**Conway, John F.**

## **Madness And Ruin Politics And The Economy In The Neoconservative Age:**

**Staples and Beyond** Mel Watkins, 2006-10-06 This collection brings together Watkins most important scholarly articles In *Staples and Beyond* Watkins addresses the staple thesis of Canadian economic and political development and in particular the effort to extend Harold Innis work by giving more explicit consideration to class relations and the role of the state He considers the historical nature of Canada's economic dependency in relation to tariff barriers foreign investment the multinational corporation and wide ranging free trade and investment agreements He also examines the evolution of economics and political economy as academic disciplines and reflects on the relationship between intellectual scholarship and political activism

Walter Gordon and the Rise of Canadian Nationalism Stephen Azzi, 1999-05-25 *Walter Gordon and the Rise of Canadian Nationalism* is an examination of the origins of Walter Gordon's nationalist ideology and its impact on Canada It traces his ideas from his family influences and the intellectual currents present in his early years to his work as a chartered accountant public servant and head of a small conglomerate Drawing on extensive interviews and impressive research Azzi provides not only a biography of an important political figure but a significant study of the political and intellectual controversies that Gordon and his ideas created shedding light on the larger political and economic questions of the postwar era

*Understanding Canada* Wallace Clement, 1997 As corporations are restructured governments cut back and the international economy transformed there is an increasing need to understand the economic and political forces involved evaluate their implications and develop strategies to modify them to meet society's interests In light of the current situation the study of political economy is more relevant than ever *Understanding Canada* examines a variety of topics from viewpoints ranging from the established to the interdisciplinary Issues such as gender Native peoples race ethnicity and migration globalization foreign policy the welfare state regulation communications popular culture and space and the environment are examined as are the more traditional subjects of economic growth resources and The new Canadian political economy has emerged from its infancy and is now regarded as a respected and innovative field of scholarship *Understanding Canada* furthers this tradition by focusing on current issues in an accessible and informative way

Contents Introduction Whither the New Canadian Political Economy Wallace Clement Economic Growth and Economic Crisis Canadian Capitalism Through the Ages Mel Watkins Toronto Resources and Manufacturing in Canada's Political Economy Wallace Clement and Glen Williams Carleton Labour in the New Canadian Political Economy Paul Philips Manitoba Gender at Work Canadian Feminist Political Economy after 1988 Meg Luxton York and Heather Jon Maroney Carleton Understanding What Happened Here The Political Economy of Indigenous Peoples Frances Abele Carleton The Political Economy of Race Ethnicity and Migration Daiva Stasiulis Carleton Going Global The Politics of Canada's Foreign Policy Mark Neufeld Trent and Sandy Whitworth York Re mapping Canada The State in the Era of Globalism Greg Albo York and Jane Jenson Montr al The New Political Economy of Regions Janine Brodie York The Challenges of the Quebec Question Paradigm and Counter Paradigm Daniel Sal e Concordia

Conway,2014-05-30 This one volume history chronicles a 150 year history of dramatic changes in fortune and attitudes in western Canada From the Riel Rebellions and the Winnipeg General Strike to the founding of the CCF Social Credit and Reform parties Canada s West has always been a hotbed of political social and economic change In the early twentieth century those calls for change emanated from the left as farmers and workers fought for social and economic justice In the past two decades the protests and calls for change emanated from the right as the region gained a new role for itself in Canada This history chronicles the rise and fall of such figures as Grant Devine Bill Vander Zalm Glen Clark Roy Romanow Stockwell Day and Lorne Calvert and the emergence of Stephen Harper and the federal Conservatives It describes how the West the political wellspring of progressive changes over the years has been transformed into the bastion of the right culminating in the virtual annihilation of the NDP in Saskatchewan the cradle of social democracy in Canada This is the updated fourth edition of John Conway s classic book originally published under the titleThe West     **Home Economics** Nandita Rani Sharma,2006-01-01 Home Economics is an urgent and much needed reminder that society must pay careful attention to how nationalist ideologies construct homelands that essentially leave the vast majority of the world s migrant peoples homeless     **Globalisation and its Discontents** John Wiseman,2000-06-13 Most analyses of globalization convey the message that it is an unstoppable force sweeping away national sovereignty and inevitably creating a brave new world of borderless and boundless consumerism In such a context politics and democracy become irrelevant This collection of essays develops a more critical and grounded analysis of the nature and implications of globalization Many of the contributions to this book conclude that there are real political choices to be made Even though the economic context has changed politics still matters     Continentalizing Canada Gregory J. Inwood,2005-01-01 Free trade has been a highly contentious issue since the Conservative government of Brian Mulroney negotiated the first deal with the United States in the 1980s Tracing the roots of Canada s contemporary involvement in North American free trade back to the Royal Commission on the Economic Union and Development Prospects for Canada in 1985 also known as the Macdonald Commission Gregory J Inwood offers a critical examination of the commission and how its findings affected Canada s political and economic landscape including its present day reverberations Using original research including content analysis interviews archival information and surveys of relevant literature Inwood argues that the Macdonald Commission created an atmosphere and political discourse that made the continentalization of Canada possible by way of free trade agreements with the U S and Mexico Through the use of a

suspect research program and with the aid of a select oligarchy within the Commission and the government bureaucracy opposition to continentalism from both the majority of the Canadian population and even several commissioners was ignored Accessible to readers interested in Canadian politics policy or economy Continentalizing Canada offers a thorough examination into the Macdonald Commission and the resulting discourse in the Canadian political economy **"Enough to Keep Them Alive"** Hugh Shewell, 2004-01-01 Enough to Keep Them Alive explores the history of the development and administration of social assistance policies on Indian reserves in Canada from confederation to the modern period demonstrating a continuity of policy with roots in the pre confederation practices of fur trading companies The Political, Historical, and Economic Aspects of the Canadian-American Free Trade Agreement John David Briley, 1994 *The West* Conway, John F., 2006 In time for Alberta's and Saskatchewan's 100th anniversary of Confederation political commentator and writer John Conway examines the unique way the West has shaped the rest of Canada The Riel Rebellions the Winnipeg General Strike the founding of the CCF Social Credit and Reform parties the struggle for provincial control of resources much of the impetus for political social and economic change in Canada has come from the West From pre Confederation to the present author John Conway himself a Westerner tells the story of the colourful and controversial figures who molded the region His lively history of the West and its peoples offers insight into the experience of Western Canadians and documents their contribution to Canadian economic and political life The third edition of this popular and successful history describes Stephen Harper's arrival on the political scene as well as the rise and fall of such figures as Grant Devine Bill Vander Zalm Glen Clark Roy Romanow and Stockwell Day It also describes how the West the cradle of Canadian social democracy was transformed into the bastion of the right during the last decade *The Political Economy of Canada* Michael Howlett, Alex Netherton, M. Ramesh, 1999 Debates on the role of the state and the viability of Canadian economic development are especially intense during periods of change such as the contemporary era of globalization In this completely revised updated and enlarged second edition of *The Political Economy of Canada* Professors Howlett Netherton and Ramesh outline the principal structural elements of the Canadian political economy and describe the importance of such factors as resources social class and international trade The authors stress the significance of political institutions at the national international and subnational levels that substantially affect the production and distribution of wealth Three chapters consider the strengths and weaknesses of major approaches to Canada's political economy the liberal and socialist theories as well as the staples approach pioneered by Harold Innis Subsequent chapters explore the structure and organization of and the interrelationships between the state labour and capital in Canada and show how their fragmented and decentralized nature limits the capacity of governments to manage a globalized economy The book outlines the history of the domestic political economy and examines how Canada is linked to the international political economy through the World Trade Organization and NAFTA Particular attention is devoted to the constraints imposed on the Canadian state by a market oriented resource

exporting economy and by growing reliance on US trade The final chapters examine monetary and fiscal management and industrial policy demonstrating how these policy arenas are shaped by ideology new globalizing and regionalizing constraints and the dis organization of the major policy actors      **Poverty** Professor John Dixon,John Dixon,David Macarov,2002-01-04 This book addresses the long standing global issue of poverty An introductory chapter explores concepts and definitions of poverty the subsequent chapters providing detailed examinations of poverty in ten different countries UK USA Australia Canada Hong Kong Ireland Malta The Netherlands The Philippines and Zimbabwe Each chapter follows a consistent format to facilitate comparison and focuses on the following issues the socio economic and historical context within which poverty exists the extent and nature of poverty its causes the measures that have been taken to mitigate it This book will be essential reading for students of social policy and administration as well as development studies and anthropology      Clothed in Integrity Barbara Paleczny,2006-01-01 Barbara Paleczny herself a daughter of garment workers tugs at the threads of homeworking in the garment industry to reveal a low wage strategy that rends the fabric of social integrity and exposes global trends The resurgence of sweatshops affects the working poor in both first and third world countries Paleczny assesses the responsibility of transnational retailers for unacceptable wages and working conditions and describes historic shifts in the global context of garment production After exploring systemic causes of poverty relevant policy setting and ethical foundations Paleczny introduces both short and long range possibilities for transformation emphasizing the collaborative nature of work Clothed in Integrity draws on feminist studies alternative economics and the ethical foundations proposed by Bernard Lonergan to fashion a constructive work in which Paleczny connects issues of societal meanings and values moral imperatives and economic feasibility With candour she shares personal stories of engagement in coalition work Those who dwell on this text will find information challenges and inspiration to nurture their reflection research dialogue and action      Canadian Books in Print. Author and Title Index ,1975      Interrogating the Social Fuyuki Kurasawa,2017-08-21 This book brings together a collection of work from emerging and established scholars who have put forth a vision of what critical sociology is and what it could be in the early decades of the 21st century Pushing beyond the theoretical outlines of sociological critique the authors demonstrate how critical sociology is practiced through conceptual innovation and empirical analyses interweaving the themes of society power and culture Interrogating the Social reinvents the project of critical sociology in two ways by reflecting upon society as an object of inquiry and by questioning the existing social order s self evident character and exclusionary effects In doing so it answers three related questions How should social relations and interactions be re thought today What new institutional and discursive configurations of power are emerging How do we make sense of contemporary cultural performances and movements This edited collection is suited to a w ide and diverse audience across the disciplines of sociology political science social and political theory and cultural studies      The Civil Sphere in Canada Jeffrey C. Alexander,Mervyn Horgan,2025-05-15 When activists advocates victims of injustice and ordinary

citizens seek to advance or block social justice and cohesion they draw on morally charged ideals But the wellsprings of solidarity in a society as diverse as Canada are complex and mutable The Civil Sphere in Canada analyzes the shifting meanings we attach to key social actors activities and institutions to reveal the dynamics of inclusion and exclusion that animate Canadian society Applying Jeffrey Alexander s groundbreaking civil sphere theory to Indigenous settler relations media scandals multiculturalism urban planning and personal relations contributors demonstrate that transformations in shared meaning must precede legislative and institutional change Profoundly harmful behaviours such as cultural appropriation sexual misconduct and even genocide may pass as routine for years before the public decides they are unacceptable breaches of civil order This superb collection ushers Canadian voices into a burgeoning international debate about the role of the civil sphere in effecting social justice

**Dismantling a Nation** Stephen McBride,1997    **The Canadian Forum** ,1996 Includes critical reviews    Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004
