that it was not the beginning of civilisation but the end The moving tale introduces the reader to the importance of Sankofa and the coming of age of the protagonist The riveting story is told through a gamut of real life characters all of whom represent TIME PAST TIME PRESENT AND TIME FUTURE The Spiritual Horizon of Psychotherapy William S. Schmidt, Merle R. Jordan, 2013-09-13 This book explores the wise and conscious use of spiritual resources within counselling and psychotherapy Written by veteran clinicians from different spiritual perspectives and from various therapeutic schools of thought this book provides a broad view of how the spiritual is present within therapeutic practice The work of counselling and psychotherapy is increasingly seeking to ground its efforts within the richness of spiritual traditions One of the surprising developments of the contemporary psychotherapeutic scene is a growing reliance on both hard objective sciences such as for example neurology or Genetics whilst at the same time engaging very subjective soft sciences such as states of consciousness studies psychology of religion clinical or Pastoral Theology and the over arching tasks of meaning making Written by and for clinicians who are also teachers in the field this collection offers a variety of viewpoints in terms of the diverse spiritual traditions they draw from theoretical sources that guide and inform them or the spiritual applications they bring to their work This book was published as a special issue of the Journal of Spirituality in Mental Health *A Far Horizon* Brenda Rickman Vantrease, 2019-02-01 As the English Civil War reaches its bloody climax three women must fight for survival in the captivating conclusion of the Broken Kingdom series Summer 1643 With neither side prepared to back down King Charles I and Parliament continue to wage a ruthless and gory war where no one is safe Even away from the battlefields daily life is a burden and three women struggle on with uncertain futures Caroline Pendleton a young widow must fend for herself in central London where tensions run at an all time high food is scarce and she is forced to share her home with Scottish soldiers Meanwhile Lucy Hay the beautiful Countess of Carlisle juggles her conflicting allegiances to both Crown and Parliament in the hope that she might avoid exile or worse And then there is Queen Henrietta Maria who is more unpopular than she s ever been Now that Parliament s troops are determined to have her head she faces exile to France once again but will her pregnancy scupper her escape Horizon Above and Beyond Tharun Kurian Alex, 2016-05-12 This compilation Horizon Above and Beyond is the outcome of the hard efforts of past two years Unlike other projects or approaches that attempt to pool out literature and language from each other the following text has attempted not to catalog either the text or the contents into any particular class of subjects of concern and thus keeping it broad and wide It sheds the limelight onto the research works done by the scholars of various disciplines The technical aspect of language such as linguistics and translation along with literary criticism and the researches on novels poems short stories films religion etc are brought under a single haven thereby extending the subjectivity of research on language and literature Similarly the rigidity fluidity and hypocrisy of the various social institutions are also put into scrutiny respectively in different areas Therefore instead of choosing the works that are purely literary those tinted with the flavor of other styles and outlooks are muddled
