Poetry in the Clinic Alan Bleakley, Shane Neilson, 2021-12-30 This book explores previously unexamined overlaps between the poetic imagination and the medical mind It shows how appreciation of poetry can help us to engage with medicine in more intense ways based on de-familiarising old habits and bringing poetic forms of close reading to the clinic Bleakley and Neilson carry out an extensive critical examination of the well established practices of narrative medicine to show that non narrative lyrical poetry does different kind of work previously unexamined such as place eclipsing time They articulate a groundbreaking lyrical medicine that promotes aesthetic ethical and political practices as well as noting the often concealed metaphor cache of biomedicine Demonstrating that ambiguity is a key resource in both poetry and medicine the authors anatomise poetic and medical practices as forms of extended and situated cognition grounded in close readings of singular contexts They illustrate structural correspondences between poetic diction and clinical thinking such as use of sound and metaphor This provocative examination of the meaningful overlap between poetic and clinical work is an essential read for researchers and practitioners interested in extending the reach of medical and health humanities narrative medicine medical education and English literature

The Letters of Emily Dickinson Martha Dickinson Bianchi, 2025-01-22 The Letters of Emily Dickinson offers an intimate portrait of one of America's most enigmatic poets through the perspective of her niece Martha Dickinson Bianchi. Blending biographical insights with personal correspondence, the work reveals Dickinson's intellectual depth, emotional intensity, and reclusive yet profoundly engaged existence. It explores her relationships, artistic philosophy, and the influences that shaped her poetry, providing a nuanced depiction of a literary figure often shrouded in mystery. Since its publication, The Letters of Emily Dickinson has been recognized for its valuable contribution to Dickinson scholarship, offering firsthand accounts that illuminate her creative process and personal struggles. By presenting a carefully curated selection of letters alongside biographical commentary, Bianchi crafts a narrative that deepens our understanding of Dickinson's poetic genius and the challenges she faced within the constraints of 19th-century society. The book's enduring significance lies in its ability to humanize Dickinson, bridging the gap between her secluded life and the universal themes of her work. By capturing her voice through her own words and those of her correspondents, The Letters of Emily Dickinson invites readers to reconsider the poet's legacy not just as an isolated genius but as a keen observer of life, love, and the complexities of human existence.

The Life and Letters of William Sharp and "Fiona Macleod". Volume 2: 1895-1899 William F. Halloran, 2020-04-14 What an achievement! It is a major work. The letters taken together with the excellent introductory sections so balanced and judicious and informative, what emerges is an amazing picture of William Sharp, the man and the writer, which explores just how fascinating a figure he is. Clearly a major reassessment is due, and this book could make it happen. Andrew Hook, Emeritus Bradley Professor of English and American Literature, Glasgow University. William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer, and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym; he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade, Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats. And in America, E. C. Stedman Sharp wrote, "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out." This three-volume collection brings together Sharp's own correspondence, a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith, and the Fiona Macleod letters which bring to life Sharp's intriguing second self. With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth-century English literature. It is essential for scholars of the period and it is an illuminating read for anyone interested in authorship and identity.
