D'ÉPINAY, 1869 A Woman, A Man, and Two Kingdoms Francis Steegmüller, 2014-07-14 Pre-revolutionary Paris comes to life in this fascinating story surrounding the correspondence between two colorful and witty society figures the French author Louise d'Épinay and the Italian priest diplomat Ferdinando Galiani Their friends included Voltaire Diderot Melchior Grimm and the famous women of the salons and their letters touched upon everything from social gossip to issues of education and politics Francis Steegmüller's book is at once a unique history and a charming account of friendship sustained in a turbulent age Originally published in 1993 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Wild Girl, Natural Man, and the Monster Julia V. Douthwaite, 2010-11-15 This study looks at the lives of the most famous wild children of eighteenth century Europe showing how they open a window onto European ideas about the potential and perfectibility of mankind Julia V. Douthwaite recounts reports of feral children such as the wild girl of Champagne captured in 1731 and baptized as Marie Angélique Leblanc offering a fascinating glimpse into beliefs about the difference between man and beast and the means once used to civilize the uncivilized A variety of educational experiments failed to tame these feral children by the standards of the day After telling their stories Douthwaite turns to literature that reflects on similar experiments to perfect human subjects Her examples range from utopian schemes for progressive childrearing to philosophical tales of animated statues from revolutionary theories of regenerated men to Gothic tales of scientists run amok Encompassing thinkers such as Rousseau Sade Defoe and Mary Shelley Douthwaite shows how the Enlightenment conceived of mankind as an infinitely malleable entity first with optimism then with apprehension Exposing the darker side of eighteenth century thought she demonstrates how advances in science gave rise to troubling ethical concerns as parents scientists and politicians tried to perfect mankind with disastrous results Les Passions intellectuelles, tome 2 Elisabeth Badinter, 2002-08-28 *Les Passions intellectuelles*

clarent de façon indite la société des Lumières cette tribu intellectuelle qui inaugure les temps modernes ses grandeurs et ses faiblesses Dans le premier volume Dirs de gloire on a vu se dessiner une nouvelle figure du savant incarné par Maupertuis qui rêve de l'onction de l'opinion publique naissante Ce deuxième volume Exigence de dignité ouvre sur l'image des philosophes aux prises avec leurs propres contradictions Apprésenté par l'opinion publique les Encyclopédistes par la voix de D'Alembert appellent désormais au respect de leur indépendance En effet que valent la gloire et l'argent s'ils se paient de la compromission et de la soumission à l'égard des grands Si rivalités et ambitions personnelles ont un temps raison de leur posture morale le combat de Voltaire pour la réhabilitation de Calas va restaurer la crédibilité entamée de ceux qu'on risquait de ne plus percevoir que comme de prétendants donateurs de lions Philosophe observatrice de l'évolution des mentalités et des mœurs Elisabeth Badinter a publié aux éditions Fayard Les Passions intellectuelles tome 1 Dirs de gloire 1735-1751 la Correspondance inédite de Condorcet et Madame Suard 1771-1791 et en collaboration avec Robert Badinter Condorcet Un intellectuel en politique

The Feminist Encyclopedia of French Literature Eva M. Sartori, 1999-07-30 The earliest known literary productions by women living in Europe were probably written by French writers As early as the 12th century women troubadours in the south of France were writing poems French women continued writing through the ages their number increasing as education became more available to women of all classes And yet of the great number of works by women writers who preceded the current feminist movement very few have survived A few writers such as Marie de France George Sand and Simone de Beauvoir became part of the canon But critics mostly male had judged the works of only a few women writers worthy of recognition As part of the feminist move to reclaim women writers and to rethink literary history scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon This reference book provides extensive information about French women writers and the world in which they lived Included are several hundred alphabetically arranged entries for authors literary genres such as the novel poetry and the short story literary movements such as classicism realism and surrealism life cycle events particular to women such as menstruation and menopause events and institutions which affected women differently than men such as revolutions wars and laws on marriage divorce and education The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France The entries are written by expert contributors and each includes bibliographical information The entries focus on each writer's awareness of how her gender shaped her outlook and opportunities on how categorizations structures and terms used to describe literary works have been defined for women and the ways in which women writers have responded to these definitions The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers

Children and Childhood: Practices and Perspectives Chandni Basu,Vicky Anderson-Patton,2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 Concerns about children and childhood have emerged as part of public debate and discourse in the second half of the twentieth century Theoretical discourse surrounding childhood has been complimented by various development initiatives taken in different parts of the world and research has emerged as an important component of this focus which would carry forward the intellectual and other engagements concerning children and childhood This volume brings together diverse theoretical and practical deliberations on children and childhood from various parts of the world It explores conceptual understandings of childhood extending from historical perspectives to extreme expressions of negativity like childism An historical perspective illuminates the image and imagination of the child in various art forms The constructed connotation of childhood is portrayed through its cultural comparisons The close connection of childhood and institutions is explored through the projection and presence of children in schools and legal structures Diderot Studies Otis Fellows,1961 Les femmes de France: poètes et prostateurs, morceaux choisis avec une introduction des notices biographiques et littéraires et des notes philologiques, littéraires, historiques P. The Labor of the Mind Anthony J. La Vopa,2017-08-18 How did educated and cultivated men in early modern France and Britain perceive and value their own and women s cognitive capacities and how did women in their circles challenge those perceptions if only by revaluing the kinds of intelligence attributed to them What was thought to distinguish the manly mind from the feminine mind How did awareness of these questions inform various kinds of published and unpublished texts including the philosophical treatise the dialogue the polite essay and the essay in literary criticism The Labor of the Mind plumbs the social and cultural logic of the Enlightenment s trope of the manly mind offers new readings of the textual representations of it and examines the ways in which the trope was subverted or at least subtly questioned With close readings of the writings of well known and less familiar men and women including Poullain de la Barre The Third Earl of Shaftesbury Madeleine de Scud ry David Hume Antoine L onard Thomas Suzanne Curchod Necker Denis Diderot and Louise d Epinay and tracing their social networks and friendships Anthony J La Vopa explores the problematic opposition between mental labor as concentrated and sustained work a labor of abstraction and judgment for which only men had the strength and an aesthetic of effortless and tasteful play in polite conversation in which women were thought to excel Covering nearly a century and a half of cultural and intellectual life from France to England and Scotland and then back again La Vopa locates beneath the tenacity of assumed natural differences a lexicon imbued with ambivalence ambiguity and argument The Labor of the Mind reveals the legacy for modernity of a fraught gendering of intellectual labor Morceaux choisis des classiques français du XVIII.siècle Napoléon Maurice Bernardin,1884 *Morceaux choisis des classiques français du ... siècle* Bernardin,1887 Morceaux choisis Jean-Jacques Rousseau,1920 **Le Château de la Chevrette et Madame d'Épinay** Auguste Rey,1904 **Écriture et vie de société** Mélinda Caron,2017-08-28T00:00:00-04:00 *Femme des Lumi res*

Louise d'Épinay est surtout connue pour sa correspondance avec le diplomate napolitain Ferdinando Galiani de même que pour un long roman autobiographique et *Les conversations d'Émilie* un dialogue mère-fille traitant d'éducation. On sait moins qu'elle a été pendant trente ans la collaboratrice prolifique de la *Correspondance littéraire* l'un des plus importants périodiques clandestins de la deuxième moitié du XVIII^e siècle. L'analyse des pièces de cette femme d'esprit ayant circulé dans les feuilles manuscrites de Grimm et de Meister donne voir l'aura de la féminité dans la presse littéraire de l'Ancien Régime et la représentation de la relation ayant pris forme entre des lecteurs parisiens et leurs lecteurs princiers tenus au secret et dont le nombre n'a jamais excédé la douzaine d'abonnés. Ce livre le premier proposer une critique approfondie des écrits journalistiques et polémiques de madame d'Épinay offre une réflexion sur les pratiques d'écriture et les pratiques de socialité d'une femme de lettres et de son proche entourage sur leur influence réciproque mais aussi sur l'imaginaire du monde et du milieu philosophique qui fascinait l'Europe de l'époque. *Morceaux choisis, avec une introduction et des notes* Jean-Jacques Rousseau, Daniel Mornet, 1923 **Trésor littéraire des jeunes personnes**, 1842 *Choix de lettres du XVIII^e siècle* Gustave Lanson, 1897
