Lessons of the Wild Edwin L. Andersen, 2009-05-13 Lessons of the Wild creates an awareness of the essential lessons that Nature teaches us and provides a guidebook for men and women particularly those in their forties fifties and sixties who are seeking greater significance in their lives This book traces the traditional meaning of wilderness blended with deep reflections and fascinating stories told by ordinary and some extraordinary people whose lives were dramatically altered by their experiences in wild places In Lessons of the Wild Ed Andersen proposes that we have become estranged from the Source of our being and that the wilderness is our place of deep belonging He calls for a rediscovery of our densely embedded affiliation with the Earth and its inhabitants In support of this call he offers five paired paths to wisdom called Habits of Wholeness which ultimately lead the reader to the consideration of a radical personal freedom The book is unique in the way that it captures the elusive relationship between the outer wilderness of Nature and the inner wilderness of the human spirit Lessons of the Wild is also a book about transitions particularly in the major passages from boyhood to manhood and from the middle years to an age of wisdom Lessons of the Wild is grounded in the profound conviction that wisdom can be drawn out of the wilderness and into everyday experience And that through Nature we can begin to recover some of what s missing from our lives

Witchcraft...Into the Wilds Rachel Patterson, 2018-02-23 *Witchcraft into the wilds* leads us through the wilds of nature and back to the roots and bones of witchcraft: a natural witchcraft that works with the seasons and all the natural items that Mother Nature provides, drawing on magical folk lore and a little bit of gypsy magic too. No fancy tools or ceremonial rituals; this is about working with the source. Mother Earth provides us with the changing of the seasons and within that turning of the year she gives us everything we need to work magic with: from natural energy in the form of storms, rain, and sunshine to tangible items packed full of magical energy such as seeds, leaves, and stones.
