violence they merge quietly into local life they keep themselves to themselves and when necessary use legitimate local actors such as lawyers and accountants to further their economic well being Allum has constructed a meticulous description and analysis of Camorra activities abroad To build accounts of the Camorra in Germany and the Netherlands France Spain and the United Kingdom she has interviewed investigating magistrates police officers and confessed criminals done substantial mining of Italian and European police data and made extensive use of judicial investigations court records and transcripts as well as of journalistic accounts The result is the first systematic analysis of the overseas activities of this major criminal organization
