

A photograph of a dirt path leading through a forest. The path is light brown and leads towards a bright, hazy opening in the trees. The trees on either side have autumn-colored foliage in shades of yellow, orange, and red. Some evergreen trees are visible in the background. The overall lighting is soft and warm.

Edmund Spenser, John Dryden

Love In Pity:

Love in Pity Barbara Cartland,1976 **Love and Lust** Theodor Reik,2002-01-01 The first part of the book is so far ahead of its time that it is still current It reveals Reik s departure from Freud s theories and from those of most of his contemporaries in psychology and psychoanalysis Part Two is a greatly abbreviated version of Masochism in Modern Man retaining those parts with a direct bearing on the subject of this volume Part Three offers two essays on why people remain single In the author s usual direct style they deal with the marriage shyness of the male and the psychological fears and resistance of both men and women to acceptance of the marriage bond Part Four is Reik at his wisest The first lady whom I asked to read the manuscript said smilingly M any of your impressions about us women are correct No man should read the book A few seconds later she said r rather every man should read the book **BOOK JACKET** *Love's Enlightenment* Ryan Patrick Hanley,2017-03-30 A number of prominent moral philosophers and political theorists have recently called for a recovery of love But what do we mean when we speak of love today Love s Enlightenment examines four key conceptions of other directedness that transformed the meaning of love and helped to shape the way we understand love today Hume s theory of humanity Rousseau s theory of pity Smith s theory of sympathy and Kant s theory of love It argues that these four Enlightenment theories are united by a shared effort to develop a moral psychology that can provide both justificatory and motivational grounds for concern for others in the absence of recourse to theological or transcendental categories In this sense each theory represents an effort to redefine the love of others that used to be known as caritas or agape a redefinition that came with benefits and costs that have yet to be fully appreciated **Lilith - A Romance** George

Miguel Unamuno, 2023-09-03 *Tragic Sense of Life in Spanish* *Del sentimiento trágico de la vida* is a philosophical work written by Miguel de Unamuno a prominent Spanish philosopher writer and existentialist of the late 19th and early 20th centuries. The book delves into themes of existentialism, faith, and the human condition. In *Tragic Sense of Life*, Miguel de Unamuno grapples with the fundamental questions of human existence and the meaning of life. He explores the complex and often paradoxical relationship between reason and faith, intellect and emotion, and the struggle to find meaning in a seemingly indifferent or hostile universe. Unamuno argues that humans have an inherent desire for immortality and an eternal truth, yet the uncertainty of life, the inevitability of death, and the limits of human understanding create a sense of existential anguish and tragedy. He delves into the inner conflicts and anxieties that arise from this confrontation between the desire for certainty and the awareness of our mortal nature. The author critiques the rationalism and scientific positivism of his time, asserting that reason alone cannot provide ultimate answers or fulfill the deeper yearnings of the human soul. He advocates for an embrace of the irrational, the passionate, and the unknown as crucial elements of the human experience. Throughout the book, Unamuno weaves in his personal struggles and experiences, infusing the philosophical exploration with a sense of authenticity and introspection. He invites readers to confront their own existential uncertainties and grapple with the enigma of human existence.

Who Do You Love Jean Thompson, 2000-11-02 This collection, named a finalist for the National Book Award and other honors, presents the lives of ordinary people who long for communion and grace with others. **The Facts on File Dictionary of Proverbs** Martin H. Manser, Rosalind Fergusson, 2007 Lists the meaning and origin of more than 1 700 traditional and contemporary English proverbs. [Tragic Sense Of Life](#) Miguel de Unamuno, 2022-06-02 In *Tragic Sense of Life*, Miguel de Unamuno explores the profound existential conflicts that define human experience through a rich tapestry of philosophical inquiry and passionate prose. Written at the turn of the 20th century, this work grapples with themes of faith, doubt, and the search for personal meaning within the context of a largely indifferent universe. Unamuno employs a distinctive literary style, blending autobiography with philosophical essay, inviting readers to engage deeply with the tension between reason and emotion and the inherent suffering that accompanies human existence. Miguel de Unamuno, a key figure of the Spanish Generation of 98, was profoundly influenced by the tumultuous socio-political landscape of his time, which informed his exploration of identity, culture, and the human condition. His own battles with faith and existential despair resonate throughout this text as he candidly reflects on the struggles of life. Unamuno's rich intellectual background and passion for vitalism compel him to question traditional notions of existence and inspire his call for an authentic life. *Tragic Sense of Life* is an essential read for those interested in existential philosophy and literature. It challenges readers to confront their own beliefs, providing a powerful meditation on the nature of suffering and the quest for meaning. This masterpiece beckons readers to embrace their own tragic sense of life, making it a timeless exploration of humanity's most pressing concerns.
