Maroevic, 1998 **Daily Life in Nazi-Occupied Europe** Harold J. Goldberg, 2019-10-25 Daily Life in Nazi Occupied Europe provides readers with information about political and military affairs economic life religious life intellectual life and other aspects of daily life in those countries occupied by Nazi Germany during World War II By the end of 1940 the Nazis controlled most of Europe and in 1941 they invaded the Soviet Union to complete their mission of domination The pattern of human resistance to the occupation was equally widespread in every country at least a significant minority of the population fought for human dignity Why did so many risk their lives and refuse to accept defeat This book goes beyond the impact of the occupation on different European countries examining that impact on individuals who regardless of what country they lived in faced a desperate search for food and the constant threat of death

This volume is intended to help readers to see the variety of struggles that contributed to the defeat of the oppressive occupation imposed by the Nazis. Readers will come away with an appreciation of the fact that there were as many types of daily lives as there were individuals under the occupation and that every person in the war had a unique experience. The Last Leonardo Ben Lewis, 2019-06-25 An epic quest exposes hidden truths about Leonardo da Vinci's Salvator Mundi, the recently discovered masterpiece that sold for 450 million and might not be the real thing. In 2017 Leonardo da Vinci's small oil painting the Salvator Mundi was sold at auction. In the words of its discoverer, the image of Christ as savior of the world is the rarest thing on the planet. Its 450 million sale price also makes it the world's most expensive painting. For two centuries art dealers had searched in vain for the Holy Grail of art history: a portrait of Christ as the Salvator Mundi by Leonardo da Vinci. Many similar paintings of greatly varying quality had been executed by Leonardo's assistants in the early sixteenth century. But where was the original by the master himself? In November 2017 Christie's auction house announced they had it. But did they? The Last Leonardo tells a thrilling tale of a spellbinding icon invested with the power to make or break the reputations of scholars, billionaires, kings, and sheikhs. Ben Lewis takes us to Leonardo's studio in Renaissance Italy, to the court of Charles I and the English Civil War, to Amsterdam, Moscow, and New Orleans, to the galleries, salerooms, and restorer's workshop as the painting slowly, painstakingly emerged from obscurity. The vicissitudes of the highly secretive art market are charted across six centuries. It is a twisting tale of geniuses and oligarchs, double crossings and disappearances in which we're never quite certain what to believe. Above all, it is an adventure story about the search for lost treasure and a quest for the truth. Praise for The Last Leonardo: The story of the world's most expensive painting is narrated with great gusto and formidably researched detail. In Ben Lewis's book, Lewis's probings of the Salvator's backstory raise questions about its historical status and visibility, and these lead in turn to the fundamental question of whether the painting is really an autograph work by Leonardo. Charles Nicholl, The Guardian. As the art historian and critic Ben Lewis shows in his forensically detailed and gripping investigation into the history, discovery, and sales of the painting, establishing the truth is like nailing down jelly. Michael Prodger, The Sunday Times. The Invisible Masterpiece Hans Belting, 2001-09 The invisible masterpiece then is an unattainable ideal, an ideal that has both bewitched and bewildered artists. The Invisible Masterpiece is an unusual reconstruction of the history of the work of art since 1800 in which Hans Belting explores and explains the dreams and fears, the triumphs and failures of modernity's painters and sculptors.
