writer whose epiphanies are as startling as they are hilarious From rowdy street protests and footy crowds to the serenity of the Roselands Raindrop Fountain and storm water canals to the fevered set of a TV quiz show and the disco floor Dusevic launches himself into the whole wild world **Vitaphone Films** Roy Liebman,2015-05-20

social pressures and cautionary tales told her that these spaces were not meant for her as a woman. Reflecting on the ways our culture socializes women to remain indoors, Guignard shares her own struggles with finding her place outdoors. Refusing to stay indoors and safe, Guignard drove cross country with her dog, worked as a river guide, and set out to climb Mount Whitney. She recounts navigating outdoor interactions with male friends and strangers that range from wonderful to awkward to frightening. Now that she is settled with her own family, Guignard writes about how it is still more difficult for women than men to prioritize outdoor recreation time. These stories expose how cultural messages about women shape their experiences and interactions when backpacking, paddling, rock climbing, and bicycling. They broaden readers' notions of what adventure is, what places are considered wild and worth our care, and what types of people enjoy the outdoors. Drawing upon the art of the memoir and informed by analysis from women's studies and ecological literature, Guignard makes an impassioned case for why women and marginalized members of society should have the opportunity to experience nature. The self-reliance and connection with the natural world that outdoor recreation fosters are qualities we all need in order to do the work required by the environmental challenges ahead.
