## **Madumo A Man Bewitched:**

**Madumo, a Man Bewitched** Adam Ashforth, 2020-05-21 No one answered when I tapped at the back door of Madumo's home on Mphahlele Street a few days after my return to Soweto so I pushed the buckling red door in a screeching grind of metal over concrete and entered calling Hallo So begins this true story of witchcraft and friendship set against the turbulent backdrop of contemporary Soweto Adam Ashforth an Australian who has spent many years in the black township finds his longtime friend Madumo in dire circumstances his family has accused him of using witchcraft to kill his mother and has thrown him out on the street Convinced that his life is cursed Madumo seeks help among Soweto's bewildering array of healers and prophets An inyanga or traditional healer confirms that he has indeed been bewitched With Ashforth by his side skeptical yet supportive Madumo embarks upon a physically grueling treatment regimen that he follows religiously almost to the point of death despite his suspicion that it may be better to Westernize my mind and not think about witchcraft Ashforth's beautifully written at times poignant account of Madumo's struggle shows that the problem of witchcraft is not simply superstition but a complex response to spiritual insecurity in a troubling time of political and economic upheaval Post apartheid Soweto he discovers is suffering from a deluge of witchcraft Through Madumo's story Ashforth opens up a world that few have seen a deeply unsettling place where the question Do you believe in witchcraft is not a simple one at all The insights that emerge as Ashforth accompanies his friend on an odyssey through Soweto's supernatural perils have profound implications even for those of us who live in worlds without witches

Whitehead, 2002-10-07 On the little known and darker side of shamanism there exists an ancient form of sorcery called kanaim a practice still observed among the Amerindians of the highlands of Guyana Venezuela and Brazil that involves the ritual stalking mutilation lingering death and consumption of human victims At once a memoir of cultural encounter and an ethnographic and historical investigation this book offers a sustained intimate look at kanaim its practitioners their victims and the reasons they give for their actions Neil L Whitehead tells of his own involvement with kanaim including an attempt to

kill him with poison and relates the personal testimonies of kanaim shamans their potential victims and the victims families He then goes on to discuss the historical emergence of kanaim describing how in the face of successive modern colonizing forces missionaries rubber gatherers miners and development agencies the practice has become an assertion of native autonomy His analysis explores the ways in which kanaim mediates both national and international impacts on native peoples in the region and considers the significance of kanaim for current accounts of shamanism and religious belief and for theories of war and violence Kanaim appears here as part of the wider lexicon of rebellious terror and exotic horror alongside the cannibal vampire and zombie that haunts the western imagination Dark Shamans broadens discussions of violence and of the representation of primitive savagery by recasting both in the light of current debates on modernity and globalization

**Magical Interpretations, Material Realities** Henrietta L. Moore, Todd Sanders, 2003-11-17 Magical Interpretations Material Realities brings together many of today's best scholars of contemporary Africa The theme of witchcraft has long been associated with exoticizing portraits of a traditional Africa but this volume takes the question of occult as a point of entry into the moral politics of some very modern African realities James Ferguson University of California USA These essays bear eloquent testimony to the ongoing presence and power of the occult imaginary and of the intimate connection between global capitalism and local cosmology in postcolonial Africa A major contribution to scholarship that aims to rework the divide between modernity and tradition Charles Piot Duke University USA This volume sets out recent thinking on witchcraft in Africa paying particular attention to variations in meanings and practices It examines the way different people in different contexts are making sense of what witchcraft is and what it might mean Using recent ethnographic materials from across the continent the volume explores how witchcraft articulates with particular modern settings for example the State in Cameroon Pentecostalism in Malawi the university system in Nigeria and the IMF in Ghana Sierra Leone and Tanzania The editors provide a timely overview and reconsideration of long standing anthropological debates about African witchcraft while simultaneously raising broader concerns about the theories of the western social sciences

**Death in a Church of Life** Frederick Klaitz, 2010-02-08 This deeply insightful ethnography explores the healing power of caring and intimacy in a small closely bonded Apostolic congregation during Botswana's HIV AIDS pandemic Death in a Church of Life paints a vivid picture of how members of the Baitshapi Church make strenuous efforts to sustain loving relationships amid widespread illness and death Over the course of long term fieldwork Frederick Klaitz discovered Baitshapi's distinctly maternal ethos and the spiritual kinship embodied in the church's nurturing fellowship practice Klaitz shows that for Baitshapi members Christian faith is a form of moral passion that counters practices of divination and witchcraft with redemptive hymn singing prayer and the use of therapeutic substances An online audio annex makes available examples of the church members preaching and song

**The New Faces of Christianity** Philip Jenkins, 2006-09-01 Named one of the top religion books of 2002 by USA Today Philip Jenkins's phenomenally successful The Next Christendom permanently changed the way people think about the

future of Christianity In that volume Jenkins called the world's attention to the little noticed fact that Christianity's center of gravity was moving inexorably southward to the point that Africa may soon be home to the world's largest Christian populations Now in this brilliant sequel Jenkins takes a much closer look at Christianity in the global South revealing what it is like and what it means for the future The faith of the South Jenkins finds is first and foremost a biblical faith Indeed in the global South many Christians identify powerfully with the world portrayed in the New Testament an agricultural world very much like their own marked by famine and plague poverty and exile until very recently a society of peasants farmers and small craftsmen In the global South as in the biblical world belief in spirits and witchcraft are commonplace and in many places such as Nigeria Indonesia and Sudan Christians are persecuted just as early Christians were Thus the Bible speaks to the global South with a vividness and authenticity simply unavailable to most believers in the industrialized North More important Jenkins shows that throughout the global South believers are reading the Bible with fresh eyes and coming away with new and sometimes startling interpretations Some of their conclusions are distinctly fundamentalist but Jenkins finds an intriguing paradox for they are also finding ideas in the Bible that are socially liberating especially with respect to women's rights Across Africa Asia and Latin America such Christians are social activists in the forefront of a wide range of liberation movements It's hard to overstate how interesting how eye opening how frequently surprising and sometimes disturbing Jenkins findings are Anyone interested in the implications of these trends for the major denominations for Muslim Christian conflict and for global politics will find *The New Faces of Christianity* provocative and incisive and indispensable *Email from Ngeti* James H. and journalism In *Pandemic Genres* Neville Hoad investigates how cultural production novels poems films around the pandemic supplemented public discourse From Botswana Kenya and South Africa he shows that the long historical imaginaries of race empire and sex underwrote all attempts to bring the pandemic into public representation Attention to genres that stage themselves as imaginary particularly on the terrain of feeling may forecast possibilities for new figurations
