**Literature And Spirit** David Patterson, 2021-03-17 If Bakhtin is right Wayne C Booth has said a very great deal of what we western critics have spent our time on is mistaken or trivial or both In Literature and Spirit David Patterson proceeds from the premise that Bakhtin is right Exploring Bakhtin's notions of spirit responsibility and dialogue Patterson takes his reader from the narrow arena of literary criticism to the larger realm of human living and human loving True to the spirit of Bakhtin he draws the Russian into a vibrant dialogue with other thinkers including Foucault Berdyaev Gide Lacan Levinas and Heidegger But he does not stop there He engages Bakhtin in his own insightful and unique dialogue meeting the responsibility and taking the risk summoned by dialogue Literature and Spirit therefore is not a typically cool and detached exercise in academic curiosity Instead it is a passionate and penetrating endeavor to respond to literature and spirit as the links in life's attachment to life The author demonstrates that in deciding something about literature we decide something about the substance and meaning of our lives Far from being a question of commentary or explication he argues our relation to literature is a matter of spiritual life and death The reader who comes before a literary text encounters the human voice And Patterson enables his reader to hear that voice in all its spiritual dimensions Unique in its questions and in its quest Literature and Spirit addresses an audience that goes beyond the ordinary academic categories It appeals not only to students of literature philosophy and religion but to anyone who seeks an understanding of spiritual presence and meaning in life Through his affirmation of what is dear Patterson responds to the needful question And in his response he puts the question to his audience Where are you Literature and Spirit thus speaks to those who face the task of answering Here I am

The Art of Anatheism Richard Kearney, Matthew Clemente, 2017-12-12 Theopoetics names the notion that the divine theos manifests itself as creative making poiesis. Anatheism expresses the attendant claim that this making takes the form of a second creation, re-creation or creation again, and where humanity and divinity collaborate in the coming of the Kingdom. The Art of Anatheism brings together philosophers, theologians and artists to open up the question of the relationship between artistic creation and the divine. The book asks the question: how can God happen again after the death of God? It answers it by proposing an art of anatheism which attends to the recreation and return of the divine through certain forms of literature, painting, liturgy, music and performance. Engaging students, scholars and interested readers across a wide range of disciplines: philosophy, theology, aesthetics, literary criticism, poetics, the volume includes contributions from both

practising artists and professional academics As such it brings together examples from ancient religious wisdom traditions and cutting edge contemporary cultural practices to suggest that the sacred is often most potent and persuasive when recreating the everyday world of our secular experience      *Woman's Art Journal* ,1980
