Michael Richard Booth, Joel H. Kaplan, 1996-03-28 This book presents Edwardian entertainment and the Edwardian entertainment industry as parts of a vital turbulent era whose preoccupations and paranoias echo those of our own day Responding to recent shifts of attitude towards the Edwardians and their world the essays in this collection take as their province broad patterns of theatrical production and consumption focusing upon the economics of theatre management the creation of new audiences the politics of playgoing and the meteoric rise of popular forms of mass entertainment including musical comedy variety theatre and the cinema **Mack The Life** Lee Mack, 2012-09-27 His book is a joy to read full of homespun wisdom and hilarious asides Independent \_\_\_\_\_ Where do comedians come from Why is it that one person is a funny bloke down the pub while another actually makes a living by standing up in front of an audience telling jokes And where does all that material come from Well young Lee McKillop used to wonder that too \_\_\_\_\_

Growing up in his parents pub small and wiry in a world of bigger and chunkier specimens Lee quickly learned that cracking jokes was a way to get attention After a somewhat random series of jobs which included being Red Rum's stableboy and a bingo hall barman it was as a Great Yarmouth holiday camp entertainer that he had his first crack at telling jokes on stage It got him some laughs the sack and a punch in the face Now as Lee Mack he's one of our best loved and most successful comedians both as a live stand up and on television In Mack the Life Lee tells the story of how he got there and gives extraordinary insight into what really makes comics tick Hilarious and brilliant it's the kind of book which reminds you why you learned to read in the first place Nearly **The Kind Mama** Alicia Silverstone, 2014-04-15 When did making babies get to be so hard Infertility is on the rise globally affecting as many as one in six couples But instead of considering diet and lifestyle factors doctors pump their patients full of expensive and invasive fertility treatments Once pregnant women just accept that carrying a baby will be the gassy swollen irritable sleepless nightmare that has become the new normal and then assume that new motherhood will be just as challenging from breastfeeding woes to screaming fits It doesn't have to be that way In The Kind Mama Alicia Silverstone has created a comprehensive and practical guide empowering women to take
