Lyell Earle,1908 **God's Dinosaurs: A Biblical Study** Allen E. Nance, Jr.,2010-07-19 Since the first time evolution was suggested as an answer for explaining our existence a struggle has ensued Evolutionists struggle to prove themselves right Creationists struggle to prove evolutionists wrong and the accepted Biblical stories correct In both cases the concepts of the other party leave their own explanations incomplete In this work Allen serves to set the records straight He takes into account the words of God as they are actually written and the scientific explanations of the dinosaur bones The results are both intriguing and eye opening God created the dinosaur and all other life on earth However the true story may not be what you think This book is your guide to discovering the real truth as it has never been told **Foundations of our Faith** B. Lightsey,2019-08-14 I am part of a vast ocean of Christians that view the Word of God through a different set of eyes than those of many pastors professors and church staff members I have interest in the deep theology of scripture and recognize my need to be exposed to and covered by the Word of God similar to that of my called brothers in Christ Yet I want it delivered to me in a simple worker s language Recent translations have strived toward this end and have made headway Yet the finished product is still from scholars that often describe the original transcripts from a theological standpoint rather than a worker s standpoint The Eastern Standard Version ESV published in 2001 was written to carefully weigh accuracy against the original Hebrew Aramaic and Greek scrolls It stands as one of the better accepted of sound English Bible Translations Because of its wide acceptance I have used this translation for my resource I have certainly considered a host of opinions and writings of a host of scholars but my source of authenticity has always been God s Word In writing this book I strongly encourage our religious leaders to go back to the reading writing and arithmetic basics of God s Word Just as I believe we need to get back to the basics in educating our children in school in reading writing and arithmetic we also need to get back to the reading writing and arithmetic basics in educating God s people in church Perhaps such consideration is out of touch with the advanced theology of today As a layman not an ordained or seminary graduate I might be considered a doctrine dummy This book entitled Doctrine for Dummies is written for this vast ocean of people We are not dummy people but we are somewhat hindered in our study by deep theological doctrine This book tries to take us back to reading writing and arithmetic doctrine Dodge's Elementary Geography Richard Elwood Dodge,1906 **Evangelical Christendom** ,1849 Evangelical Christendom World's Evangelical Alliance,1849 *Normal Instructor and Primary Plans* ,1918 **The Sunday School Helper** ,1894
