Madagascar is one of the world's natural jewels with over ninety per cent of its wildlife found nowhere else on Earth. Few people knew it better than the pioneering primatologist and conservationist Alison Jolly. Thank You Madagascar is her eyewitness account of the extraordinary biodiversity of the island and the environment of its people. At the book's heart is a conflict between three different views of nature: Is the extraordinary forest treasure house of Madagascar a heritage for the entire world? Is it a legacy of the forest dwellers' ancestors bequeathed to serve the needs of their living descendants? Or is it an economic resource to be pillaged for short-term gain and to be preserved only to deliver benefits for those with political power? Exploring and questioning these different views, this is a beautifully written diary and a tribute to Madagascar.
