Macho Love Sex Behind Bars In Central America:

Macho Love Jacobo Schifter, 2014-01-14 *Macho Love Sex Behind Bars in Central America* is the first in depth study of sexual culture and AIDS in Latin prisons. Psychologists, social workers, criminologists and AIDS specialists will discover how the interplay of sexual ideals, prostitution, manipulation, resistance and power relationships among prisoners and some staff are based on money, sex, drugs and violence. *Macho Love* gives you a stirring and emotional look at the various risks and dangers lurking in the Latin American prison culture and discusses how Costa Rican and Central American prisons are improving the situation with new intervention programs. Fascinating and informative, *Macho Love* explores the dangerous Latin prison culture as it discusses new HIV/AIDS prevention programs implemented in some Costa Rican and Central American prisons, the frequency and types of prostitution and rape in prison, drug and alcohol addiction and their effects on the spread of HIV/AIDS, an understanding of why rehabilitation programs fail or succeed, the lack of opportunities to work or to study that leaves the inmates vulnerable to the only freedom they have left, sex, why a *cachero* or a man who penetrates another man is not considered a homosexual and often refuses to wear a condom which tremendously increases the risk of HIV/AIDS. *Macho Love* explores the life threatening sexual culture in prisons to bring you the realities of the Latin prison culture. This revealing book examines the different types of relationships which occur in prisons and the factors that place inmates at risk for contracting the HIV virus such as not wearing a condom because of intoxication due to drugs and alcohol. *Macho Love* also shows you how the new HIV/AIDS intervention programs in Costa Rica are combatting these serious problems to lower HIV infection rates and avoid the spread of this deadly and dangerous disease.

Mucho Macho Chris Girman, 2013-12-16 *Quality research uniquely enhanced by the author's personal experience*. In one of the first books to examine machismo from the perspective of Latin American and Latino men, Chris Girman relies on a compelling combination of ethnographic research and personal experience to explain how macho men like the author himself regulate and sustain same sex erotic encounters. Girman incorporates his own sexual experiences with a variety of Latin men into the book, infusing his writing with the unique perspective and vivid description that can only be related by someone who has lived the research he writes about. While most of the literature on Latin American male same sex desire ignores the significance of the male body in its investigation, this book shows why it is essential to focus on the macho male body and re-evaluates so called machismo to forge a more nuanced description of Latin American masculinity. Girman incorporates his own sexual experiences with a variety of Latin American men into the book, infusing his writing with the unique perspective and vivid descriptions that can only be related by someone who has lived the research he writes about. With this book you will become familiar with various kinds of Latin American homosexual behavior. Here is a glimpse at what you will find inside Machismo.

Practice Theorists and Macho Performance summarizes previous research on Latin American male homo sexuality and defines the author's concept of machismo and Latin American masculinity. *Head Hands Balls and Ass* shows why focusing on

the body as living matter rather than metaphor as is done in so many other books on sexuality is the ideal point of entry into the study of Latin American male homo sexuality and masculinity This chapter focuses on specific regions of the macho bodyhead hands balls and assto explain how machismo actually promotes rather than denies sexual encounters between men It also shows the importance of the Latin American family as a variable that structures the manner and frequency in which homo sexual encounters occur The Dominican T guere and Hegemonic Masculinities takes a specific look at a very peculiar form of hegemonic masculinityrelying on cunning more than strength to come out on tophat is indigenous to the Dominican Republic This chapter also tells the stories of five of the author s sexual encounters in that nation and discusses the tiguere style of masculine performance Desire in a Costa Rican Prison analyzes the ways in which desire power and pleasure are constituted in the Latin American prison environment Historical Representations of Same Sex Desire examines two short storiesEl Matadero Esteban Echeverria and Comienza el Desfile Reinaldo Arenas which highlight male eroticism as important concepts within discourses on national identity Both stories conceptualize same sex desire within specific historical moments and demonstrate how male homo sexuality emerges and represents itself not in contrast to the dominant discourse but within that discourse itself Familiar Familial Voices Latino Men Speak Out documents the voices of gay identified Latino men living in Central Texasmen who have come to love other Latin Black and Anglo men in the context of very full lives These men reveal their conceptions of identity race performance resistance family pleasure desire masculinity silence and place Performing Matter s Masculinity the Male Body and the Evocation of the non real defies the notion that written representations can capture the lived realities of Public Sex in a Latin Society Jacobo Schifter,2000 This informative book examines the dangers of violence murder and HIV contraction and how community organizations are trying to address these issues Containing interviews with police officials murderers and the sex workers themselves this in depth study discusses data on assault and crime to provide you with information on how individuals can stay safe while seeking sex in public places

Messner,2016 Gender Through the Prism of Difference adopts a global transnational perspective on how race class and sexual diversity are central to the study of sex and gender In contrast with other books in this area which tend to focus on U S or European viewpoints this wide ranging anthology features many articles based on research done elsewhere throughout the world Now in its fifth edition the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience Featuring twenty eight new readings this edition covers compelling subjects like transgendered people intersex issues men and masculinity sexual and gender violence disabilities obesity reproductive technologies educational testing aging and ageism and Occupy Wall Street **Becoming the Tupamaros** Lindsey Churchill,2021-04-30 In Becoming the Tupamaros Lindsey Churchill explores an alternative narrative of US Latin American relations by challenging long held assumptions about the nature of revolutionary movements like the

Uruguayan Tupamaros group A violent and innovative organization the Tupamaros demonstrated that Latin American guerrilla groups during the Cold War did more than take sides in a battle of Soviet and US ideologies Rather they digested information and techniques without discrimination creating a homegrown and unique form of revolution Churchill examines the relationship between state repression and revolutionary resistance the transnational connections between the Uruguayan Tupamaro revolutionaries and leftist groups in the US and issues of gender and sexuality within these movements Angela Davis and Eldridge Cleaver for example became symbols of resistance in both the United States and Uruguay and while much of the Uruguayan left and many other revolutionary groups in Latin America focused on motherhood as inspiring women's politics the Tupamaros disdained traditional constructions of femininity for female combatants Ultimately Becoming the Tupamaros revises our understanding of what makes a Movement truly revolutionary

Gender and Conflict Georg Frerks, Annelou Ypeij, 2016-04-15 Through an in depth analysis of the multifaceted manifestations of gender and conflict this book shows how cognition and behaviour agency and victimization are gendered beyond the popular stereotypes Conflict not only reconfirms social hierarchies and power relations but also motivates people to transgress cultural boundaries and redefine their self images and identities The contributions are a mix of classical ethnography performance studies and embodiment studies showing emotions and feelings often denied in scientific social research Strong in their constructivist approach and unorthodox in theory the articles touch upon the dynamic relation between the discourses embodiments and symbolic practices that constitute the gendered world of conflict The localities and research sites vary from institutional

settings such as a school rebel movements public toilets and the military to more artistic domains of gendered conflicts such as prison theatre classes and the capoeira ring At the same time these conflicts and domains appropriate wider discourses and practices of a global nature demonstrating the globalised and institutionalised nature of the nexus gender conflict A first set of chapters deals with breaking the gender taboos and renegotiating the stereotypical gender roles masculinities or femininities during conflict A second set of chapters focuses more explicitly on the bodily experience of conflict either physically or symbolically while the last set straddle body and narrative The inductive quality of the work leads to unexpected insights and does give access to worlds that are new and often surprising and unconventional **Violent and Vulnerable**

Male to Male Edward Tejirian,2013-04-03 Explore the feelings of men toward other men without the pigeonholing found in terms like gay and straight Male to Male Sexual Feeling Across the Boundaries of Identity starts with the evidence that most studies on male sexuality have ignored the same sex feelings of men whose identities are heterosexual Of the more than fifty men in this book almost half were aware of some degree of same sex feeling But beyond percentages the primary focus of Male to Male is the exploration through their own words of how these men experienced same sex feelings what these feelings meant to them the fears surrounding them and the consequences of the collision between their heterosexual

identities and their same sex feelings In addition to comparative data on women s same sex feelings as well as on what men say in regard to their feelings about women Male to Male includes material from two in depth case studies The first is on Clark an African American man who moved into sex with men in prison His story shows that the need to see gay men as feminine is really a cultural defense against the powerful pull toward the male to male bond and points to the movement to fulfill that bond when this defense is dropped The second is on Zack a gay police officer His story explores the different dimensions and meanings of the male to male bond as these unfolded in his own life while telling about the heterosexually identified men who came out to him about their own same sex feelings Male to Male will help you explore same sex feelings in heterosexual men and women same sex feelings in the military prison culture and the heterosexual role the fear of domination the aesthetics of fear and power the dynamics of rape compassionate relationships between heterosexual identified men and much more Male to Male provides evidence showing that the identity that really counts constituting the deepest source from which men s sexual feelings for each other spring is not specifically a gay or heterosexual identity That source is rather a male identity and beyond that a human identity
