Grace Aaron, 2005 Thought and Poetic Structure in San Juan de la Cruz's Symbol of Night is a comprehensive appraisal of the traditional critical perspectives of mysticism philosophical theological literary and psychological Examining the a priori limitations of these approaches the book presents an original definition of the symbol as an integral whole of experience and expression and concludes that night is the form the organizing principle of spiritual life *The Presence of God* Bernard McGinn, 1991 The foundations of mysticism series **Духовность Общества Иисуса** Жозеф де Гибер, 2015-11-01 **Pratique de l'oraison mentale et de la perfection d'après Sainte Thérèse et Saint Jean de la Croix** Alphonse de la Mère des Douleurs, 1912

Jason Scully,2017-10-27 Isaac of Nineveh s Ascetical Eschatology demonstrates that Isaac s eschatology is an original synthesis based on ideas garnered from a distinctively Syriac cultural milieu Jason Scully investigates six sources relevant to the study of Isaac s Syriac source material and cultural heritage These include ideas adapted from Syriac authors like Ephrem John the Solitary and Narsai but also adapted from the Syriac versions of texts originally written in Greek like Evagrius s Gnostic Chapters Pseudo Dionysius s Mystical Theology and the Pseudo Macarian homilies Isaac s eschatological synthesis of this material is a sophisticated discourse on the psychological transformation that occurs when the mind has an experience of God It begins with the premise that asceticism was part of God s original plan for creation Isaac says that God created human beings with infantile knowledge and that God intended from the beginning for Adam and Eve to leave the Garden of Eden Once outside the garden human beings would have to pursue mature knowledge through bodily asceticism Although perfect knowledge is promised in the future world Isaac also believes that human beings can experience a proleptic taste of this future perfection Isaac employs the concepts of wonder and astonishment in order to explain how an ecstatic experience of the future world is possible within the material structures of this world According to Isaac astonishment describes the moment when a person arrives at the threshold of eschatological perfection but is still unable to comprehend the heavenly mysteries while wonder describes spiritual comprehension of heavenly knowledge through the intervention of divine grace **Prémices et floraison de l'âge classique** Bernard Yon,1995 , **Poetics en passant** A.

Adopting the Tune of Phrase: An Emotional Symphony within **Loraison Contemplative**

In some sort of taken by displays and the ceaseless chatter of instantaneous conversation, the melodic splendor and mental symphony developed by the published term usually diminish in to the back ground, eclipsed by the constant noise and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Loraison Contemplative** a stunning literary treasure full of organic emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, this interesting masterpiece conducts visitors on an emotional trip, well unraveling the concealed songs and profound impact resonating within each carefully constructed phrase. Within the depths with this poignant assessment, we can examine the book is main harmonies, analyze its enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
