Mad Women In Romantic Writing:

Mad Women in Romantic Writing Philip W. Martin, 1987

Fatal Women of Romanticism Adriana Craciun, 2002-12-12

Incarnations of fatal women or femmes fatales recur throughout the works of women writers in the Romantic period. Adriana Craciun demonstrates how portrayals of femmes fatales or fatal women played an important role in the development of Romantic women's poetic identities and informed their exploration of issues surrounding the body, sexuality, and politics. Craciun covers a wide range of writers and genres from the 1790s through the 1830s. She discusses the work of well-known figures including Mary Wollstonecraft as well as lesser-known writers like Anne Bannerman. By examining women writers' fatal women in historical, political, and medical contexts, Craciun uncovers a far-ranging debate on sexual difference. She also engages with current research on the history of the body and sexuality, providing an important historical precedent for modern feminist theory's ongoing dilemma regarding the status of woman as a sex.

Romanticism and Women Poets

Harriet Kramer Linkin, Stephen C. Behrendt, 2021-10-21. One of the most exciting developments in Romantic studies in the past decade has been the rediscovery and repositioning of women poets as vital and influential members of the Romantic literary community. This is the first volume to focus on women poets of this era and to consider how their historical reception challenges current conceptions of Romanticism. With a broad revisionist view, the essays examine the poetry these women produced, what the poets thought about themselves and their place in the contemporary literary scene, and what the recovery of their works says about current and past theoretical frameworks. The contributors focus their attention on such poets as Felicia Hemans, Letitia Elizabeth Landon, Charlotte Smith, Anna Barbauld, Mary Lamb, and Fanny Kemble and argue for a significant rethinking of Romanticism as an intellectual and cultural phenomenon. Grounding their consideration of the poets in cultural, social, intellectual, and aesthetic concerns, the authors contest the received wisdom about Romantic poetry, its authors, its themes, and its audiences. Some of the essays examine the ways in which many of the poets sought to establish stable positions and identities for themselves, while others address the changing nature over time of the reputations of these women poets.

Rhyming Reason Michelle Faubert, 2015-10-06. During the Romantic era, psychology and literature enjoyed a fluid relationship. Faubert focuses on psychologist-poets who grew out of the literary-medical culture of the Scottish Enlightenment. They used poetry as an accessible form to communicate emerging psychological, cultural, and moral ideas.

The Thin Woman Helen Malson, 2023-12-21. The first edition of *The Thin Woman* first published in 1998 provides an in-depth discussion of anorexia nervosa from a critical feminist social psychological standpoint. In the original text, the author argues that the notion of anorexia as a medical condition limits our understanding of anorexia and the extent to which we can explore it as a socially and discursively produced problem. The book now has a new introduction that discusses some of the major cultural and academic developments that have occurred since its first publication. In considering our changing cultural landscapes, the introduction goes on to discuss the so-called obesity crisis, the emergence of post-feminism, the massive global

expansion of digital and social media and most recently the Covid 19 pandemic Turning to academic developments it focuses on the increasing recognition of intersectional feminism and reflects on how intersectional perspectives are now beginning to shape critical feminist research and theory in this field The new introduction also highlights the significant growth in the last 25 years of critical feminist research on eating disorders which has brought with it a greater awareness of intersectional theory and a more inclusive agenda an expansion of research foci a diversification of methodologies and the emergence of more egalitarian models of research in which those with lived experience of eating disorders are becoming valued research team members who help to shape research aims designs and processes Based on original research using historical and contemporary literature on anorexia nervosa and a series of interviews with women who identified as anorexic this book offers critical insights into this problem It is an invaluable read for anyone interested in eating disorders and gender developments in feminist post structuralist theory and discourse analytic research in psychology

Backstage in the Novel Francesca Saggini, 2012-06-07 In *Backstage in the Novel* Francesca Saggini traces the unique interplay between fiction and theater in the eighteenth century through an examination of the work of the English novelist diarist and playwright Frances Burney Moving beyond the basic identification of affinities between the genres Saggini establishes a literary cultural context for Burney's work considering the relation between drama a long standing tradition and the still emergent form of the novel Through close semiotic analysis intertextual comparison and cultural contextualization Saggini highlights the extensive metatextual discourse in Burney's novels allowing the theater within the novels to surface Saggini's comparative analysis addresses among other elements textual structures plots characters narrative discourse and reading practices The author explores the theatrical and spectacular elements that made the eighteenth century novel a hybrid genre infused with dramatic conventions She analyzes such conventions in light of contemporary theories of reception and of the role of the reader that underpinned eighteenth century cultural consumption In doing so Saggini contextualizes the typical reader spectator of Burney's day one who kept abreast of the latest publications and was able to move effortlessly between high sentimental dramatic and low grotesque comedic cultural forms that intersected on the stage *Backstage in the Novel* aims to restore to Burney's entire literary corpus the dimensionality that characterized it originally It is a vivid close up view of a writer who operated in a society saturated by theater and spectacle and who rendered that dramatic text into narrative More than a study of Burney or an overview of eighteenth century literature and theater this book gives immediacy to an understanding of the broad forces informing and channeled through Burney's life and work

Distorted Bodies and Suffering Souls. Chantal Kwast-Greff, 2013 Chaos Pain Self mutilation Women starve themselves They burn or slash their own flesh or their babies throats and slam their newborns against walls Their bodies are the canvases on which the suffering of the soul carves itself with knife and razor In Australian fiction written by women

between 1984 and 1994 female characters inscribe their inner chaos on their bodies to exert whatever power they have over themselves Their self inflicted pain is both reaction and language the bodily sign not only of their enfeeblement but also to a certain extent of their empowerment of themselves and their world The texts considered in this book chiefly by Margaret Coombs Kate Grenville Fiona Place Penelope Rowe Leone Sperling and Amy Witting function as both defiance and acceptance of prevailing discourses of femininity and patriarchy between submission and a possible future The narratives of anorexia bulimia fatness self mutilation incest and murder shock the reader into an understanding of deeper meanings of body and soul and prompt a tentative interpretation of fiction in relation to the world of real women and men in contemporary white Australia This is affective literature with the reader in voyeuristic complicity Holding up the mirror of fiction the women writers act perform as a social lever their narratives as Bildungsromane But there is a risk that of reinforcing stereotypes and codes of conduct which supposedly long gone still represent women as victims Why are the female characters self destroyers and victims Why are they not heroes saviours or conquerors If women read about women themselves and feel pity for the Other they read about they will also feel pity for themselves there is little happiness in being a woman But infanticide and distorting the body are problem solving behaviours In truth the bodies of the female characters bear the marks and scars of the history of their mothers and the history of their grandmothers indeed that of their own the history of survivors

Madwomen in Social Justice Movements, Literatures, and Art Jessica Lowell Mason, Nicole Crevar, 2023-01-10 Madwomen in Social Justice Movements Literatures and Art boldly reasserts the importance of the Madwoman more than four decades after the publication of Sandra Gilbert and Susan Gubar's seminal work in feminist literary criticism The Madwoman in the Attic Since Gilbert and Gubar's work was published the Madwoman has reemerged to do important work rock the academic boat and ignite social justice agency inside and outside of academic spaces moving beyond the literary context that defined the Madwoman in the late 20th century In this dynamic collection of essays scholars creative writers and Mad activists come together to re define the Madwoman in pluralistic and expansive ways and to realize new potential in Mad agency This collection blazes new directions of thinking through Madness as a gendered category comprised of a combination of creative works that re imagine the figure of the Madwoman speeches in which Mad identifying artists and writers reclaim the label of Madwoman and scholarly essays that articulate ambitious theories of the Madwoman The collection is an interdisciplinary scholarly resource that will appeal to multiple academic fields including literary studies disability studies feminist studies and Mad studies Additionally the work contributes to the countermovement against colonial sanist patriarchal and institutional social practices that continue to silence women and confine them to the metaphorical attic Appealing to a broad audience of readers Madwomen in Social Justice Movements Literatures and Art is a cutting edge inquiry into the implications of Madness as a theoretical tool in which dissenting deviant and abnormal women and gender non conforming writers artists and activists open the door to Mad futurities Gendering Women Suzanne Clisby, Julia

Holdsworth,2016-02-17 Engaging and accessible *Gendering Women* explores the constructions of femininity and how they fundamentally affect women's mental well being through the lifecourse Drawing on accounts from women of growing up and growing older in the north of England the book shows how experiences of becoming and being a woman in family life education employment motherhood and in the presence of violence both enable and erode self confidence and self esteem The volume draws a critical link between contemporary gender theory and the lived experiences of women today and will appeal to students and scholars in sociology and the broader social sciences *Wordsworth After War* Philip

Shaw,2023-07-20 William Wordsworth's later poetry complicates possibilities of life and art in war's aftermath This illuminating study provides new perspectives and reveals how his work following the end of the revolutionary and Napoleonic wars reflects a passionate lifelong engagement with the poetics and politics of peace Focusing on works from between 1814 and 1822 Philip Shaw constructs a unique and compelling account of how Wordsworth in both his ongoing poetic output and in his revisions to earlier works sought to modify refute and sometimes sustain his early engagement with these issues as both an artist and a political thinker In an engaging style Shaw reorients our understanding of the later writings of a major British poet and the post war literary culture in which his reputation was forged This title is part of the Flip it Open

Martin Halliwell,2017-03-02 This book traces the concept of idiocy as it has developed in fiction and film in the nineteenth and twentieth centuries It focuses particularly on visual images of idiocy and argues that writers as diverse as Gustave Flaubert Fyodor Dostoevsky Joseph Conrad John Steinbeck Flannery O'Connor and Rohinton Mistry and filmmakers such as Jean Renoir Akira Kurosawa Alfred Hitchcock Werner Herzog and John Huston have all been attracted to idiot figures as a way of thinking through issues of language acquisition intelligence creativity disability religion and social identity Martin Halliwell provides a lively and detailed discussion of the most significant literary and cinematic uses of idiocy arguing that scientific conceptions of the term as a classifiable medical condition are much too narrow With the explosion of interest in idiocy among American and European filmmakers in the 1990s and the growing interest in its often overlooked history this book offers a timely reassessment of idiocy and its distinctive place at the intersection of science and culture **Women,**

Wellness, and the Media Margaret C. Wiley,Barbara Barnett,2009-05-27 As a former nurse and someone who now teaches Women's Studies I have long been interested in the politics of health care Today most Americans would agree that our health care system is broken We pay more for health care than any nation in the world yet in 2007 the World Health Organization ranked us as 37th in quality of health care Forty six million Americans are now without health insurance What is happening here And just where are all these dollars going In *Women Wellness and the Media* thirteen scholars from a wide range of disciplines examine the relationship between media stereotypes and women's health They look at several images of women the perfect mom the straight bikini clad sixteen year old blond who has been air brushed to perfection the wild black Jezebel

who struts her stuff and the shriveled up menopausal crone The writers point out that these images are making millions of dollars for all sorts of businesses ranging from the pharmaceutical industry to women s magazines Scholars have long noted that stereotypes disempower women in Women Wellness and the Media we see how these stereotypes actually harm women s health while turning millions in corporate profits *Madness in Post-1945 British and American Fiction* C. Baker,P.

Crawford,Brian Brown,Maurice Lipsedge,R. Carter,2010-10-14 A comprehensive and thematic exploration of representations of madness in postwar British and American Fiction this book is relevant to those with interests in literary studies and is a vital read for psychiatric clinicians and professionals who are interested in how literature can inform and enhance clinical practices **John Clare and Community** John Goodridge,2013 John Clare 1793 1864 is one of the most sensitive poetic

observers of the natural world Born into a rural labouring family he felt connected to two communities his native village and the Romantic and earlier poets who inspired him The first part of this study of Clare and community shows how Clare absorbed and responded to his reading of a selection of poets including Chatterton Bloomfield Gray and Keats revealing just how serious the process of self education was to his development The second part shows how he combined this reading with the oral folk culture he was steeped in to create an unrivalled poetic record of a rural culture during the period of enclosure and the painful transition to the modern world In his lifelong engagement with rural and literary life Clare understood the limitations as well as the strengths in communities the pleasures as well as the horrors of isolation *Dramatizing Dementia*

Jacqueline O'Connor,1997 This study examines the presentation of madness in the major plays by Tennessee Williams and demonstrates the ways that Williams s preoccupation with the mentally ill and society s treatment of them were explored through his drama Thematic chapter groupings divide the analysis into discussions of confinement language women and the artist The critical approach is eclectic and the author draws on a variety of psychological literary and biographical sources to construct her argument Analysis of madness in such plays as *A Streetcar Named Desire* *Suddenly Last Summer* *The Night of the Iguana* and *The Two Character Play* will interest scholars of Williams and readers interested in literary madness **John**

Clare R. Sales,2001-12-12 This book situates John Clare s long prolific but often badly neglected literary life within the wider cultural histories of the Regency and earlier Victorian periods The first half considers the construction of the Regency peasant poet and how Clare performed this role on stages such as the *London Magazine* It also looks at the way in which it went out of fashion as Regency mentalities were replaced by early Victorian ones The second half recreates asylum culture and places Clare s performances as Regency boxers and Lord Byron within this bleak new world *The Heart of*
