Killinger, 2005-05-30 Americans have a voracious appetite for Italy It remains a primary destination for travel art history cuisine and more Like no other source Culture and Customs of Italy engagingly explains the scope of Italy and Italians today to students and general readers in one volume As well this book provides the needed context to understand the enormous contributions of Italian Americans in shaping the cultural heritage and current popular culture of the United States It clearly summarizes the land people and history and relates the highlights of a culture that has excelled in so many areas such as food sports literature the arts architecture and design and cinema The powerful roles of religion and thought family and gender holidays leisure and media in Italian life are treated in depth in individual chapters as well Crucial regional aspects and historical framing of all topics add to the authoritativeness A chronology glossary photos and maps round out the coverage **Radical** Cindi Strauss, 2020-02-25 This essential survey of Italian Radical design a movement that interrogated modern living against the turbulent political climate of the 1960s is lavishly illustrated with new photography including rarely seen prototypes and limited production pieces Becoming couture Chiara Faggella, 2024-12-03 Becoming couture is the first book to examine the history of the Italian fashion industry during the global transition brought about by the Second World War It draws on a wide range of primary sources some of them newly unearthed to demonstrate that the Italian fashion industry in the Republican era continued to rely on business practices and professionals established during Fascism Analysing changes in promotional discourses and press coverage the book traces the shift that occurred when manufacturers were encouraged to expand their exports of accessories to include sportswear knitwear and moda boutique This ultimately led to the legitimisation of Italian dressmaking as creatively independent of French influences and therefore worthy of the label couture Italian Imprints on Twentieth-Century Architecture Denise Costanzo, Andrew Leach, 2022-05-19 Italian architecture has long exerted a special influence on the evolution of architectural ideas elsewhere from the Beaux Arts academy s veneration of Rome to modernist and postmodern interest in Renaissance proportion Baroque space and Mannerist ambiguity This book critically examines this enduring phenomenon exploring the privileged position of Italian architects architecture and cities in the architectural culture of the past century Questioning the deep rooted myth of Italy within architectural history the book presents case studies of Italy s powerful yet problematic position in 20th century architectural ideologies at a time when established Eurocentric narratives

are rightly being challenged It reconciles the privileged position of Italian architecture and design with the imperative to write history across a more global diverse heterogenous cultural geography Twenty chapters from distinguished international scholars cover subjects and architects ranging from Alberti to Gio Ponti Aldo Rossi Manfredo Tafuri Vittorio Gregotti cities from Rome and Venice to Milan and an array of international architects movements and architectural ideas influenced by Italy The chapters each question where how and why the disciplinary edifice of 20th century architecture its canon of built visual textual and conceptual works relied on Italian foundations examining where and how those foundations have become insecure Indispensable for students and scholars of both Italian and global architectural history Italian Imprints on Twentieth Century Architecture provides an opportunity to consider the architectural and urban landscape of Italy from substantially new points of view

Il Modo Italiano Montreal Museum of Fine Arts, 2006 Italian design marked a highly distinctive mark on the way that the form of objects is perceived in contemporary society Italian design has spanned the whole of the twentieth century leaving a highly distinctive mark on the way that the form of objects of everyday use is perceived in industrial and contemporary society This Italian way has succeeded through a complex and hesitant process of industrial innovation and technological updating in developing an independent and multifaceted culture of design capable of marrying the country s rich craft tradition with an often fiercely resisted aspiration to modernity made up of flashes of improvisation and irony and associated with an arduous bent for experimentation In this sense the history of Italian design has not yet been subjected to an exhaustive interpretation of the cultural and artistic dimensions of the phenomenon and in particular little has been said so far about the synergy between artistic experimentation and innovative design that has characterized it throughout the twentieth century The exhibition and this catalogue set out to offer a first overview of these links through an exploration of the different ways of seeing interpreting and representing industrial society in Italy on the

part of the architects artists and designers who lived through its emergence and who to some extent invented it The exhibition with around 400 works chosen from among the most representative of artistic research and the culture of design in Italy in the twentieth century is arranged chronologically with four sections that define the different periods in the philosophical economic and aesthetic discourse that has accompanied the recent history of art and design in Italy The survey brings to light the philosophies of design and the aesthetics that found a strong and dialectical expression right through the last century in Italy and that are at the root of the country's characteristic and lively cultural debate between art and design This catalogue is published in conjunction with *Il modo italiano Italian Design and Avant garde in the 20th Century* an exhibition produced by the Montreal Museum of Fine Arts in collaboration with the Royal Ontario Museum Toronto and the Mart Museo di Arte Moderna e Contemporanea di Trento e Rovereto Who's who in Italy, 2007 Un oceano di stile AA.
