St. Mary of Bethlehem** Terry Trainor, 2012-05-21 The Monros were also owners of private madhouses in Hackney and Clerkenwell and visiting physicians to scores of others. Indeed, the family name, *Monro*, became synonymous with the very word *mad*. Doctor Absenteeism of the medical officers at Bethlehem led to patients too often being at the mercy of untrained and overstretched staff. This was a central point of the shocking revelations of the Parliamentary enquiry into madhouses in 1815-16. James Monro and his son John had already suffered a public scandal with the publication of *A Treatise on Madness* in 1758. Here William Battie, physician to the London asylum of St. Luke's, argued that Bethlehem and the treatment doled out by the Monros was antiquated, negligent, and abusive. So began the great rivalry between the two establishments. *Mad Maudlin* Marie Brennan, 2014-02-05 For to see mad Tom o'Bedlam ten thousand miles she's traveled. Musical Spaces James Williams,Samuel Horlor,2021-11-29 There is growing recognition and understanding of music s fundamentally spatial natures with significances of space found both in the immediacy of musical practices and in connection to broader identities and ideas around music Whereas previous publications have looked at connections between music and space through singular lenses such as how they are linked to ethnic identities or how musical images of a city are constructed this book sets out to explore intersections between multiple scales and kinds of musical spaces It complements the investigation of broader power structures and place based identities by a detailed focus on the moments of music making and musical environments revealing the mutual shaping of these levels The book overcomes a Eurocentric focus on a typically narrow range of musics especially European and North American classical and popular forms with case studies on a diverse set of genres and global contexts inspiring a range of ethnographic text based historical and practice based approaches
